May 14, 2012

CERTIFICATE 24448

RESOLVED That the Design Commission, having considered designs for the reconstruction of Roberto Clemente Plaza, Third Avenue, East 147th Street, East 149th Street and Willis Avenue, Bronx, submitted by the Department of Design and Construction and the Department of Transportation, represented by exhibits 5722-S, T, U & V of record in this matter, hereby gives to the same unanimous final approval subject to confirmation from the Department of Cultural Affairs' Percent for Art program of (1) whether Lewis deSoto is still available, given that a new contract between the Department of Design and Construction and the artist could take several months, and (2) if he is not, whether another artist will be selected, how that artist will be selected and in what timeframe since the plaza is going into construction. The Commission notes that, if Mr. deSoto is not proceeding with his piece, its foundation should be removed from the construction documents.

Final approval is conditioned upon commencement of work before May 14, 2014 and submission of comprehensive photographic documentation of the completed project consisting of 8" x 10" archival-quality color photographs.

CERTIFICATE 24450

RESOLVED That the Design Commission, having considered designs for the construction of a total residual chlorine reduction building, Coney Island Waste Water Treatment Plant, 2591 Knapp Street, Brooklyn, submitted by the Department of Environmental Protection, represented by exhibits 1928-DT, DU & DV of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that (1) the wire mesh will be eliminated; (2) the ribbed profile siding will be grey, instead of blue, and extend down as far as possible to the ground; (3) the CMU will remain grey; (4) the top railing will be eliminated, and the ribbed profile will be extended upward to form a "rail"; and (5) revised drawings reflecting these changes will be submitted for review by the committee prior to developing final drawings. Approval is also given with the understanding that the Department of Environmental Protection is currently working with Ned Smyth to restore his Percent for Art piece, *Wave Wall in Green*.

Preliminary approval is conditioned upon submission of this project for final review and approval before May 14, 2014.

Jackie Snyder
Executive Director

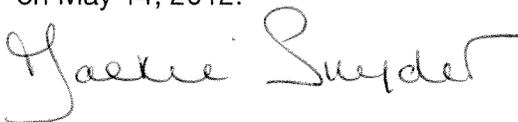

May 14, 2012

CERTIFICATE 23893

RESOLVED That the Design Commission, having considered designs for the restoration of a wetland and adjacent site work, Spuyten Duyvil Creek, West 218th Street and Indian Road, east of Inwood Hill Park and west of Columbia University's Baker Athletics Complex, Manhattan, submitted by the Department of Parks & Recreation, represented by exhibits 741-CM, CN, CO, CP & CQ of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that (1) a light-colored aggregate will be added to the asphalt; and (2) the lighting will be turned off when the park is closed to promote the sensitive wildlife habitat. The Commission notes that it does not support the high light levels, but understands that it is required. The Commission commends the presentation.

Final approval is conditioned upon commencement of work before May 14, 2014 and submission of comprehensive photographic documentation of the completed project consisting of 8" x 10" archival-quality color photographs.
