I. INTRODUCTION

The mission of the Department of Homeless Services (DHS), under the direction of the Department of Social Services (DSS), is to overcome homelessness in New York City. DHS prevents homelessness wherever possible and provides short-term emergency shelter and re-housing support whenever needed. These goals are best achieved through partnerships with those we serve, public agencies, the business and non-profit communities.

The purpose of this manual is to provide DHS Human Services Providers with fiscal and administrative information that will assist them in the management of their DHS contracts. This manual provides procedures and forms to be used in order to meet DHS contractual and fiscal requirements. In addition, the budget and payment processes are outlined within the manual. These procedures are continuously reviewed and revised to assure they are responsive to the needs of the DHS Human Services Provider community while upholding the highest financial and internal control standards. The policies and procedures followed by DHS are in compliance with Federal, State, and City regulations.

Fiscal Year

The City fiscal year runs from July 1 - June 30. The budgets reflect costs for this time period.

The Shelter and Support Program Budget Office, within the Department of Homeless Services is responsible for overseeing the establishment and monitoring of all human services budgets. The Department of Social Services' Fiscal Operations is responsible for all payments for services. Funding is derived from several sources, i.e. Temporary Assistance for Needy Families (TANF), Emergency Assistance for Families (EAF), Emergency Solutions Grant (ESG), and Community Development Block Grant (CDBG).

II. BUDGET PROCEDURES

1. Annual Budget Contract Review

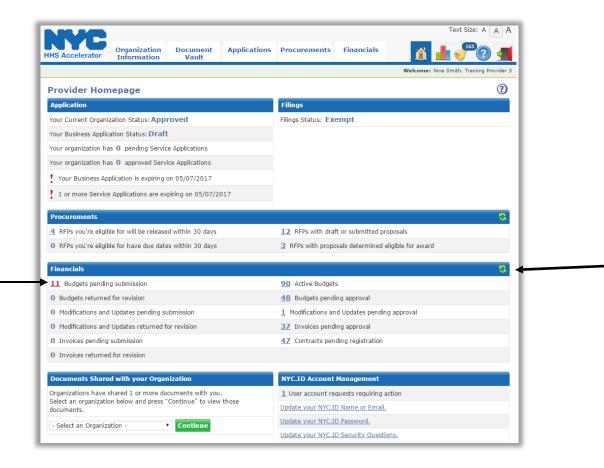

Once a year, DHS Human Services Providers are given the opportunity to work with DHS Program Staff and the DHS Shelter and Support Program Budget Office to prepare a revised contract budget for the following fiscal year. The purpose of the annual contract budget review is to allow Providers to make adjustments to their budgets in order to bring it into alignment with actual expenses on an annual basis, thereby reducing the need for modifications throughout the year and to ensure that both the Provider and DHS are operating with the same formally approved budget. The DHS Shelter and Support Program Budget Office and the designated Program area representatives review the proposed budget and work with each Provider on their budget for the new fiscal year.

This is the DHS agency-specific guide to the new Annual Contract Budget Review process. For guidance on navigating contracts and budgets in the HHS Accelerator System in general, please refer to the NYC HHS Accelerator Provider Guide to Managing Budgets.

DHS will be using the HHS Accelerator System to configure your contract for the upcoming fiscal year. Once DHS has completed this step in the HHS Accelerator System a Budget Pending Submission task will appear on your Provider Homepage.

1.1 Submitting Annual Contract Budget Reviews in Accelerator

To get started, first click on the **refresh button** located on the right hand side of the Financials box on your Provider Homepage. Next, click on the **number hyperlink** for "budgets pending submission".

To start a new budget, select "View Budget" from the Action drop down menu.

Next, click on the **first blue header underneath the "Fiscal Year Budget Information".** If your organization has multiple funding streams you will enter information for each funding type separately.

Each tab on the budget is accessible and may be completed at any time and completed in any order.

Please note that **not** all tabs will be completed for your organization's budget. Additionally, a **justification** worksheet is required for any tabs that change by at least 10% or \$5,000 from your last approved Annual Review.

New York City Department of Homeless Services Human Service Providers Fiscal Manual

The first tab listed is the **Budget Summary** tab. This tab summarizes the total of all direct and indirect costs. We will come back to this tab at the end of the process.

F	ringe Benefits	-	FY Budget	YTD Invoiced Amo	unt Rem	aining Amount	
			\$0.00		\$0.00	\$0.00	

**** DO NOT ENTER INFORMATION INTO THE HOURLY EMPLOYEES GRIDS.**

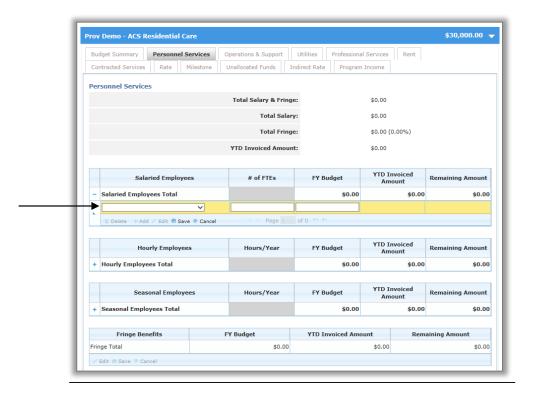

Click on the + symbol next to the Salaried Employees Total row to expand the grid.

Add a new row by clicking "+Add" underneath the Salaried Employees Total field.

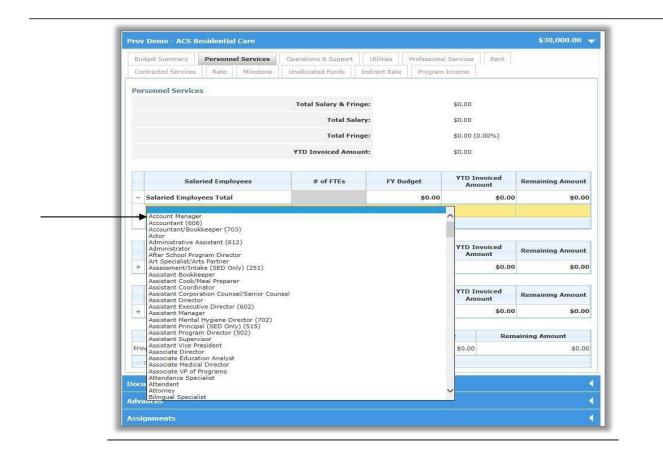

FTE's/Total Salary:

FTE's: The # of full-time equivalent positions in each title. For example, if the standard work week is 35 hours and the employee works 52 weeks then the FTE's equals 1. However, if the employee works less than the standard work week then the FTE will be less than 1. Salary: Annual salary without fringe. Each employee will need to be entered separately. City Salary indicates the total cost of all employees (Salaried and Hourly Positions).

Next, click on the "Salaried Employees" drop down menu.

Select the **DHS approved title** from the drop down corresponds to the salaried employee that you are adding to the budget. (See Appendix I for the revised list of approved DHS titles) If you have questions regarding a title please contact your Program Analyst.

The Internal ID field is optional and can be up to seven characters.

For **Annual Salary** enter the total salary earned from your organization. For **Annual Hours** enter the total hours the employee works for your organization.

Fulltime is calculated on the federal standard of 2,080 hours.

For the FY Budget enter the City Funded amount. Click "Save"

% City Funded will auto-populate once "Save" is clicked.

When you have entered information for all of the **FTE's, click "Save".** Once all Positions, Fringe and Program Income are entered in the Detail View, click **"Summary View."**

The Summary View tab consolidates positions of the same title entered in the Detail View tab.

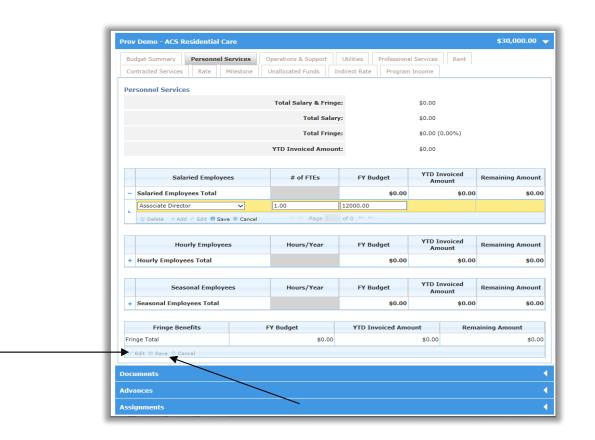

Expand grids to view Position Titles, # Positions, and FY Budget which were entered on **"Detail View"** tab

To make changes, return to the "Detail View" tab and update as needed.

New York City Department of Homeless Services Human Service Providers Fiscal Manual

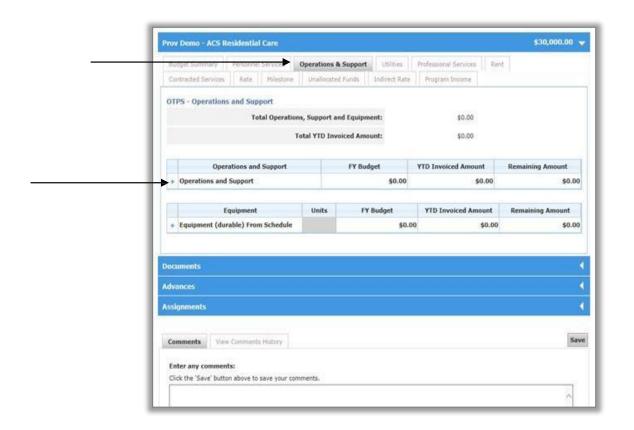

Fringe

All Providers must complete and attach the **Fringe Worksheet**. Fringe benefits up to 26% are allowed without additional justification. For fringe benefits greater than 26%, you must include a detailed justification with documentation which must be approved by DHS.

Click "+" symbol next to Fringe Total to expand the grid. To enter Fringe Benefits double click and enter a value in the "FY Budget" column. When you have completed entering information click "**Save**".

Next, click on the "Operations & Support" tab.

Operations & Support and Equipment includes supplies that are not lasting or permanent in nature, such as office, program and/or maintenance supplies.

Click on the "+" symbol next to the Operations and Support Total row to expand the field.

To fill in the amounts for each of the pertinent fields click on the amount, type in the amount and hit the **enter key** to save the amount. Alternatively you can click on the **save** button on the bottom of the page between fields.

Next click on the "Professional Services" tab.

Budget Summary	Personnel Servi	ices Operations & Support	Utilities Professional	Services Rent	
Contracted Services	Rate Mil	lestone Unallocated Funds	Indirect Rate Program	Income	
OTPS - Profession	al Services				
	al Services	FY Budget	YTD Invoiced Ame	ount Remain	ing Amount

Professional Services costs are associated with independent entities with professional or technical skills. Here you will enter your costs associated with your **A133 Audit**.

To start click the "+" symbol next to Professional Services to expand the field.

Audit Fees

The Agency will audit all human services provider contracts at least once every three years through contracted CPA firms. In addition to regular audits, the Agency reserves the right to send its own staff or contracted agents at any time to conduct programmatic and fiscal reviews. The Agency does not allow Providers to budget for financial statement audits as a direct program cost. However, these costs may be included in the administrative overhead budget line, as an indirect cost. Only the OMB A-133 audit ("Single Audit") of federal funds received through the Agency, which is mandated by the federal government can be budgeted for and claimed as a direct program cost.

This budget procedure should not be interpreted as a directive to decrease any oversight (financial or programmatic) of the Agency's funded programs that Provider agencies deem necessary to ensure compliance with contractual requirements and applicable rules and regulations.

The Audit line is reserved for the federally mandated audits under OMB Circular A-133. Provider agencies receiving federal funds through their DHS contracts may be subject to this audit requirement depending on the total federal expenditures of the Provider agency.

OMB A-133 audits are only required when Provider agencies are in receipt of Federal funds in the aggregate of \$750,000 dollars or more per year. For the FY 2023 budget, the federal audit requirement is based on actual federal expenditures during FY 2022. Provider agencies that have federal expenditures meeting this threshold are to add an Audit line. If federal funds are received from more than one source (DHS and other government (city, state, and/or federal agencies), documentation must include the methodology utilized to allocate the total audit fee to DHS and other funding sources. Where applicable, a copy of the most recent A-133 audit **must be shared** from your document vault with DHS in conjunction with the submission of your FY23 annual contract budget review.

For instructions on how to share documents from your Document Vault, please see **Appendix II** "Introduction to the Document Vault". Next click on the "Rent" tab.

Rent includes all rent paid by a program for all sites utilized by that program. The **Rent tab** is where you will record your **Rent and Start Up Amortization costs**. Where applicable, **Real Estate Taxes will also be recorded in this section.** Please note that Real Estate taxes are <u>not</u> base-lined in the budget.

Click on the "+" symbol next to the Rent row to expand the field.

Budget Summary Contracted Service	Personnel Servio s Rate Mile				sional Services	Rent	
)TPS - Rent							
Locations	Management Company Name	Property Owner	Public School Space	% Charged to Contract	FY Budget	YTD Invoiced Amount	Remaining Amount
nt					\$0.00	\$0.00	\$0.00

Click "+Add" and enter the Rent Information. Click "Save".

	Locations	Company				FY Budget \$10,000.00	Amount	Amount

Repeat the process to add **Start-Up Amortization, and Real Estate Tax** information where applicable.

When adding lines for Start-Up Amortization and Real Estate Tax please be sure to name them **"Start-Up Amortization"**, and **"Real Estate Tax" only.** These costs **must be** captured separately from the Rent line.

If you are claiming Start-Up amortization costs, you <u>must</u> fill out and attach the **Start-Up Amortization Worksheet**.

Next, click on the "Contracted Services" tab.

Contracted Services costs are associated with third party vendors with professional or technical skills retained to perform specific tasks or complete projects related to the program that cannot be accomplished by regular staff. Also, independent (usually non-profit) entities retained to perform program services.

You will capture your IT Consultants, Medical, Contracted Security, Contracted Food, Language Services, Contracted Payroll preparation, Maintenance, Building Mechanical contracts, and Contracted Temp Services in this tab.

Services				

We will not be using the Consultants or Sub-Contractors boxes on this tab.

Click on the "+" symbol next to the **Vendor** box – Here you will capture all third party agreements with your organization. Please include the Name, or Company Name in the Vendor box. Include as a description of services in the Description of Service box – ie. Information Technology, Payroll Services, Contracted Security, Mechanical Systems Contracts, Food or Language Services. You must upload and attach the signed agreements for each claimed expense regardless of the amount.

For Food Contracts, do not capture the costs in the "prepared meals" line item of Operations and Support tab. These costs should all be captured in the vendor category only.

If you are budgeting for **Contracted Medical Costs** you will also need to fill out and attach the **Contract Medical Worksheet**

Third Party Agreements Approval Process for Health and Human Service Contracts

All vendors are subject to approval by the ACCO's office. The Provider should not engage a vendor until the Department has approved that vendor

For subcontracts \geq \$20,000, the following is required:

- 1. Vendor must be listed in the City's Payee Information Portal (PIP),
- 2. Vendor must be registered in PASSPort
- 3. Completed Subcontractor Approval Form- 65A
- 4. Subcontractor Log
- 5. Proof of 3 Bids for third party agreements that are \geq \$20,000* (if the lowest bid is not selected, justification as to why must be submitted)

**aggregate fiscal year amount*

All required documents and inquiries must be submitted to the DSS Vendor Compliance and Relations unit at <u>subcontractorapprovals@dss.nyc.gov</u>. The subject line of the email should have the contract number and the name of the provider.

Third party vendors are approved to work on a contract when the Department

- 1. approves the subcontractor/vendor in PIP, and/or
- 2. The Provider is given approval via written communication from the Department.

Approved Subcontractor Approval Forms (65A's)

All approved 65As that have been signed off by the ACCOs office must be attached to the annual review budget. For vendors who 65As have not been approved those costs **must** be moved into **Unallocated Funds** until an approval is obtained.

The next tab is labeled "**Unallocated Funds**". We will <u>**not**</u> be utilizing this tab for this review.

Click on the "Indirect Rate" tab.

The Indirect Rate tab is where you will record your Administrative Overhead costs.

Budg	get Summary Personnel Service	ces Operations & Support	Utilities Professional Services	Rent
Cont	tracted Services Rate Mile	estone Unallocated Funds	Indirect Rate	
ndi	rect Rate			
ndi	rect Rate	Indirect Rat	e: 0.00%	
ndi	rect Rate	Indirect Rat	e: 0.00%	

Indicate the dollar amount represented by overhead.

If you are requesting funding for administrative overhead, you <u>must</u> complete and attach the **Indirect Cost Overhead Worksheet.**

All Administrative Overhead percentages charged should be supported by the most current Certified Financial Statement, accepted NICRA, or 10% De Minimis if applicable. For the Annual Contract Budget Review only, please share your most current Certified Financial Statement, or Negotiated Indirect Cost Rate Agreement (NICRA) backup from your document vault with the Agency.

For instructions on the document vault please see Appendix II, "Introduction to the Document Vault".

The last tab is labeled **"Program Income"**. Program Income is used to list anticipated income the program generates.

All fees and other payments received by the Agency for the provision of DHS services. Revenue shall include, but not be limited to: a) fees for services paid by clients; b) fees for services paid on behalf of clients by other individuals, corporations (including insurance companies), Federal, State and Local governments; and c) other income realized in the operation of the DHS program funded in this Fiscal Year.

To the extent funding realized through other sources, i.e., grants, fund raising activities, is applied to the DHS budget to enhance individual tabs, the aggregate of such enhancements will be indicated as Revenue and offset DHS expenses. During the course of the year, any changes to the revenue enhancements reported in the approved budget would be made through the budget modification process.

Agencies that receive funding from other sources are required to report this funding if it is applied to the DHS line item budget and impacts the Gross Amount. Dollar amounts indicated for Revenue are considered Agency responsibility and not DHS.

rogram Income Program		FY Budget	Income	Remaining Amount

The Program Income grid appears at the bottom of all budget tabs. Program Income amounts entered into these grids will be condensed in the "Program Income" tab. Edits are made in the Program Income grid of each category.

Click the "+" symbol associated with the Program Income grid to expand.

Add a new row by clicking "+Add" in the footer of the grid

Select the "Source" that best corresponds to the Program Income your organization is expecting to earn.

Enter a **"Description"** for the program income. This field can be up to thirty characters.

For "FY Income Budget" enter the amount your organization is expecting to receive

Click **"Save."** Repeat the steps for all income types.

******Note, if your organization has a program supported by another funding source, document your expenses in the Program Income tab and attach a Line Item Budget.

Documents

The **Document** header is always available at the bottom of all the budget screens. This is where you will upload all of the corresponding **worksheets** and **required back up documentation**.

To begin, click on the "Documents" header to open the documents widget.

Repeat the process to attach each document.

INSTRUCTIONS FOR COMPLETING THE REQUIRED WORKSHEETS

ATTACHMENT 1: FRINGE BENEFITS WORKSHEET

This form must be completed for all Providers.

Enter the amount in the Total Amount column. The percent will compute automatically. If you are utilizing the "other" rows within the document, please specify the type of expense. Supporting documentation for fringe benefit rates greater than 26% must be provided.

ATTACHMENT 2: START-UP AMORTIZATION WORKSHEET

This form clarifies the original debt and length, monthly/yearly payment and balance at the beginning and end of the fiscal year. Provide a written explanation when:

- 1) The yearly payment does not equal the monthly payment multiplied by twelve and/or
- 2) The start-up amortization at the end of the fiscal year does not equal the amount at the beginning of the fiscal year minus the yearly payment.
- 3) Indicate in the last column whether you are amortizing start-up costs.

ATTACHMENT 3: ALLOCATION METHODOLOGY WORKSHEET

ALLOCATION METHODOLOGY GUIDELINES

For all costs (PS and OTPS) charged to given DHS' contract at less than 100% the Provider must specify an allocation methodology and indicate the method used on **Allocation Methodology Worksheet**. Any PS or OTPS methodology should be reasonable, consistent and auditable. The following list is not meant to cover every possible PS and OTPS cost – note that your allocation methodology must cover any cost split between multiple programs, even if not listed below. There may be exceptions to the following guidelines, which will be considered on an individual basis, subject to DHS discretion.

DSS further reserves the right to withhold any payments to the provider for allocated costs in the event that DSS determines that the cost allocation plan is unsatisfactory in whole or in part, or determines that such allocated costs have been incorrectly determined, are not allowable, or are not properly allocable pursuant to this Agreement or approved cost allocation plan. Unsupported or overstated allocation methodologies are subject to recoupment.

This form must be completed for all annual budget contract reviews of programs for which DHS budget line-items represent less than 100% of the total program line-item costs. The form must also be completed for all Budget Modifications when the allocation methodology has changed.

Once you have completed the Allocation Methodology Worksheet, please select the correct box for either Yes or No and initial to certify whether there are any other programs operating at the site. If yes, please specify in the space provided.

PS EXPENSE

Allocation of Direct Program Employees

If the person is dividing a full work-week between several programs, a Provider must determine how much to charge the DHS program on the annual contract budget review. There are several ways to allocate the time:

- Timesheet sampling: This method involves analyzing two or three weeks of timesheets once a quarter (four times a year). For the sampling periods, note which hours each day the employee works on which programs. Based on that, assume that throughout the year there is the same ratio of time spent on each program. Conduct one sample when preparing the annual contract budget review, and all four by the close-out. Use weeks that generally reflect how an employee spends his/her time. When using this method, write, "Timesheet sampling" as the allocation methodology.
- Timesheets throughout the year: This is similar to above but involves analyzing each week's timesheet. The allocation methodology is called "<u>Annual Timesheets</u>."

Part-Time Employees

A Provider needs to define the cost of an individual who works less than full time at a given DHS program.

- ➤ If the person works part-time because the position is part time, to determine the FTE divide the # of hours worked by the total # of hours in the workweek. Under allocation methodology, state, "Position is part-time, 100% DHS."
- If a person works part-time and allocates his/her time, determine the FTE and then allocate the proportional # of hours as described above (for example, proportional beds, case load, site capacity or other as determined by DHS). Under allocation methodology, state <u>"Position is part-time, X% FTE, Y% DHS, allocation method</u>." For example, if a facility has a 35 hour work week and an employee works 17.5 hours, the FTE = .5. If this program equals 40% of the agency's costs, a Provider would charge 40% of 17.5, or 7 hours to DHS.

Therefore, the FTE on the annual review is 20%, which represents the 7 hours spent on this program of the 35 hour work-week, and the allocation methodology is "Position is part-time, 50% FTE, 20% DHS, proportional costs."

OTPS EXPENSE

Below is a list of various OTPS costs, followed by the preferred methodology for allocating these costs. If more than one methodology is listed, they appear in the order of preference. OTPS costs should only be allocated when they cannot be directly attributed to a particular program.

If square footage is used as the basis for the allocation for any cost, you must document the measurements of program space, and be able to demonstrate which spaces are used for which program. This is best done by annotating building plans.

Be sure to specify the calculation used. The example below demonstrates the calculation of charging 10% rent to

DHS.

 $\frac{\text{Program Sq. Ft}}{\text{Total Agency Sq. Ft.}} = \frac{100}{1,000} = 10\%$

ATTACHMENT 4: JUSTIFICATION FOR CHANGES EXCEEDING \$5,000 OR 10% WORKSHEET.

For each tab(formerly categories) that changed from last fiscal year by more than \$5,000 or 10% (both increase and decrease), enter the tab name, dollar change, percent (%) change, and justification.

ATTACHMENT 5: INDIRECT COST WORKSHEET

This form must be completed for all annual contract budget reviews for which the budget includes agency overhead. For each item indicate the total salary, FTEs or OTPS amount budgeted by the agency, the percentage charged to the DHS budget, and the dollars represented by that percentage. The total dollars should be the same as the administrative overhead amount on the **Indirect Rate tab.**

Also please note the methodology used to compute the percent to charge to DHS in the explanation section.

For the annual contract budget review only, please share your most current Certified Financial Statement or Negotiated Indirect Cost Rate Agreement (NICRA) information from your document vault with the Agency. For instructions on the document vault please see Appendix II "Introduction to the Document Vault.".

- 1. All Providers must submit the most recent Certified Financial Statement (no older than 2 years old), with the Statement of Functional Expenses or Negotiated Indirect Cost Rate Agreement (NICRA) backup. For hospital based programs, please also submit the ICR pages that correspond to the step-down cost for administration and clearly identify the appropriate columns.
- 2. All eligible providers are allowed to submit a budget that includes allowable overhead of up to 10% of the Direct Cost Base (less distorting factors, i.e., rent, start up amortization) without providing documentation to the City during the budget review process. This is the "City De Minimis Indirect Rate."

ATTACHMENT 6: CONTRACTED MEDICAL WORKSHEET

This form must be completed for shelters with a medical component in their shelter budget. Itemize the medical budget, and include information in the following categories PS, OTPS, Revenue.

ATTACHMENT 7: AUDIT FEE METHODOLOGY WORKSHEET

This form should be used by all programs that receive over \$750,000 in Federal Funding from DHS, or who receive a total of \$750,000 or more in Federal Funding of which DHS is a part.

Please list the following for each funding source:

Grantor / Pass-Through Grantor- The name of the agency which directly provides your organization with federal funding.

Federal Program Title - The name of the federal program under which the grant is received. For DHS list each program individually.

CFDA Number - The identifying # of the federal program as listed in the Catalogue of Federal Domestic Assistance.

Total Federal Award Amount - The dollar amount of the federal grant awarded to your organization through the funding source indicated.

Anticipated Expenditure of Award Amount- The total dollar amount of the funds expected to be expended for the fiscal year (actually expended if form is completed at the end of the fiscal year). Below is an example of an allocation methodology. In this case, the audit fee is prorated based on the funds expended from each source of federal funding.

<u>Scenario:</u> XYZ Non-Profit Services Association spent \$860,500 in federal funds during its fiscal year. Federal awards received were: from DHS \$250,000; HUD \$300,000 and HRA

\$310,500. XYZ estimates its CPA auditor to charge \$7,000 to conduct the federal A-133 audit. Prorating the audit fee among the three funding sources based on the award levels results in \$2,030 (29%) allocated to DHS, \$2,450 (35%) allocated to HUD and \$2,520 (36%) allocated to HRA.

****Please** share your most current A133 from your Document Vault with the agency. For instructions on the document vault see Appendix II" Introduction to the Document Vault".

ATTACHMENT 8: INSURANCE ATTESTATION

This form must be completed by all Providers; in order to supply additional information and/or documentation requested by the State regarding Insurance policies and costs charged to DHS contracts.

ATTACHMENT 9: INSURANCE ADDENDUM WORKSHEET

This form is to be completed by all Providers in order to supply additional information and/or documentation requested by the State regarding Insurance policies and costs charged to DHS contracts. The amounts should reflect the amounts reported on the **Operation & Support tab for Vehicle Insurance, Liability, Property and other insurance.**

**Please be sure to attach your Certificate of Liability, as well as your Insurance Premium page.

ATTACHMENT 10: DEPRECIATION

OTDA requires that all replacement and acquisition of equipment, furnishings, vehicles and property individually costing more than \$1,500 must be capitalized, with the resultant depreciation expense reported on the Depreciation Report. The straight-line method of calculating use charges (depreciation) on owned plant, furnishing, equipment and vehicles is generally required. In the absence of clear evidence indicating that the expected consumption of the asset will be significantly greater in the early portions than in the later portions of its useful life, the straight-line method of depreciation must be used.

A use charge (depreciation expense) relating to the use of currently owned plant, leasehold improvement, equipment, furniture and vehicle is an allowable expense in the computation of a reimbursement rate. The basis for such charges shall be actual (historical) cost. In the event that the historical cost of the facility cannot be adequately determined, an appraisal value shall be the basis for the depreciation. Such appraisal shall be conducted by an appraiser approved by OTDA and pursuant to a method approved by OTDA. The straight-line method of computing depreciation on owned plant, equipment, furnishings and vehicles will be required.

Allowable useful lives for capital items are as follows:

Plant/Renovation – 25 years Equipment/Furnishings – 5 to 15 years Vehicles – 3 to 5 years Leasehold Improvement 5 to 15 years, or the duration of the lease agreement

ATTACHMENT 11: SECURITY EQUIPMENT INVENTORY

As part of the year end closeout, DHS is requiring that all Providers submit an inventory of all security equipment at your site purchased by DHS funds in your contract. The attached must be completed and uploaded into Accelerator with any final budget modifications or final invoices. If you have any questions please reach out to your Budget or Program Analyst.

ATTACHMENT 12: EMPLOYEE ALLOCATION WORKSHEET

On this worksheet you will provide the staffing plan of partial FTE's directly charged to all of the DHS contracts in your Provider portfolio. For example, a Director of Social Service that splits their time between two sites. Please note that allocation totals cannot exceed 100%. If there is a position that is partially allocated Now that all of the worksheets have been filled out and uploaded, it's time to review.

Click on the "Budget Summary" tab.

2. Contract Budget Modifications

All Budgets managed in HHS Accelerator can be modified up to 10% of the sub-budget value using the auto-approval process. Modifications that are below the 10% threshold, and do not add new line items to the budget, will automatically go through the levels of review and can be viewed on the Budget list screen after Approved. These adjustments are cumulative so, once the threshold is exceeded, future modifications will go through the regular review process. Modifications over the available threshold will follow the regular review process but will not limit future modifications that are under the available threshold from using the auto-approval process.

Providers are still expected to follow all agency policies regarding documentation requirements, preapproval for certain requests, and adherence to all city, state, and federal regulations related to program design and delivery. Failure to follow these guidelines will result in agencies having providers revert the changes, which may cause payment delays, as well as the potential loss of ability to use autoapproval in the future.

Please note that modifications cannot be made between funding streams: ESG, City Council, DOHMH, and DHS (Non-Grant).

If there are changes to categories that require an attachment to be submitted with the Annual Contract Budget Review, then a revised attachment must be submitted with the Contract Budget Modification.

Budget Modifications should not result in a shortfall in a critical area of operations or in a deviation from the scope of services specified in the contract. Deviations from or changes to the scope of services must be approved by DHS prior to implementation.

DHS reserves the right to revoke the Provider's ability to make Budget Modifications for any amount without prior approval from DHS. In such circumstances, DHS will notify the Provider in writing explaining the reasons for revocation.

Justifications and Required Attachments

Personnel Services (PS)

The PS threshold requiring submission of the Justification (Attachment 4) for the Contract Budget Modification for DHS approval is:

An increase or decrease of more than 10% in the PS category or \$5,000.

A concise explanation of the factors that necessitated these changes must be attached to the Contract Budget Modification.

It should be noted that all agencies are required to comply with City policy regarding salary increases. Further, any reduction in FTEs does not mean an automatic reduction in service commitment. In addition, any staff changes made must be in conformance with certification requirements and standards of good care.

Fringe Benefits

The fringe benefit threshold requiring submission of the Fringe Benefit Worksheet (Attachment 1) for DHS approval is:

Any increase or decrease in this category.

A concise explanation of the factors that necessitated these changes must be attached to the Contract Budget Modification.

Other Than Personnel Services (OTPS)

For OTPS the threshold requiring submission of the Justification Worksheet (Attachment 4) for the Contract Budget Modification for DHS approval is:

An increase or decrease of more than 10% in the category or \$5,000.

A concise explanation of the factors that necessitated these changes must be attached to the Contract Budget Modification.

Timetable for Submissions

Budget Modifications can be submitted at any time during the fiscal year.

While the Contract Budget Modification is pending approval, invoices cannot be submitted.

Contract Budget Modifications must be submitted 30 days in advance of the proposed effective change date. Budget Modifications submitted to revise year end budgeted amounts must be submitted within a timeframe that allows for the 30 day approval period required by DHS.

DHS does not guarantee after the fact approval of any major budget changes. If a Provider has an emergency situation requiring a modification in the budget, a written request should be submitted to the Budget Director detailing the nature of the emergency and the cost. The request should note the area from which the funds will be reduced.

The final Contract Budget Modification is the Annual Fiscal Year Closeout. For more information, please see section III, 7. Annual Close-Out/Final Payment.

Submitting a Contract Budget Modification in the HHS Accelerator System

To begin click on the **"Refresh"** icon in the Financials section of the homepage, then click on the **"Financials"** tab.

Click on the "+" symbol next to the **Total City Funded Budget Row.**

Contracted Services	Rate Milestone Unallo	cated Funds Indirect F			
			Rate Program Income	3	
	Line Item	Approved Budget		Modification Amount	Proposed Budget
+ Total City Funded		Budget \$20,00		Amount \$0.00	Budget \$20,000.00
Total Program In	-				
_	<pre>r Funded Budget; Not Invoiced)</pre>	4	\$0.00 \$0.00	\$0.00	\$0.00

The Budget Summary lists how funds are currently allocated. To modify the budget, reallocate funding amongst the budget areas as needed. The sum of the changes may not change the overall value of the contract budget.

Click on the "Personnel Services" tab.

In this example, the distribution of funding for Hourly Employees will be modified. If funds are added to one type of worker, it will need to be taken away from another role. Funds can be redistributed across tabs, as long as the contract value does not change.

Changes across categories may require a justification and attachment. See Section 2 for Justification and Required Attachment requirements.

Click on the **"+"** symbol next to the Hourly Employees Total box.

3. New Needs

New Need requests are submitted and processed outside of the HHS Accelerator system. A New Need is a request to increase the Annual Contract Budget's total funding, or bottom-line. New Needs for nonemergencies (rent escalations, real estate taxes escalations, etc.) can be submitted to DSS-DHS for approval during the period of **January 1st-February 15th only**. Emergency needs can be submitted at any time during the fiscal year. All new needs should be submitted using the online system ServiceNow (https://nycdhs.service-now.com/). New Needs will be reviewed on a first come basis and prioritized based on criticality and availability of funds. Highest priority will be given to the emergency needs (such as health and safety and/or regulatory compliance issues). The Provider can expect to receive a full review of the request 60 days from the date of submission.

An updated Budget can only be submitted in HHS Accelerator for **approved** New Needs. To increase the Annual Contract Budget total funding, a **contract amendment must be registered**.

Please contact your Shelter Program Budget Analyst with any questions.

To submit a New Needs Request:

Before submitting a request, you will need to be provisioned. Please call the DHS Help Desk at **(929) 294-7335**. You will be asked to provide your full name, email address, and phone number to request access.

Access the URL <u>https://nycdhs.service-now.com/</u>. You will be prompted to enter your user credentials (User Name: DHS\username, Password: DHS network password)

							\bigotimes \equiv Request ID \equiv State \equiv Requester \equiv Created \forall \equiv Short Description \equiv Duration \equiv Facility name

NATURE OF REQUEST

Provider to complete:

Contact details are pre-populated and read only, based on requester log-in credentials. Requesters must select a type of New Need Request from the following list:

- General Budget (example: request due to increase property taxes, rent, utilities, etc.)
- IT (example: a request for new infrastructure project related to cabling at a shelter facility)
- Program (example: request for increase medical services, staffing, furniture, etc.)
- Facilities (example: request for maintenance/repair of fire alarm, elevator, etc.)
- Security (example: request to increase security guards, security equipment, etc.)

Individual requests must be submitted for each type of New Need. Requests cannot be bundled.

If the "Amount Requested-Current Year OTPS" entry is greater than \$20,000, the requester will be automatically prompted to include a minimum of 3 bids with their request. Click OK on the prompt, and then click either on the paper clip or "Add Attachment" buttons under Bid #1, Bid #2 and Bid #3 to attach the bids. Choose the relevant files from your computer to add them to the request. Rename or delete files as needed. DHS requires the Provider to submit market research for comparable services and goods for New Needs requests between \$5,000 and \$20,000*.

***All Maintenance work to be completed greater than \$5,000** require the submission of 3 bids and approval by DHS' Facilities and Logistics team.

Complete all required fields on the form. When all fields are filled, and any required attachments uploaded, the requester will click on "Submit Request" to submit their New Needs Budget Request for review.

It is crucial to justify why you are requesting the money. Specifically, state why you want to implement the New Need (for example, State mandate, new lease agreement, leaky roof) and justification, including current and potential impact (for example, State fines, longer stays by clients, or water leaking into rooms). DHS has

limited available funding, so it is important to describe why your need is a top priority. Please attach additional documentation so we can review a comprehensive justification.

ACKNOWLEDGEMENT OF RECEIPT

Once submitted, the requestor will receive an email notification with details about the request. The RITM # is the unique ID used to track the request.

Request RITM0010104 has been submitted:

Requester: Sandra Hawker

Item: New Needs Request

Title of Request: HOT WATER TANK REPLACEMENT

Date of Request: 12/05/2016 08:53:44 EST

Click here for full details: LINK

Ref:MSG0024968

Please call your Shelter Program Budget Analyst with any questions.

If you need your ServiceNow password reset, contact the Citywide Service Desk by calling 212-NYC-HELP or email nyc.gov

ASSIGNED DIVISION RECOMMENDATIONS

Based on the request type, a New Need Request the request will be assigned to a division for review. Once a requester's submission is approved or returned, they will receive an email notification updating them of the status. The requester can click within the email to view their request in the system.

If the recommendation is "Approve," the request will be forwarded to the DHS Shelter Program Budget Office.

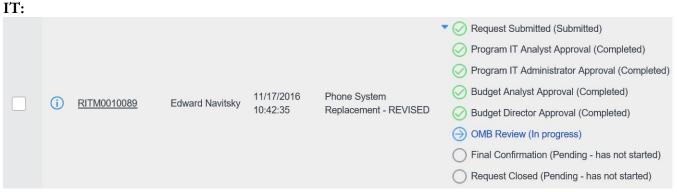

If the recommendation is "Return," the request will not be forwarded to the DHS Shelter Program Budget Office. All returned requests include comments as to why the request was returned.

Providers are able to re-submit a New Needs request that has been previously returned. The Catalog Task section is available once a request has been returned. This allows the requester to edit details of their request as required (i.e.: add or change information). By scrolling down to the Catalog Task section, the requester can click on a Catalog Task Number to update their request. This can be accessed in the notification email they receive or in the system itself by navigating to your "Request" tab.

Requesters can view the status of their request by clicking on the "Requests" tab on their dashboard.

DHS Shelter Program Budget Office will review all requests. If DHS Shelter Program Budget Office funds an amount that differs from the request, it will include an explanation of the variance.

All recommendations are subject to OMB approval.

If the recommendation is "Request Approved," the DHS Shelter Program Budget Office will begin any necessary contract amendment processes. The "Attachment A" will be completed and sent to the Provider via email.

If the recommendation is "Request Approved, Revised Amount" the DHS Shelter Program Budget will inform the Provider and initiate any contract amendments that are necessary. The "Attachment A" will be completed and sent to the Provider via email.

CONTRACT AMENDMENT

Approved New Needs Requests which alter the total contract budget amount must be registered as a contract amendment. Amendments will be processed taking into consideration other actions and the stage of a contract within the fiscal year. Per City procurement rules, multiple New Needs may be bundled for processing post-approval.

4. Start-Up Funds

When a new facility or program is opened, the Provider may be given start-up funds in the Contract Budget to pay for personnel, materials and supplies which are necessary to make the facility or program operational.

According to State regulation, start-up costs in Families with Children, and Adult Families facilities are to be amortized over a five year period, which include principal and interest. The annual amount will be added to the budget in the Rent Tab. A separate line should be added and labeled "start-up amortization". Start-up costs include payments for purchases or services prior to the facility opening.

The Start-up budget is negotiated as part of contract negotiations. Providers may request up to 2/12ths of the annual operating budget. Once established, the Start-up budget is submitted to DHS through the HHS Accelerator System.

A Start-up budget must be submitted along with a description of the items, quantity, unit cost and total cost for the materials and supplies needed to make the facility operational prior to the facility opening and providing the delivery of shelter services. This should be attached to the contract budget in Accelerator.

If the Provider wishes to spend the start-up funds in a matter which deviates from the start-up budget, a contract budget modification must be prepared.

All non-profits holding contracts with one of the Health and Human Services agencies were required to enroll with Essensa. Providers are encouraged to use Essensa for purchasing items. If Essensa isn't

used, we will only reimburse the Provider up to the Essensa rate only. Essensa is a New York-based group purchasing organization that offers membership to non-profits working with New York City. This group purchasing plan will help maximize savings on purchases and give New York City funded nonprofits access to discounts on a wide range of goods and services.

<u>Contact:</u> (866) 430-5330 ; <u>www.essensa.org/nyc</u> Contact form: http://www.essensa.org/contact-us/

If Providers are unable to utilize Essensa for their purchasing needs they must solicit and document at least three (3) written estimates for any payment made or obligation undertaken in connection with this Agreement for any purchase of goods, supplies, or services (including but not limited to consulting services) for amounts in excess of \$25,000. The monetary threshold applies to payments made or obligations undertaken in the course of a one (1) year period with respect to any one (1) person or entity. Payments made or obligations undertaken will not be artificially divided in order to avoid the requirements of this paragraph.

For any payment made or obligation undertaken in connection with this Agreement for any purchase of goods, supplies, or services (including but not limited to consulting services) for amounts between \$5,000 and \$25,000, Providers shall conduct sufficient market research and/or competition to support its determination that the price of such purchased goods, supplies, services or equipment is reasonable. The monetary thresholds apply to payments made or obligations undertaken in the course of a one (1) year period with respect to anyone (1) person or entity. Payments made or obligations undertaken will not be artificially divided in order to avoid the requirements of this paragraph.

III. PAYMENT PROCEDURES

1. Introduction

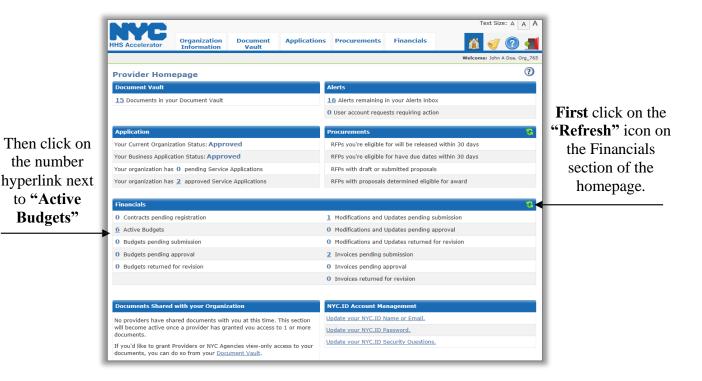

It is the goal of the Department of Social Services (DSS) to strike a balance between fiscal monitoring and control and timely, efficient payment for services rendered. These procedures will help DSS to meet the rigorous demands of ensuring that public dollars are spent wisely and appropriately, while at the same time they will permit funds to flow to our Providers without undue delays.

2. Advances

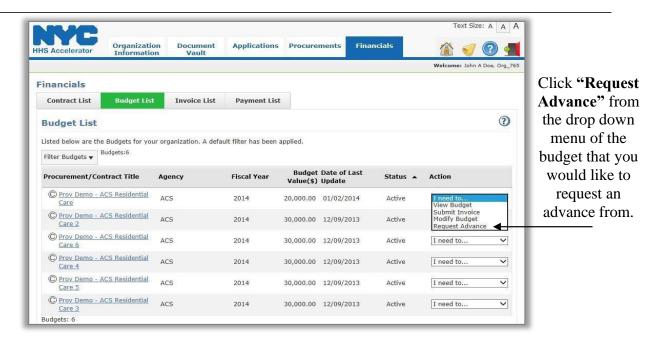

In order to provide on-going cash-flow and support to our Providers, advances can be requested at the beginning of each fiscal-year. The standard advance request is 25% of the annual contract budget.

A Contract Budget **must** be active before an advance payment can be requested and processed.

To request an advance:

A green message bar will confirm that the Advance Request was submitted.

Advance Recoupment:

Advances will be recouped against invoices beginning with payment for the January service period. The guideline for recoupment is 10 percent each month from January to May with the balance (fifty-percent) to be recouped against the fiscal year close-out. If June/closeout expenses are anticipated to be less than the advance balance, DSS Fiscal Operations reserves the right to recoup greater amounts in April and May.

Should the final invoice fall short of the amount to be recouped, the balance will be recouped in the following fiscal year or providers may reimburse the agency directly through a payment plan.

Exceptions:

Providers may request additional advances against their budget, should the three-months advanced prove to be insufficient. Any additional advance request beyond the 25% must be submitted in writing, on letterhead and in pdf format, to Harold Delaney, Deputy Commissioner of Fiscal Operations, at delaneyh@hra.nyc.gov. Additional advance requests cannot move forward without this approval.

DSS Finance reserves the right to modify the recoupment schedule as needs arise.

3. Monthly Invoices

In order to be reimbursed, Providers must submit an invoice in Accelerator by the **15th day of the following month but not later than the 30th day.** In addition, Families with Children and Adult Families providers must accept the CARES generated invoice **within 14 business days**. Failure to submit invoices monthly will result in the delay and payment of your invoice. Providers can expect to receive payment thirty (30) days from approval of their invoice.

Invoices may only be submitted for Active Budgets. Pending Budget Modifications must be approved before an invoice can be submitted in Accelerator. Additionally, Accelerator will not allow you to submit an invoice that is not in line with your expenses.

3.1. Expense-Based Contracts (Single Adults, Street Homeless Solutions, and Office of the Medical Director providers)

Invoices must accurately reflect expenses in accordance with the approved budget, which were actually paid for by the Provider during the month covered by the invoice.

Initial Review

The Initial Review is undertaken on all invoices. All DHS Program divisions undertake Initial Reviews – including Single Adults, Adult Families, Family Services, Street Homeless Solutions, as well as OMD contracts.

DHS Programs' and OMD's reviews ensure all required backup documentation was included in the monthly invoice submission; all invoices are justifiably associated with line-items within the budget; and that a trend analysis is performed on monthly recurring expenses (i.e., checking that recurring expenses are spread evenly or logically throughout the budget period to avoid pre-maturely spending all funds for those expenses)

Initial Review Back-Up Documents

All initial review invoices must include;

- Appropriately invoiced items
- Payroll ledger clearly demonstrating line-by-line PS costs as invoiced
- The Equipment Template
- Documentation of Direct Client Assistance
- Any additional required back-up documentation as listed within this fiscal manual.

Line Item Sample Review

The Line-Item Sample Review is undertaken after the Initial Review outlined above. As part of the Line-Item Sample Review, DHS staff will choose, without prior notice to the provider, a total of two (2) OTPS or PS line items to review in more depth, asking for further back-up documentation (e.g., receipts for consumables, utility bills, or subcontracts). These can be selected at random, on the value of the budget-line, or may be selected based on perceived risk.

June invoicing and year-end expenses will be addressed in Section III, 7. Annual Close-Out/Final Payment.

Returned Invoices

An invoice may be returned, from DHS to the provider, for incomplete submission, variance to back-up documentation, or significant variances in recurring costs. Chronic failures on behalf of the provider to either submit or re-submit timely invoices may, at the discretion of the agency, trigger an Enhanced Review.

Enhanced Review

When a provider has failed to respond sufficiently to one or several of the reviews outlined above, or meets other criteria defined in the SIRP, such as being on an agency-wide CAP, the provider or that particular shelter-contract is put on Enhanced Review, which entails a rigorous review.

When a vendor is placed on ER, the vendor will be expected to submit the following with the monthly invoice:

- Payroll register/Personnel Services (PS) template
- Equipment template; and
- Documentation to support a sampling of budget lines which represents at least:
- 20% of total monthly PS expenditure billed as a direct expense, unless 10 or fewer staff are claimed. In this case, back-up for all 10 will be reviewed, and
- 15% of remaining Other Than Personnel Services (OTPS) monthly expenditure

Except in the case of a Fiscal or Governance CAP vendors will be placed on an initial period of ER for 3 months. Status will be re-assessed by the Committee for improvement. If insufficient improvement is made, this initial period will be extended for another 3 months.

3.2 Rate-Based Contracts (Adult Families and Families with Children providers)

For rate based contracts, the monthly invoice submission is completed through CARES. Once the CARES process is completed, an Advance payment will follow in Accelerator. For instructions on requesting Advances please see Section III, 2.Advances. Additionally, providers must submit according to the schedule, a monthly invoice in HHS Accelerator.

In addition, monthly invoices must be submitted in Accelerator by the 25th day of the month. These invoices should accurately reflect expenses in accordance with the approved budget which were actually paid for by the Provider during the period covered by the invoice, with the exception of the final invoice. The final invoice is addressed in Section III, 7.Annual Close-Out/Final Payment.

Line Item Sample Review

The Line-Item Sample Review is undertaken after the Initial Review outlined above. As part of the Line-Item Sample Review, DHS staff will choose, without prior notice to the provider, a total of two (2) OTPS or PS line items to review in more depth, asking for further back-up documentation (e.g., receipts for consumables, utility bills, or subcontracts).

These can be selected at random, on the value of the budget-line, or may be selected based on perceived risk.

Selective Review

DHS staff from Family Services, will select one invoice for every shelter once a year to undertake a Selective Review. This will entail an in-depth review of all expenses, across all line items, within that month, requiring similar documentation to that of the Line-Item Sample Review above. Note that during the month in which a Selective Review is being undertaken, it will replace the Line-Item review for the month/shelter; both will not be undertaken during that month/shelter.

Returned Invoices

An invoice may be returned, from DHS to the provider, for incomplete submission, variance to back-up documentation, or significant variances in recurring costs. Chronic failures on behalf of the provider to either submit or re-submit timely invoices may, at the discretion of the agency, trigger an Enhanced Review. Please refer to the Enhanced Invoice Review section for additional information.

CARES Invoice Procedure

DSS-DHS CARES will auto-create a care day invoice on the 6th day of each month (Late Arrival Facilities are generated on a weekly basis). HERO will send a monthly email alert to the Provider's Financial Officer giving them 10 business days to review, reconcile and accept their care day claims in CARES. Once accepted, the invoice will move through process of Approval and Payment. Please note invoices cannot be approved until rosters are finalized for the billing period.

If the Provider disputes any of the care days, but agrees to be paid in the amount stated on the invoice with reconciliation to occur post-payment, the Provider should submit their discrepancies in the format provided by HERO with supporting documentation. HERO will investigate the discrepancies, and if care days are entitled, the Provider will be compensated in the additional claims which will appear as separate line items in the following month's invoice.

If the Provider rejects the invoice due to disputes in care days, this may result in delayed processing and payment. In order to ensure timely payment the Provider must submit paperwork by the deadline established. Payments for CARES invoices will be processed as advance payments in Accelerator referencing the CARES invoice.

3.3 Construction Expenses

Providers may be given funds in their budgets for construction, renovation, repairs or other work which would not qualify as normal maintenance; or, with prior approval of DHS's Facilities and Logistics Division, a Provider may modify its budget to perform this kind of work. These expenses are subject to additional review and approval. Providers must submit all aspects of the planning, design, construction, management and coordination of the project to DHS Facilities and Logistics prior to commencement of the project for all work to be done in City-owned, State-owned or Health and Hospitals Corporation- owned facilities, or for projects which exceed \$5,000.00 in non-City/State-owned facilities. Projects in non- City/State-owned buildings which are less than \$5,000.00 do not require additional approval; and, if included in the annual review budget, such expenses should be included in the monthly expense report.

The Facilities and Logistics Construction Manager (CM) assigned to the project will first review the scope of work, justification, project schedule and cost estimate for the renovation or repair work. If an architect, engineer or other design professional is required, their proposal must be included in the submission. A Facilities and Logistics sign- off of this submission is required for the Provider to proceed to either bidding or design work. The CM will review and approve the plans, specifications and bids before the Provider signs any construction contracts. After signing, the CM must be notified two weeks before the construction start date. The provider will update as construction progresses and report any changes to original scope or potential expense variations immediately. Changes must be approved by DHS Facilities and Logistics before executed.

During construction, all bills submitted by the sub-Provider to the Provider must be attached to the invoices submitted in the HHS Accelerator system. The attachments should include a cover letter summarizing the total amount of the expense and specifying the line in the budget against which the expense will be charged. The CM and the Engineering Audit Officer (EAO) will review all bills and certify the invoice for payment (a site visit may be required before certification). The Provider must pay the sub-Provider(s) within seven days after receipt of payment from the Agency. Construction expenses must be included in the final billing for the fiscal year. Projects that exceed \$100,000 may be subject to enhanced oversight by DHS Facilities and Logistics.

4. Provider Certification of Invoices

The Provider Certification of Invoices is now completed in Accelerator. When an invoice is submitted, you will be asked to check off the box that states "I agree to submit this Invoice to the Agency for Review" as well as to enter your User Name and Password. This serves as your signature and certification. Where applicable, Providers submitting invoices through CARES will certify their invoices in CARES in the "Enter Pin" section that states:

'I hereby certify that the charges reported herein have been incurred for services provided for programs administered by the City of New York acting by and through the New York City Department of Homeless Services; that all policies, procedures, and requirements to CARES data, including but not limited to the protection of confidential data, have been strictly adhered to; that the itemized invoices, supporting documents and records evidencing payment are in the files of this organization and are available to the New York City Department of Homeless Services and other entities with the requisite authority to inspect and audit such documents; that the charges are just, true and correct; and that no part thereof has been previously included in an invoice to the City of New York, paid, satisfied or otherwise settled. Enter your unique PIN number in the space below (this is a required field)".

5. Adjusted Payments

Invoices created and submitted in Accelerator cannot be adjusted by the Agency. If a correction needs to be made to an invoice, it will be "Returned for Revision", and you will be notified. Audit recoupment will be satisfied by assigning a portion of the payment to the Agency. Providers will be notified in the comments section of the payment.

6. Submitting and Adjusting Invoices in Accelerator

Invoices are started from the **Budget** List tab in Accelerator. To create an invoice:

First, click on the **refresh** icon on the Financials section of the homepage. Next, click on the number hyperlink for **Active Budgets**.

A budget **must** be Approved, and the contract Registered, to be in Active Status. Invoices can only be submitted against Active Budgets.

Each tab on the Invoice is accessible and may be completed at any time.

Budget information is entered in each tab. The Budget Summary summarizes the total of all direct and indirect costs. Tabs for all budget sections are visible at the top of the budget summary section.

Your organization can only invoice on budget lines that have been approved by the Agency, and where funds remain.

Click on the **"+"** Symbol to expand the Budget Summary grid.

The Budget Summary lists the approved FY Budget, YTD Invoiced Amount, Remaining Amount and Invoice Amount.

Next, click on the "Personnel Services" tab.

To view details on how the budget is broken down, and to invoice by line, view each individual tab.

Next, click on the "Operations & Support" tab.

Operations & Support and Equipment includes supplies that are not lasting or permanent in nature, such as office, program and/or maintenance supplies and the rental, lease, repair and maintenance of office/programmatic equipment utilized in the program's operation. Also include any other operating costs that cannot be classified in any other category.

Click on the "+" symbol next to the **Operations and Support** row to expand the grid.

For the lines your organization would like to invoice for, double click and enter a value in the **"Invoice Amount"** box and click **"Save"** at the bottom left of the grid.

Repeat steps to invoice for additional Operations and Support items.

DO NOT ENTER INFORMATION IN THE RECRUITMENT AND ADVERTISING, REAL ESTATE TAX, BANK CHARGES, OR INCENTIVE PAYMENTS/BONUS FIELDS.

WHERE APPLICABLE, REAL ESTATE TAX WILL BE ENTERED ON THE RENT TAB.

Your organization can only enter an Invoice Amount on a line that is less than or equal to the remaining amount.

Repeat the previous steps for the Utilities, Professional Services, Contracted Services, and Indirect Rate tabs.

YOU CANNOT INVOICE AGAINST THE RATE, UNALLOCATED FUNDS, OR PROGRAM INCOME TABS.

Click on the **"Rent"** tab.

From the **Budget Summary** tab, the overall budget and invoice is displayed.

To review additional details about the budget breakdown, click the "+" symbol next to the **Total City Funded Budget** row to expand the grid.

The Agency can request back up documentation to support your invoices. This includes the following:

- 1) Receipts, cancelled checks, electronic fund transfers
- 2) Utility bills- water/sewer, heating, electric, gas
- 3) Contracts, sub-contracts, Bids- Facilities Repairs, Maintenance, Security
- 4) General Ledgers
- 5) Payroll Ledgers
- 6) Organizational Charts
- 7) Written justification for major increases in line items
- 8) Supportive documentation for all line items including, but not limited to: incidentals, staff training, recruitment office supplies, client supplies activities, program supplies and transportation

If requested, to upload these documents, click on the **"Documents"** blue header to open the documents section.

Once your invoice has been submitted, the Invoice Status will change to Pending Approval.

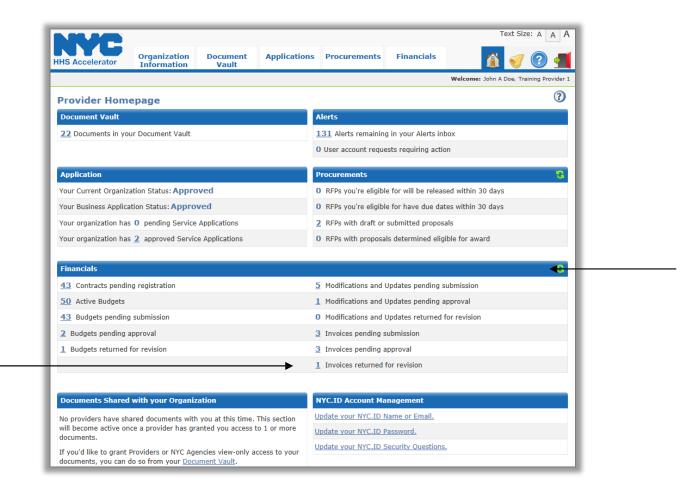

The Agency will either approve the invoice or return it for revision. You will receive notifications and alerts in the system and in your email inbox, if actions are required by your organization.

6.1 Revising an Invoice

If your invoice is returned for revisions, your organization must make the appropriate revisions and resubmit the invoice.

When you log into the system, click on the "Refresh" icon on the Financials section of the homepage.

Revised 2/2023

Click on the number hyperlink for "Invoices Returned for Revision". This will take you to the Invoice List Tab.

Select "View" from the Action menu for the invoice you would like to view.

7. Annual Close-Out/Final Payment

Providers must submit a final invoice to reflect their final spending of the fiscal year. If needed, the provider must submit a final budget modification. Once approved, providers should submit their final invoice against that approved budget. The final budget modification and the June invoice must be submitted by the deadlines specified below. There may be instances when an action is still pending registration at the close of the fiscal year. Providers should not delay in submitting a close out invoice. Additional invoices, if needed, should be submitted immediately once an action is registered. Delays in submitting the close out invoice may result in delay in payments for the following fiscal year.

7.1. Expense-based Contracts

Providers with Expense-Based Contracts must submit their final budget modification no later than **September 1** (or the next business day(s) if 9/1 falls on a weekend).

Providers may only invoice for actual services or goods delivered within the fiscal year (July 1-June 30). After the final budget modification is approved, Providers must submit a final invoice within 3-5 business days.

Contracts that terminate and are renewed for the same program in the middle of the fiscal year will be closed-out at contract termination.

7.2. Rate-Based Contracts

Providers with Rate-Based Contracts must submit their final budget modification no later than **September 1** (or the next business day(s) if 9/1 falls on a weekend).

After the final budget modification is approved, Providers must submit a final invoice within 3-5 business days.

Rate based contracts are also subject to the minimum utilization requirements. Providers that fail to meet these targets may not earn their full annual budget. These utilization earnings will be recorded in Accelerator in the public comments section of the Final Budget Modification. Any invoices in excess will be returned back to the Provider for revision.

Contracts that terminate and are renewed for the same program in the middle of the fiscal year will be closed-out at contract termination.

8. Audits

DSS Office of Audit and Quality Assurance (OAQA) Services routinely conducts annual financial and compliance audits of Providers through its contracted CPA firms. The auditors review for the appropriateness and reasonableness of the billed expenses. Audits are conducted for a provider once in a three year cycle and includes a risk based model as identified by programs, Finance, ACCO and/or Audit.

In addition, each contract is assigned to a DHS Program Analyst and Program Administrator who review and approve submitted invoices for personnel and OTPS expenditures. To assist in this review and in addition to site visits, DHS Program staff may request back-up documentation for line-item expenditures for one or more invoices.

Requested documentation may include items such as:

- 1) Receipts, cancelled checks, electronic fund transfers
- 2) Purchase requisition, delivery/receiving report, payment request form, invoice
- 3) Utility bills- water/sewer, heating, electric, gas
- 4) Contracts, sub-contracts, Bids- Facilities Repairs, Maintenance, Security
- 5) Allocation Methodologies, the supporting documents for the methodologies and DHS approval of them
- 6) Inventory maintenance procedures for Office Supplies, Program Supplies, Food
- 7) General Ledgers
- 8) Property lease, Insurance policies, Audit fees
- 9) Payroll Ledgers, Labor Distribution reports, Timesheets, Fringes calculation spreadsheet
- 10) Organizational Charts
- 11) Written justification for major increases in line items
- 12) Supportive documentation for all line items including, but not limited to: incidentals, staff training, recruitment office supplies, client supplies activities, program supplies and transportation

Line-item expenditures that are submitted but cannot be documented will not be reimbursed. The DSS Office of Program Accountability (OPA) may be consulted for guidance during document review efforts by DHS Program Staff.

Examples of non-allowable expenses that should not be included in the PS or OTPS are listed below:

- 1) Capital Constructions Costs
- 2) Staff Child Care Expenses
- 3) Entertainment Costs including lunches, dinner or staff parties
- 4) Fines, Penalties, Interest Expenses, and Association/Membership Dues
- 5) Bonuses
- 6) Fund Raising Costs
- 7) Profits and Loss
- 8) Personal Costs including but not limited to personal travel expenses, beverage charges, gift certificates to staff and vendors, flower or parties for departing staff, holiday parties, repair on a personal vehicle, rental expenses for personal apartments
- 9) Expenses not incurred in the current fiscal year

Effective July 1, 2017 The City of New York Standard Audit Guide is the primary source for guidance on audit planning, execution, reporting and follow-up procedures for Auditors, Auditees, and Agencies. If there is a conflict between the terms of DHS' Fiscal Manuals and the Standard Audit Guide, the Standard Audit Guide shall take precedence.

The full policy can be found at the link below: <u>https://www1.nyc.gov/assets/nonprofits/downloads/pdf/Standard%20Audit%20Process%20Guide</u> _2019.04.11.pdf

For more information on allowable and non-allowable budgeted costs, please refer to <u>Attachment 2</u> (https://otda.ny.gov/policy/directives/2017/ADM/17-ADM-04-Attachment-2.pdf) and other links in the <u>Office of Temporary and Disability Assistance (OTDA) ADM-04</u> (https://otda.ny.gov/policy/directives/2017/ADM/17-ADM-04.pdf).

9. Administrative Overhead

Certain programs receive reimbursement for administrative overhead expenses. An allocation for these expenses is included in the approved Annual Contract Budget Review. Contracts with fixed fee indirect cost provisions use a contractually specified fixed rate that is applied to direct costs to determine the amount of indirect costs and profit that will be paid.

10. Start-up Funds

When a new facility or program is opened, the Provider may be given start-up funds in the contract budget to pay for personnel, materials and supplies which are necessary to make the facility or program operational.

The Start-up budget is negotiated as part of contract negotiations. Providers may request up to 2/12ths of the annual contract budget. Once established, the Start-up budget is submitted to the Agency through the HHS Accelerator System. For information about Start-up see page 50.

10.1. Families with Children and Adult Family Shelters

According to State regulation, start-up costs in Families with Children, and Adult Family facilities are to be amortized over a five year period. Start-up costs include all payments that are made prior to the facility opening including salaries, utilities, insurance, rent, employee training, repairs and maintenance, and any other allowable costs incident to the start-up period. The State has capped start-up costs to no more than 90 days prior to opening for charges related to administrative salaries, utilities, rent and building security. All other salaried positions are limited to 14 days prior to opening. The payment of these costs will be included in the per diem rate for the five year amortization period.

10.2. Other Program Shelters

Unless otherwise specified in the contract, the Agency will advance 50% of the start-up budget for programs other than Families with Children or Adult Family Shelters to the Provider at or prior to the start-up period specified in the contract. The Provider can make this request by submitting an Advance Request in the HHS Accelerator System. For information on how to submit an advance request see pages 35-36.

When all or a significant portion of the funds have been expended from the approved start-up budget, the Provider must submit an invoice which details the line item spending. Providers will submit invoices in Accelerator. Invoices must reflect actual expenditures. The Advance will be recouped at this time.

IV. LIMITATIONS OF USE OF FUNDS

Extent of competition required

Provider shall retain records which detail the method of procurement, the basis for selection or rejection of a Provider, consultant or supplier and the basis for the contract price. If Federal or State Laws require procurement methods other than those set forth herein, then Provider shall also comply with such procurement methods.

V. Inventory Maintenance Procedures

At the commencement of the contract agreement all providers are required to submit an initial inventory and inventory maintenance procedure for Department review and approval. These procedures shall be designed to ensure that the Contractor maintains accurate records to account for all equipment, furnishings and supplies purchased with Department funds. The inventory maintenance procedures shall include, but not be limited to the following controls:

1. All goods received must be recorded in inventory records.

2. A receiving report shall be prepared for every item purchased and shall include but not be limited to evidence that someone counted the items received and physically inspected the items to ensure they were received in good condition. The person preparing the receiving report shall be an individual independent of the Contractor's purchasing function.

3. The receiving report shall be compared against the invoice to ensure that only items delivered are paid for.

Revised 2/2023

4. Supplies shall be kept in a secured area; access to such area shall be restricted to only those employees authorized by the Program Director; and all inventory issuances shall be authorized by the Program Director or his/her designee (only one person may be designated for this function).

5. All equipment, furnishings and supplies shall be delivered directly to the Facility unless otherwise authorized by the Department in writing.

6. Contractor shall maintain and as necessary replace all furnishings and equipment.

7. Contractor shall furnish to the Department, **on an annual basis** for the term of this Agreement and any renewal term, an inventory of all furnishings, equipment, and supplies purchased.

Submit a copy of the declaration page for each coverage, containing the following information: policy number, period of coverage, premium amounts, and annual premium.

Notes:

1. If more than one building is insured, attach the individual declaration page for each building along with addresses and the number of units at each site.

2. Attach the declaration page that lists all the insured vehicles along with corresponding identification numbers.

Please attach an additional sheet if more space is needed.

Provider Certification

I certify that the insurance cost coverages and allocations listed above are correct; that policies listed above will be paid in full in the stated amounts and that monies claimed on a per diem basis for insurance will not supplant other available funds or in kind assistance. I declare that I have examined this form and attachments, and to the best of my knowledge and belief, they are true, correct, and complete. I understand that this program/agency may be audited by the New York State Office of Temporary and Disability Assistance (OTDA) and that back-up documentation of insurance costs and payments must be retained for at least 24 months.
