Jackie Snyder
Executive Director

July 15, 2013

CERTIFICATE

24804

RESOLVED That the Design Commission, having considered designs for the reconstruction of the Riegelmann Boardwalk, Phase II, Brighton 15th Street to Coney Island Avenue, Brooklyn, submitted by the Department of Parks & Recreation, represented by exhibits 1170-IP, IQ, IR & IS of record in this matter, hereby gives to the same unanimous final approval subject to further study by the Parks Department of the concrete substructure in order to increase its porosity.

The Commission also gives its approval with the understanding that the Parks Department will (1) use high-friction coefficient recycled plastic lumber (RPL) with a 10' concrete carriage lane on Riegelmann Boardwalk moving forward, noting the importance of a consistent aesthetic treatment; and (2) if the slip resistance proves effective for non-vehicular uses, test the RPL for vehicular use with the goal of eliminating the concrete carriage lane altogether.

The Commission also encourages the Parks Department to continue to work with RPL manufacturers to improve/test slip resistance as well as explore other sustainable materials for boardwalks, as they are developed.

Final approval is conditioned upon commencement of work before July 15, 2015 and submission of comprehensive photographic documentation of the completed project consisting of 8" x 10" archival-quality color photographs.
