Rev. 3//2017

THE CITY OF NEW YORK DEPARTMENT OF ENVIRONMENTAL PROTECTION

Bureau of Environmental Compliance 59-17 Junction Boulevard, 9th Floor, Flushing, New York 11373 Records Control (718) 595–3855

Opacity Certification Form

Application ID					
Manufacturer & Mod	del			Serial Number	
Capacity (KW)		Model Year		Fuel Type	
Check One:					
☐ I certified that this is a newly installed generator and is equipped with an engine certified to the Tier IV emissions standards. Smoke test requirements are not required under 24-109 (c) (2) (iii) but will be required upon renewal of such registration.					
□ I certified that the generator smoke test has complied with the smoke test requirements under 24-109 (c) (2) using Method 9 - Visual determination of the opacity of emissions from stationary sources, Appendix A-4 to part sixty of title forty of the code of federal regulations. The test results met the requirement of less than 20 percent for any two consecutive minutes in any 60-minute period using Method 9. (Attached is Method 9 Certification Form and EPA Visible Emission Observation Form)					
I certified that the generator smoke test has complied with the smoke test requirements under 24-109 (c) (2) using Method 5 stack test and certified by a professional engineer or registered architect. The test results met the requirement of Tier IV PM (particulate) standard using Method 5. (Attached is the Method 5 Stack Test Results)					
I certify that there are no visible emissions and Method 9 or Method 5 cannot be performed for the following reasons (Must be a physical impediment to fully performing the test, but the test must be performed to the best of the applicant's ability despite the limitation):					
I hereby affirm under true to the best of my		• •	formation	provided on this f	orm and attachments is
PE Name		Signature			Date

Important: Owner will keep records of the passed smoke test for a minimum of 5 years.
