

June 8, 2009

CERTIFICATE 23486

RESOLVED That the Design Commission, having considered designs for the installation of signage, Phase IB, High Line elevated rail line, Gansevoort Street to West 20th Street between Ninth Avenue and Eleventh Avenue, Manhattan, submitted by the Department of Parks & Recreation, represented by exhibits 6640-AW & AX of record in this matter, hereby gives to the same unanimous preliminary and final approval.

Final approval is conditioned upon commencement of work before June 8, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

A true copy of resolution adopted by
the Design Commission at its meeting
on June 8, 2009.

CERTIFICATE 23517

RESOLVED That the Design Commission, having considered designs for the replacement of entry doors, Flushing Community Library, 41-17 Main Street, Queens, submitted by the Queens Library, represented by exhibits 2024-AW, AX, AY & AZ of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that the original doors could not withstand the use, given the high volume of library users, and could not be replaced in-kind with minor modifications to the installation specifications (which the Commission would have preferred, finding the frameless design preferable to the existing), as they would require a closer and saddle in the base of each door, which would be susceptible to the accumulation of debris and water that would accelerate wear and failure, and require complete removal of the doors for maintenance.

Final approval is conditioned upon commencement of work before June 8, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.

CERTIFICATE 23550

RESOLVED That the Design Commission, having considered designs for the rehabilitation and stabilization of the Division of Facilities Management and Construction (DFMC) shops, 390 Kent Avenue, Brooklyn, submitted by the Department of Citywide Administrative Services, represented by exhibits 6962-A, B, C & D of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that (1) the vinyl address numbers match the Gotham font and proportions of the existing "City of New York" lettering; and (2) repointing the entire building to fully address the uneven mortar coloration as well as relocating the electrical conduits to the building interior will be pursued in a future contract.

Final approval is conditioned upon commencement of work before June 8, 2011 and submission of a minimum of three (3) 8" x 10" color archival-quality photographs of the completed project.
