

CHAPTER 10:
IRREVERSIBLE AND IRRETRIEVABLE COMMITMENT
OF RESOURCES

The proposed Extended LAP would not require the construction of any new facilities. Natural resources including water resources and habitats would be preserved. Resources that would be used for the program would be for purchases of land and operation and maintenance purposes including the human effort required to plan and implement the program. These resources are considered irretrievably and irreversibly committed. No potential significant irreversible and irretrievable resources impacts are expected.
