

April 27, 2009

CERTIFICATE 23181

RESOLVED That the Design Commission, having considered designs for the rehabilitation of the Shaft 9 gatehouse and adjacent site work, New Croton Aqueduct, Sleepy Hollow, Westchester County, submitted by the Department of Environmental Protection, represented by exhibits 6702-D, E, F, G & H of record in this matter, hereby gives to the same final approval with the understanding that the Commission would have preferred the Department of Environmental Protection to preserve the storage building at this site, but understands that the structure is no longer stable and appreciates that the salvaged stone will be reused for the splash blocks at this and the Shaft 11A, 18 and 23 sites.

Final approval is conditioned upon commencement of work before April 27, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.
