

It's as easy as...

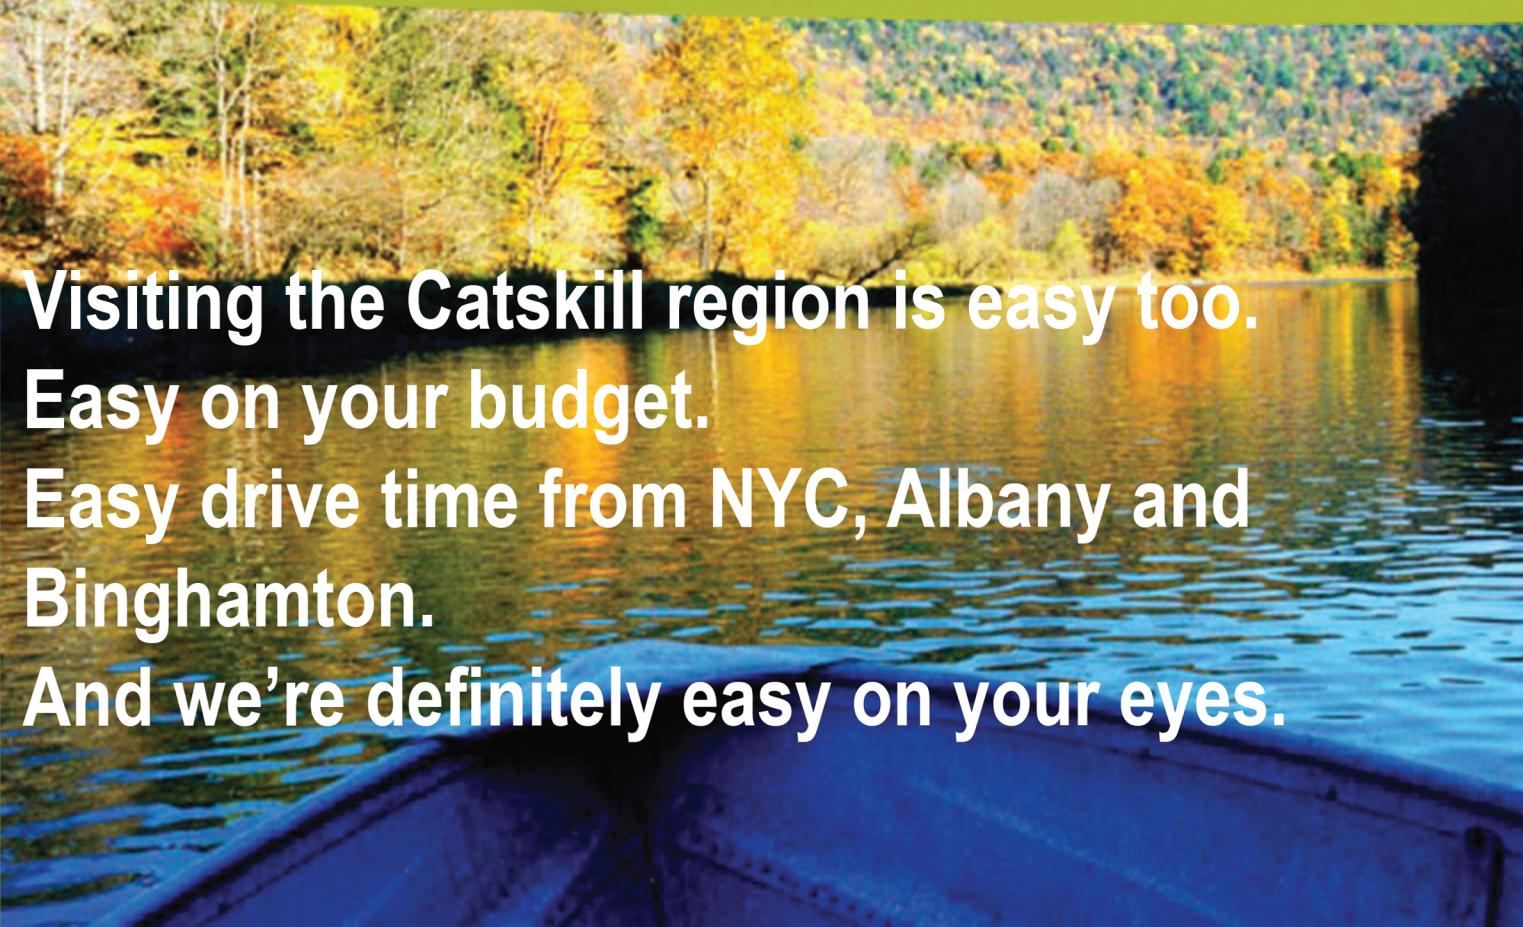

1. Pick a reservoir and get a free DEP Access Permit available at [www.nyc.gov/dep/accesspermit](http://www.nyc.gov/dep/accesspermit)

2. Get your boat steam cleaned and receive your Recreational Boat Tag at one of our designated vendors.

3. Bring your boat down to the reservoir.

4. Put on your life vest and have fun! Be safe!

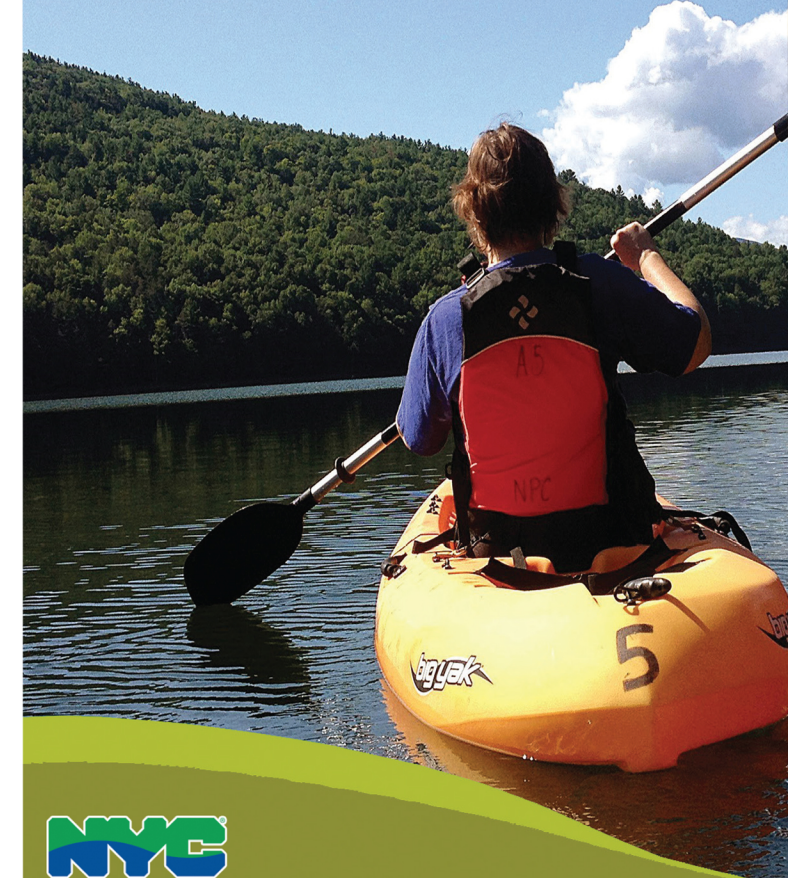

Visiting the Catskill region is easy too.  
Easy on your budget.  
Easy drive time from NYC, Albany and Binghamton.  
And we're definitely easy on your eyes.

\*An extended season may be offered in 2019. Please visit [www.cwconline.org/reservoir-boating](http://www.cwconline.org/reservoir-boating) for updated information and season dates.

#### A few words about eagles

The NYC reservoir system has some of the highest bald eagle nesting densities in New York State. These reservoirs are critical habitat for the bald eagles nesting there, and are protected under State and Federal regulations. Disturbance of eagles or their essential behaviors is illegal, and has associated penalties. Please do your part in the continuing recovery of our American symbol by enjoying the opportunity to watch the eagles' activities from a distance greater than 350 feet, avoiding making loud noises, and respecting any signage that has been placed indicating Restricted Areas; For more information on eagles contact NYSDEC Wildlife at (518) 357-2071.

#### Boat Steam Cleaning

All boats must be steam cleaned prior to being placed on the reservoir in order to help prevent the introduction of zebra mussels and other aquatic invasive species which can negatively impact DEP's water supply infrastructure and water quality. At the time of steam cleaning, all boats will be inspected for aquatic invasive species as well. (Visit [www.catskillinvasives.com](http://www.catskillinvasives.com) for more information.)

Boat steam cleaning services are provided for a fee by vendors listed in the interior of this brochure. In addition to obtaining your temporary or seasonal DEP Recreational Boat Tag after steam cleaning, you can also get your DEP Access Permit at these locations, or at [www.nyc.gov/dep](http://www.nyc.gov/dep).

You don't have to own a boat to enjoy the reservoirs. Several boat rental vendors located in proximity to the reservoirs, are ready and willing to rent kayaks and canoes for day use. They, too are listed inside this brochure. These vendors may have other supplies such as bait, tackle and snacks. They are there to help you enjoy your time on the water and off! It is wise to call ahead for hours of operations.

#### Welcome to the Catskills, an outdoor recreation paradise!

The Catskill Mountain region encompasses six counties (Delaware, Greene, Schoharie, Sullivan, Ulster and southern Albany) and 6,000-square miles in southeastern New York State. The state-designated Catskill Park (the area within the "blue line" of many maps of the region) is a patchwork of public and private lands stretching over 700,000 acres, 40% of which is preserved as "forever wild" –the Catskill Forest Preserve.

A major feature of the region is the 1600-square mile New York City Watershed. Six major reservoirs in the region provide 90% of New York City's water supply. It is the largest unfiltered water supply in the U.S., providing 1.1 Billion gallons of clean water each day to 9.6 million people, nearly half the population of New York State.

Four of those reservoirs – Cannonsville, Neversink, Pepacton and Schoharie – are open to non-motorized recreational boating. A quiet paddle here offers scenic views, great birdwatching opportunities and wildlife sightings.

Fishing, biking and hiking are other popular activities in this region. Consult the following websites for information and accommodations, events and attractions.
