<i>Commissioners Order</i>	4.51	4.56	0.05
Total Average Per Building	34.28	37.56	3.28

Notes:

(1) Building ownership of shelters and lease terms for shelter providers vary by site. Thus, the party responsible for remedying violations also varies by site. Shelters can be: (a) provider-owned and provider-operated; (b) city-owned and city-operated; (c) city-owned and provider-operated; or (d) privately-owned, and provider-operated under lease with the building owner. Where shelter service providers do not own the buildings they occupy, their responsibility for responding to violations may vary in accordance with their lease terms.

2) Administrative processes relating to curing violations, including but not limited to re-inspection of corrected conditions, and posting updated information on the Scorecard can take up to 90 days and changes may not be immediately reflected.

(3) Flexible Capacity refers to shelter locations DHS expects to use for a limited time period and allow DHS to address significant increases in shelter population. For the most part these are commercial hotel buildings. DHS and providers have limited ability to correct or cause to be corrected violations identified at these sites.

(4) Commissioner's Orders include all DOB violations and FDNY Notice of Violations
