

BEYOND RIKERS

TOWARDS A BOROUGH-BASED JAIL SYSTEM

126-02 82nd avenue

In Queens, the City would demolish the existing Queens Detention Facility at 82nd avenue and replace it with a modern facility. The new jail would have housing units for detainees, programming and recreational space, and a new above-ground public parking facility. On the ground floor there would be publicly-accessible community space.

Community engagement in this process is critical, as the path forward relies on continued support for this vision. The City is leading a public review process to engage people who are detained, staff, families, service providers, attorneys, advocates, community members, and neighborhood groups to ensure that the voices of New Yorkers from all communities can help shape the plan. Through this process, concerns about design and neighborhood impacts will be heard and taken into account. To receive updates and view information on community engagement please visit:
