Instructions for Installation of Private Water Mains

- I. REQUIREMENTS AT FILING:**
 - A.** Letter of approval from: **N.Y.C. Fire Department**
 - B.** Review and Inspection fee check made to **NYC Water Board**.
 - C.** Six (6) plot plans showing buildings, street lines, proposed and existing water mains.
 - D.** Two approved paving plans.
- II. REQUIREMENTS BEFORE INSTALLATION:**
 - A.** Curbs must be installed at legal line and grade before water main is installed. In lieu of curbs, owner may have licensed surveyor install curb stakes; owner to assume full responsibility for line and grade.
 - B.** Street must be graded to approved Department of Transportation elevations and free of all obstructions.
- III. RESPONSIBILITY:**
 - A.** Applicant understands that it is his responsibility to re-submit for approval of any portion of water main that is not installed within 2 years of approval of this application.
 - B.** Costs of correcting any error will be applicant's responsibility.
- IV. UPON COMPLETION OF WORK:**
 - A.** Builder must submit six (6) As-built sketches showing all pipe lengths, fittings and valves along with their locations, sizes, cover and class of pipes including distances from building and curbs.
