

24 Month Lookahead: Upcoming Competitive Sealed Proposals (RFPs)

Status as of October 2025

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
NCMCCSG-CM	Construction Management Services for New Clove Pump Station (Staten Island): Rehabilitation of pump station electrical assets that are in poor physical and performance conditions including replacement of switchgears, MCCs, generator, outdoor substation and associated ducts and conduits; also includes evaluation of new SCADA system installation.	Q1/2026	Professional Services	\$10M - \$ 20M
CAT-506-CM	Construction Management Services for Watershed Wastewater Resource Recovery Facilities (Grahamsville, Grand Gorge, Margaretville, Pine Hill, and Tannersville): Replacement of rotating biological contactors to meet existing and new wastewater discharge requirements.	Q1/2026	Professional Services	\$5M - \$10M
CSO-FC-DF CM	Construction Management Services for Flushing Creek (Queens): Disinfect and de-chlorinate combined sewer overflows for outfalls TI-010 and TI-011 including new facilities to house equipment.	Q1/2026	Professional Services	\$5M - \$10M
RH-83 CM	Construction Management services for Red Hook Wastewater Resource Recovery Facility (Brooklyn): Replace pumps, motors, influent bar screens, dewatering system, and associated gates.	Q1/2026	Professional Services	\$10M - \$ 20M
Gowanus CSO OH CP3 CM	Construction Management Services for Gowanus Owls Head (Brooklyn): Construct above-grade structures and conveyance for 4MG retention tank to divert combined sewage overflow from Outfall OH-007 at Gowanus Canal per USEPA Superfund Record of Decision.	Q1/2026	Professional Services	\$20M - \$30M
CRO-655CM	DEP is seeking a vendor to perform On Call Construction Management Services for Projects throughout the Upstate Watershed for Mechanical, Electrical, Civil, Geotechnical and Structural Engineering projects.	Q1/2026	Professional Services	\$3M - \$5M
BWS-26-DES	Design Services RFP to Support BWS On-Call and BWS JOC Program Design Services	Q1/2026	Professional Services	\$1M - \$3M
MSP-VFD	Replacement of MSP VFDs at Manhattan Pump Station, Jamaica WRRF, Hunts Point WRRF	Q2/2026	Professional Services	\$5M - \$10M
DEP-LAB-DES	Design Services for DEP Lab Relocation. The Department of Environmental Protection is requesting the relocation of the laboratories located at Lefrak due to the ongoing issues with the building. This projects primary goal is to move various DEP lab departments from 96-05 Horace Harding Expressway to a new leased facility in Long Island city. The driving forces behind this move are the: the lease expiring at Horace Harding, the end of life of the existing equipment that requires significant capital expenditure to replace, the need to expand the lab space to meet mandated testing requirements, and to move to a facility that provides us more control and flexibility in how the space is built out, used and maintained.	Q2/2026	Professional Services	\$5M - \$10M
PS-290FM CM	Construction Management services for Conner Street Pump Station (Bronx): Construction of a new 24" 6,000' force main along Co-op City Boulevard and Baychester Avenue; remove old force main; and install new force main along the same route.	Q2/2026	Professional Services	\$5M - \$10M
CAT-523 CM	Construction Management Services for Walkill Blow-off Chamber (Gardiner): Replace four 54" blowoff gate valves with electrically-operated valves, upgrade electrical, improve site security and landscaping, refurbish chamber superstructure, and rehabilitate blow-off conduit outlet walls and slab.	Q2/2026	Professional Services	\$5M - \$10M

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
CRO-536 CM	Construction Management Services for Cross River and Croton Falls Dams (Bedford & Carmel):Improve dams by: dam refacing; address seepage; manage leakage from embankment; repair cracks and deteriorated concrete; install moitoring seepage equipment.	Q2/2026	Professional Services	\$10M - \$ 20M
CAT-475 CM	Construction Management Services for Gilboa Dam: Install high level outlet to release warmer water to Schoharie Creek preserving the cold water to be released to the Esopus Creek; remove crest gates; and replace dam concrete main valve chambers (2B, 13B & 15B).	Q2/2026	Professional Services	\$5M - \$10M
PS-290 CM	Construction Management services for Conner Street Pump Station (Bronx): Expand pump station from 11 MGD to 20 MGD including the construction of an interim pump station, allowing existing pump station to be demolished and a replacement constructed.	Q2/2026	Professional Services	\$5M - \$10M
HP-239A-CM	Construction Management Services for Hunts Point Wastewater Resource Recovery Facility (Bronx): Construct sludge thickening system and sludge storage tanks.	Q2/2026	Professional Services	\$25M - \$50M
CT3-CORR-MVC-CM	Construction Management Services for Corrosion remediation in the main valve chambers on City Tunnel No. 3.	Q2/2026	Professional Services	\$1M - \$5M
1649-ENG SVC	On-Call Engineering Planning and Preliminary Design Services	Q2/2026	Professional Services	\$3M-\$7M
NR-115 CM	Construction Management services North River Wastewater Resource Recovery Facility (Manhattan): Complete replacement of electrical distribution equipment in electrical substation Con Edison main breakers, 13kV switchgear, transformers, 5kV switchgear and re-cabling from switchgear to power centers; complete replacement of electric room 13 power centers.	Q2/2026	Professional Services	\$10M - \$ 20M
PS-293-CM	Construction Management services for Howard Beach Pump Station (Queens): Reconstruct pump station and replace the force main.	Q2/2026	Professional Services	\$5M - \$10M
HVR-200-CM-02	Construction Management services for Hillview Reservoir: restore the existing chambers, replace aging infrastructure, mprove operational flow-control, and repair the South Connecting Conduit.	Q2/2026	Professional Services	\$25M - \$50M
1648-PFAS	Laboratory to provide analysis of wastewater influents, effluents and biosolids to comply with regulatory needs.	Q2/2026	Professional Services	\$1M - \$5M
DB5-PS289-PSMRBHL	Request for Qualifications for Design-Build Services for Improvements to the 19th Street (Brooklyn) and Marble Hill (Manhattan) pump stations.	Q3/2026	Design-Build Services - RFQ	\$50M - \$100M
GI-P DESIGN-4	The capital project includes the use of multiple firms to design green infrastructure practices in various NYC Parks around the City. The design would include site visits, geotechnical investigations, and coordination with NYC Parks representatives. Preliminary NYC Park sites have been identified and it is anticipated that additional sites will need to be added during the life of the Design Contract. Project ID is 826 GI-P DESIGN-4	Q4/2026	Professional Services	\$5M - \$10M

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
GI-P DESIGN-5	The capital project includes the use of multiple firms to design green infrastructure practices in various NYC Parks around the City. The design would include site visits, geotechnical investigations, and coordination with NYC Parks representatives. Preliminary NYC Park sites have been identified and it is anticipated that additional sites will need to be added during the life of the Design Contract. Project ID is 826 GI-P DESIGN-5	Q4/2026	Professional Services	\$5M - \$10M
GI-P DESIGN-6	The capital project includes the use of multiple firms to design green infrastructure practices in various NYC Parks around the City. The design would include site visits, geotechnical investigations, and coordination with NYC Parks representatives. Preliminary NYC Park sites have been identified and it is anticipated that additional sites will need to be added during the life of the Design Contract. Project ID is 826 GI-P DESIGN-6	Q4/2026	Professional Services	\$5M - \$10M
CAT-213WR-DES	Design of Compensatory Wetlands for wetlands necessarily disturbed during construction of the Ashokan Century Program	Q4/2026	Professional Services	\$5M - \$10M
CSO-HR-DF CM	Construction Management services for Hutchinson River (Bronx): Construct hydraulic conduit to provide CSO storage capacity of 2.8 MG; provide floatables control through mechanical bar screens & underflow baffle-overflow weir system.	Q4/2026	Professional Services	\$10M - \$ 20M
CRO-594	Field investigation, evaluation, and design to mitigate the issues with the foundation drain system and management of the ground water at the UV facility site.	Q4/2026	Professional Services	\$20M - \$30M
CRO-636-CM	Construction Management Services for the repair of the Hillview Reservoir South Connecting Conduit under contract CRO-636.	Q4/2026	Professional Services	\$10M - \$ 20M
TBD	Construction Management Services in Connection with Miscellaneous Projects at Various BWT Locations, East Region	Q4/2026	Professional Services	\$10M - \$ 20M
TBD	Construction Management Services in Connection with Miscellaneous Projects at Various BWT Locations, South Region	Q4/2026	Professional Services	\$10M - \$ 20M
TBD	Construction Management Services in Connection with Miscellaneous Projects at Various BWT Locations, North Region	Q4/2026	Professional Services	\$10M - \$ 20M
HVR-400-DES	Design Services for Hillview Reservoir Cast-in-Place Concrete Tanks	Q4/2026	Professional Services	\$100M - \$500M
NR-GBT CM	Construction Management services for North River Wastewater Resource Recovery Facility (Manhattan): Replacement of existing primary sludge screens and thickening centrifuge with system capable of thickening primary and waste sludge up to 7% solids.	Q4/2026	Professional Services	\$5M - \$10M
CUSP-TUN	Comprehensive Urban Stormwater Planning Tunnels/Storage: long-term solution for stormwater management	Q1/2027	Professional Services	\$1M - \$5M
BWSOREI26	CM for Catch Basins, Emergency Construction Contracts including CSI Siphon Cleaning	Q1/2027	Professional Services	\$5M - \$10M
STAF AUG26	Staff Augmentation for BWSO Engineering Services	Q1/2027	Professional Services	\$5M - \$10M
CMRDREST	Construction Management Services for Roadway Restoration Contracts	Q1/2027	Professional Services	\$5M - \$10M
CUSP-PM	Program Management: Coordination and management of Contracts 2 and 3 (and pertinent existing contracts) to align efforts in establishing Level of Service, proposing Grey and Nature -Based solutions, developing a Capital Investment Plan and ultimately preparing a comprehensive Stormwater Master Plan (SWMP) for New York City	Q1/2027	Professional Services	\$5M - \$10M
BB-220 CM	Construction Management services for Bowery Bay Wastewater Resource Recovery Facility (Queens): Replacement of existing main electrical substation and emergency generators.	Q1/2027	Professional Services	\$10-\$20M
OH-123 CM	Construction Management services for Owls Head Wastewater Resource Recovery Facility (Brooklyn): Installation of new gravity belt thickeners, polymer system; installation of new secondary screens.	Q1/2027	Professional Services	\$5M - \$10M
CAT-213CM	Construction Management Services for three Ashokan Century Program construction contracts: CAT-213BWS-Bridge, CAT-213OBD, and CAT-213WR.	Q2/2027	Professional Services	\$50M - \$100M
NR-129 CM	Construction Management services for North River Wastewater Resource Recovery Facility (Manhattan): Replacement of main sewage pump system, force main, influent bar screens and plant SCADA control system.	Q2/2027	Professional Services	\$20M - \$30M

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
CS-NC-BAP CM	Construction Management services for Borden Avenue Pump Station (Queens): diversion of CSO from Outfall BB-026 to Borden Avenue pump station via a 54" gravity interceptor.	Q2/2027	Professional Services	\$5M - \$10M
DEL-359V-CM	Construction Management Services for Delaware Aqueduct: The Catskill and Delaware Interconnection Facility at Shaft 4 (CDIS4) is located in the Town of Gardiner and creates a connection between the Delaware and Catskill Aqueducts to facilitate transfer of water from the Delaware into the Catskill system of New York City's Water Supply. Replace existing 48" gate valves at Shaft 4; include hydro-electric generation with new gate valves; analyze and modify the SCADA system; improve facility for CDIS4 site.	Q3/2027	Professional Services	\$1M - \$5M
PR-139 CM	Construction Management services for Port Richmond Wastewater Resource Recovery Facility (Staten Island): Replacement of process air blowers and control system, evaluation of fogging/ventilation of the aeration tank building.	Q3/2027	Professional Services	\$5M - \$10M
