Good Morning,

I wish I had more time and notice regarding this hearing. In any event if this can be added to the decision making process. We the people of Staten Island need an individual in City Council that lives in Staten Island. Someone who knows first hand what a citizen of this borough endures. Traffic, crime, commuting, education, etc. someone who represents from another borough can visit or listen to our concerns but that would not come close to representation by an individual with a legal address here. Each City Council Member should be from each area not overlapping. Unless the Council Member walks in our shoes they can never relate. That is not true representation.

Kindest Regards,  
Nancy DeMuro
