

## 24 Month Lookahead: Upcoming Competitive Sealed Proposals (RFPs)

Status as of April 2025

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
MSP-VFD	Replacement of MSP VFDs at Manhattan Pump Station, Jamaica WRRF, Hunts Point WRRF	Q3/2025	Professional Services	\$5M - \$10M
PS-BWSOB25	Resident Inspection Services to support various Bureau of Water and Sewer Operations Contracts, Manhole Hardware, Sewer Inspection and Cleaning, Emergency Construction Contracts etc....	Q3/2025	Professional Services	\$1M - \$5M
DEP-LAB-DES	Design Services for DEP Lab Relocation. The Department of Environmental Protection is requesting the relocation of the laboratories located at Lefrak due to the ongoing issues with the building. This projects primary goal is to move various DEP lab departments from 96-05 Horace Harding Expressway to a new leased facility in Long Island city. The driving forces behind this move are the: the lease expiring at Horace Harding, the end of life of the existing equipment that requires significant capital expenditure to replace, the need to expand the lab space to meet mandated testing requirements, and to move to a facility that provides us more control and flexibility in how the space is built out, used and maintained.	Q3/2025	Professional Services	\$5M - \$10M
OB-135-CM	Construction Management Services for the replacement of main sewage pump, screens, degritting equipment; provide National Fire Protection Association 820 compliance Oakwood Beach (Staten Island) Wastewater Resource Recovery Facility (WRRF)	Q3/2025	Professional Services	\$10M - \$ 20M
OH-88/112-CM	Construction Management Services for: Owls Head WRRF (Brooklyn) Rehabilitate final settling tanks (FST), replace collection system mechanism, replace aeration tanks (AT) diffuser system, and expand electric building facilities. Scope includes main sewage pump and force main replacement	Q3/2025	Professional Services	\$50M - \$100M
WI-298B-CM	Construction Management Services during Construction for WI-295B, which is installation of an Anamox Facility at Wards Island.	Q4/2025	Professional Services	\$5M - \$10M
CAT-452-CM	Construction Management Services for West of Hudson (WOH) Catskill Aqueduct Chambers Rehabilitation & Restoration. The Catskill Aqueduct, constructed between 1908-1915, conveys water from the Ashokan Reservoir to the City of New York. This contract will provide CM services for repairs and rehabilitation on the section of the Upper Catskill from the Ashokan Reservoir to Kensico Reservoir at six (6) of the existing chamber structures.	Q4/2025	Professional Services	\$5M - \$10M
R156-RO2-DB	Request for Qualifications for Design-Build services for the replacement and upgrade of the main sewage pumps and electrical distribution system at the Rockaway WRRF.	Q4/2025	Design-Build Services - RFQ	\$100M - \$500M
PS-BK-CM	Construction Managment services for the rehabilitation of the Paerdegat and Avenue U Pumping Station	Q4/2025	Professional Services	\$10M - \$ 20M
RH-3 CP-3 CM	Construction Management Services for: Red Hook Wastewater Resource Recovery Facility (WRRF), (Brooklyn) Gowanus Superfund;Construct above-grade structures and and conveyance for 8MG retention tank to divert CSO from Outfall RH-034 at Gawanus Canal as per UESPA Superfund Redcord of Decisions (ROD).	Q4/2025	Professional Services	\$20M - \$30M

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
PS-290FM CM	Construction Management services for a new 24" 6,000' force main along Co-op City Boulevard and Baychester Avenue.	Q4/2025	Professional Services	\$5M - \$10M
CAT-523 CM	Construction Management Services for: Replace four 54-inch blowoff gate valves with electrically-operated valves, upgrade electrical, improve site security and landscaping, refurbish chamber superstructure, and rehabilitate blow-off conduit outlet walls and slab	Q4/2025	Professional Services	\$5M - \$10M
CRO-536 CM	Construction Management Services for: Improve Cross River and Croton Falls dams (Bedford & Caramel), including downstream dam resurfacing off fascia; address seepage; manage leakage from embankment; repair cracks and deteriorated concrete; and monitor and investigate source of wet areas	Q4/2025	Professional Services	\$10M - \$ 20M
CAT-475 CM	Construction Management Services for: Gilboa Dam and Crest Gate Removal. Install High Level Outlet to release warmer water to Schoharie Creek and preserving the cold water to be released to the Esopus; remove crest gates; and replace dam concrete	Q4/2025	Professional Services	\$5M - \$10M
TRC-2	Facility Planning services to address compliance with total residual chlorine and enterococcus limits	Q4/2025	Professional Services	\$1M - \$5M
CAT-213WR-DES	Design of Compensatory Wetlands for wetlands necessarily disturbed during construction of the Ashokan Century Program	Q4/2025	Professional Services	\$5M - \$10M
NCMCCSG-CM	Design Services for New Pump Station in New Clove Road. This project includes rehabilitation of pump station electrical assets that are in poor physical and performance conditions at the New Clove Water Pump Station including replacement of switchgears, MCCs, generator, outdoor	Q1/2026	Professional Services	\$10M - \$ 20M
PS-290 CM	Construction Management services for the replacement of the Conner Street Pump Station. The station is being expanded from 11 MGD to 20 MGD.	Q1/2026	Professional Services	\$5M - \$10M
DEL-359V-CM	Construction Management Services During Construction for Shaft 4 Gate Valve Replacements. The Catskill and Delaware Interconnection Facility at Shaft 4 ("CDIS4") is located in the Town of Gardiner and creates a connection between the Delaware and Catskill Aqueducts to facilitate transfer of water from the Delaware into the Catskill system of New York City's Water Supply. This project will provide Construction Management services for the replacement of four main elements of the CDIS4 including but not limited to: removal and replacement of the 48-inch gate valves; Hydroelectric Generation; Analysis and Modifications to the CDIS4 SCADA System and CDIS4 Facility Improvements	Q1/2026	Professional Services	\$1M - \$5M
DRNG-CW-III	Citywide analysis of existing drainage systems/preparation and design of drainage plans	Q2/2026	Professional Services	\$5M - \$10M
BWSOREI26	CM for Catch Basins, Emergency Construction Contracts including CSI Siphon Cleaning	Q2/2026	Professional Services	\$5M - \$10M
STAFUG26	Staff Augmentation for BWSO Engineering Services	Q2/2026	Professional Services	\$5M - \$10M
CMRDREST	Construction Management Services for Roadway Restoration Contracts	Q2/2026	Professional Services	\$5M - \$10M
CAT-506-CM	Construction Management Services for RBC Replacement at various Watershed Wastewater Resource Recovery Facilities. The Grahamsville, Grand Gorge, Mahopac, Margaretville, Pine Hill, and Tannersville Wastewater Resource Recovery Facilities have aging processes. DEP needs to ensure their continued function to meet existing and new wastewater discharge requirements. The RBCs are essential in plant function as they are used to remove BOD and NH3 in the treatment process. DEP's Bureau of Water Supply seeks to maintain RBCs and not move to the Membrane bio reactor process. Replacement of this equipment will assure compliance with SPDES permits, Filtration Avoidance Determination obligations, and mayoral directives on waste and energy, and water quality standards for decades into the future.	Q2/2026	Professional Services	\$5M - \$10M
CSO-FC-DF CM	Construction Management Services for: Flushing Creek, (Queens) Disinfect and de-chlorinate combined sewer overflows for outfalls TI-010 and TI-011 including new facilities to house equipment	Q2/2026	Professional Services	\$5M - \$10M

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
HP-239A-CM	Construction Management Services for construction of sludge thickening system, sludge storage tanks & gas holder tank at Hunts Point Wastewater Resource Recovery Facility (Bronx).	Q2/2026	Professional Services	\$25M - \$50M
CAT-213CM	Construction Management Services for three Ashokan Century Program construction contracts: CAT-213BWS-Bridge, CAT-213OBD, and CAT-213WR.	Q2/2026	Professional Services	\$50M - \$100M
CT3-CORR-MVC-CM	Construction Management Services for Corrosion remediation in the main valve chambers on City Tunnel No. 3.	Q2/2026	Professional Services	\$1M - \$5M
1649-ENG SVC	On-Call Engineering Planning and Preliminary Design Services	Q2/2026	Professional Services	\$3M-\$7M
SWMP1PGMG	Program Management: Coordination and management of Contracts 2 and 3 (and pertinent existing contracts) to align efforts in establishing Level of Service, proposing Grey and Nature -Based solutions, developing a Capital Investment Plan and ultimately preparing a comprehensive Stormwater Master Plan (SWMP) for New York City	Q3/26	Professional Services	\$5M - \$10M
NR-115 CM	Construction Management services for a partial upgrade of the North River WRRF electrical distribution system	Q3/2026	Professional Services	\$10M - \$ 20M
RH-83	Construction Management Services for the upgrade of the Owls Head WRRF headworks. Work includes replacement of the main sewage pumps, influent bar screens, and raw sewage force main	Q3/2026	Professional Services	\$10M - \$ 20M
ID21-PUMP	Rehabilitation of Various Pump Stations damaged due to Hurricane Ida. This project is to provide preliminary design and design services for the rehabilitation of various pumping stations that were damaged by Hurricane Ida.	Q3/2026	Professional Services	\$5M - \$10M
OH007 CP-3 CM	Construction Management Services for: Owls Head WRRF, (Brooklyn) Gowanus Superfund; Construct above-grade structures and conveyance for 4MG retention tank to divert CSO from Outfall OH-007 at Gowanus Canal per USEPA Superfund Record of Decision.	Q3/2026	Professional Services	\$20M - \$30M
CSO-HR-DF CM	Construction management services for the construction of hydraulic conduit to provide CSO storage capacity of 2.8 MG; provide floatables control through mechanical bar screens & underflow baffle-overflow weir system.	Q3/2026	Professional Services	\$10M - \$ 20M
CRO-604	The execution of CRO-604 will allow for a safer and more efficient environment for the operators at the Croton Filtration Plant. The projects are considered critical to allow staff at the Croton Filtration Plant to complete their jobs in order to maintain reliable and constant operation of a facility for millions of New Yorkers that rely upon for water.	Q4/2026	Professional Services	\$5M - \$10M
CRO-570	The project involves the construction of a new Field Operations Shop at the Dunwoodie Fluoride Site. The project will re-purpose the existing Dunwoodie Fluoride. Building as part of the design. The structure will include vehicle bays, a vehicle wash station, offices, storage, and communal spaces.	Q4/2026	Professional Services	\$20M - \$30M

Contract #	Description	Anticipated Release: Quarter / Year	Procurement Type	Cost Range
CRO-594	Field investigation, evaluation, and design to mitigate the issues with the foundation drain system and management of the ground water at the UV facility site.	Q4/2026	Professional Services	\$20M - \$30M
DEL-415	Replacement of the following valves at the East Delaware Release Chamber to ensure DEPs continued compliance with mandated releases under the the Supreme Court Decree and drawdown abilities related to NYSDEC dam safety requirements: two (2) 42" dia cone valves and two (2) 60" butterfly valves located on the north and south line within the valve chamber of the EDRC in Downsville. The 2 cone valves require replacement to isolate the polyjet regulating Valves. The butterfly valves require replacement due to lack of closure & leakage. Also included will be replacement of the Polyjet Valve Actuators and the 20" Gate Valve on the Conservation Line.	Q4/2026	Professional Services	\$20M - \$30M
HVR-500	The Bureau of Police and Security's primary objective is the protection of NYC Water Supply Assets. The area of Southern Westchester includes critical assets that re of the highest priorit of safeguard. Currently, the Police have been working out of an inadequate and deteriorated tempory trailer complex located at the Hillview Reservoir. Due to upcoming major construction projects, security will be an even greater concern. The current trailer complex is not ideal fro the siting of a permanent precinct, due to the planned constuction and for security reasons. The business case establishes the criticality and urgency of implementing this projects.	Q4/2026	Professional Services	\$20M - \$30M
PS-293-CM	Construction Management Services for the Reconstruction of Howard Beach Pumping Station. This project completes consists of the rehabilitation of the Howard Beach Pumping Station. Renewal and Replacement of Assets at the Howard Beach Pumping Station includes the force main downstream of the station, emergency generator connection, level monitoring system, Main	Q4/2026	Professional Services	\$5M - \$10M
HVR-200-CM-02	Construction Management Services during Construction for HVR-230, which succeeds the Hillview Reservoir Chemical Addition Facilities (HVR-210) Project, will restore the existing chambers, replace aging infrastructure, and improve operational flow-control at Hillview Reservoir.	Q4/2026	Professional Services	\$25M - \$50M
CRO-636-CM	Construction Management Services for the repair of the Hillview Reservoir South Connecting Conduit under contract CRO-636.	Q4/2026	Professional Services	\$10M - \$ 20M
BT-3-CM	Construction Management Services for the Rondout-West Branch Bypass Tunnel Connection (BT-3)	Q4/2026	Professional Services	\$10M - \$ 20M
TBD	Construction Management Services in Connection with Miscellaneous Projects at Various BWT Locations, East Region	Q4/2026	Professional Services	\$10M - \$ 20M
TBD	Construction Management Services in Connection with Miscellaneous Projects at Various BWT Locations, South Region	Q4/2026	Professional Services	\$10M - \$ 20M
TBD	Construction Management Services in Connection with Miscellaneous Projects at Various BWT Locations, North Region	Q4/2026	Professional Services	\$10M - \$ 20M
