CERTIFICATE 28869

RESOLVED That the Design Commission, having considered a proposal for the installation of an artwork by Jazmine Hayes, Brownsville Youth Empowerment Center and Community Hub, 444 Thomas S. Boyland Street between East New York Avenue and Pitkin Avenue, Brooklyn, submitted by Department of Design and Construction and the Department of Cultural Affairs' Percent for Art Program, represented by exhibits 7610-W, X, Y & Z of record in this matter, hereby gives to the same unanimous conceptual approval with the understanding that the artist will (1) consider the possibility of adding a written interpretation of the artwork when designing the signage and (2) continue to explore the materiality and installation methods for the cowry shell sculpture to consider long-term maintenance and ensure its longevity. The Commission commends the design.

Conceptual approval is conditioned upon submission of this project for preliminary review and approval before June 18, 2026.

A true copy of resolution adopted by the Design Commission at its meeting on June 18, 2024.

CERTIFICATE 28870

RESOLVED That the Design Commission, having considered designs for the reconstruction of Canarsie Branch Library, 1580 Rockaway Parkway, Brooklyn, submitted by the Brooklyn Public Library, represented by exhibits 7411-E, F, G, H & I of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that the team will provide an interim submission before returning for final review that includes (1) confirmation that Brooklyn Public Library has coordinated the artwork with the Department of Cultural Affairs' Percent for Art team, in accordance with the Percent for Art program requirements; (2) physical samples of the façade and screening materials; (3) a comprehensive review of the proposed black locust wood pavers and permeable joint filler, including (a) examples of their use within a busy, urban public realm with major climate concerns and (b) alternative paving materials, in case sufficient evidence of their use in a similar setting does not exist; and (4) studies of the entry walkway, including (a) use of a material that increases friction and slip resistance, (b) a single, even slope along the full length of the ramp, and (c) the addition of a handrail to further improve access and comfort for people of all abilities.

Preliminary approval is conditioned upon commencement of work before June 18, 2026 and submission of this project for final review and approval.

A true copy of resolution adopted by
the Design Commission at its meeting
on June 18, 2024.
