BOG BROOK

Dam and Spillway area:

The restricted area encompasses the dam and spillway structures located on the southernmost end of the reservoir and extends north along the western shoreline approximately 4,000 feet. Boaters are required to stay back 500 feet from these structures. The restricted area also includes the shoreline between the two visible structures.

General Restrictions:

- *Please stay back 500' from all buildings and water supply structures*
- *No floating booms or structure shall be crossed, and if present, shall serve as a marker for restricted areas.*
- *No trespassing on islands*
