**Note:**

- (1) Building ownership of shelters and lease terms for shelter providers vary by site. Thus, the party responsible for remedying violations also varies by site. Shelters can be: (a) provider-owned and provider-operated; (b) city-owned and city-operated; (c) city-owned and provider-operated; or (d) privately-owned, and provider-operated under lease with the building owner. Where shelter service providers do not own the buildings they occupy, their responsibility for responding to violations may vary in accordance with their lease terms.
- (2) Violations are reported by building, and shelters do not always occupy an entire building. The total number of violations reported for the building as a whole may capture some violations that are not found within or do not directly impact the shelter unit(s) within a building.
- (3) The number and classification of shelter sites is subject to change. Therefore, fluctuations in the number of total violations reported may in part be attributable to shelter site openings, closures, and reclassifications, among other factors.
- (4) Administrative processes relating to curing violations, including but not limited to re-inspection of corrected conditions, and posting updated information on the Scorecard, can take up to 90 days. As such, some violations reported above as "Open" may not reflect corrective actions that have already been taken by landlords, shelter providers, or the City, for which administrative review is still in progress. Also, some violations reported above as "Closed" have been corrected but have yet to undergo the required administrative processes.
- (5) Safe Havens provide overnight shelter for street homeless clients and are part of the City's Street Outreach program.
- (6) Reflects all open violations as of 12/31/2016.
- (7) Closed Column: Buildings that DHS stopped using during the month for sheltering clients are marked with a "C". Buildings for which DHS has plans to stop using for shelter are marked with a "P".
