Dear Members of the NYC Districting Commission,

My name is **Hassan Bakiriddin** and I am the **President** of an organization named the **Unified Political Association (UPA)** and I am writing regarding my opposition with the recently released maps that the **NYC Redistricting Commissioner** drafted for Council District 45, in which will remove a large portion of our **Flatbush, Flatlands and East Flatbush sections** of our district. Over the past 17 years, I have lived/worked in Council District 45 as a homeowner/community resident, and I have seen how important the presence of the Unified Political Association is in the area and how Council District 45 has been a major resource for our political club, because we serve a large portion of predominantly Caribbean and South Asian constituents from the Flatlands and East Flatbush areas.

The map submitted by **Councilmember Farah Louis**, includes provisions for expanding her district further into the **East Flatbush, Flatlands and Canarsie areas** to meet the criteria of the charter and increase our population but also to include more healthcare institutions, parks and senior center options for the district, solidifying her commitment to bring increased access to our vulnerable population who rely on **affordable healthcare for their families, and quality programs for youth and families.**

Without these expansions, our area will not have the opportunity for expanded services in **housing, healthcare, senior citizens assistance programs, crime prevention and youth programs.** The areas that were cut by your commission, compromises common ties of a growing Caribbean and South Asian population in our district.

I hope you all take the time to reconsider the disparities represented on the preliminary map and restore the **East Flatbush and Remsen Village Neighborhoods** back into Council District 45 and have them remain the new district lines and expand the district further northeast into **East Flatbush, Flatlands and Canarsie.**

Enclosed is a map by Council Member Louis that includes our communities' preferred proposed map and new areas that will expand schools, health care access and park space for in Council District 45.

Sincerely,

Hassan Bakiriddin

Hassan Bakiriddin,
President
