29854

RESOLVED That the Design Commission, having considered designs for the construction of an open space under the ramps to the Ed Koch Queensborough Bridge, Dutch Kills Street between Jackson Avenue and the Long Island Rail Road, Long Island City, Queens, submitted by the Department of Transportation, represented by exhibits 61-DK, DL, DM & DN of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that, when returning for final review, the team will provide (1) details for the drainage proposal, including data on the composition and quality for the water coming from the downspouts; (2) a detailed maintenance plan; and (3) the proposed strategy for site security, including the plan for after-hours. Commissioners also note that any significant changes to the design should be submitted for review in advance of a final submission.

Preliminary approval is conditioned upon submission of this project for final review and approval before December 16, 2026.

A true copy of resolution adopted by
the Design Commission at its meeting

RESOLVED That the Design Commission, having considered designs for the construction of the Soundview Park Recreation Center, Soundview Park, Lafayette Avenue between Morrison Avenue and Metcalf Avenue, Bronx, submitted by the Department of Design and Construction and the Department of Parks & Recreation, represented by exhibits 2419-HZ, IA, IB, IC & ID of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that, in an interim submission before returning for final review, the team will (1) clarify the proposed materials for the building, including by (a) studying the reflectivity of the metal panels for the upper levels and (b) providing physical material samples; (2) provide a planted buffer between the parking lot fencing and the surrounding pedestrian and recreation spaces; (3) study further integrating the NYC Parks signage with the architecture; and (4) per standard procedure for the Percent for Art component, allow the selected artist further flexibility in siting the artwork, noting that the Design Commission discourages design teams from prescribing artwork locations and mediums.

Preliminary approval is conditioned upon submission of this project for final review and approval before December 16, 2026.

RESOLVED That the Design Commission, having considered designs for the reconstruction of the 79th Street Boat Basin, including the construction of a boathouse, Riverside Park and the Hudson River between 80th Street and 73rd Street, Manhattan, submitted by the Economic Development Corporation and the Department of Parks & Recreation, represented by exhibits 2287-MG, MH, MI, MJ & MK of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that, when returning for final review, the team will simplify the guardrail typologies of the site design to complement the building and allow its architectural expression to take precedence.

Preliminary approval is conditioned upon submission of this project for final review and approval before December 16, 2026.

A true copy of resolution adopted by the Design Commission at its meeting on December 16, 2024.
