Good afternoon yes my concerned about the community is that they keep on building these, new buildings with better equipment is for the living room for the bedrooms for the family. But when you live in the Bronx and you apply to these buildings they say that you're not making enough, so they don't give it to you. Then what's the point of them having those new buildings built if the people that live in the Bronx can live in new buildings, I've been applying for a long time I see they say that I'm in the waiting list and then when it's time I don't get approved , but I see people moving here from Brooklyn or other towns that's not fair. Thank you
