

LGBTQ+ Resources for Re-Entry

Our identities impact that way we must navigate the world, because our identities change the ways in which the world responds to our needs.

This guide provides safe, supportive and affirming resources that address the many needs of LGBTQ+ identified people.

Organization of Resource Guide:

The guide is organized by need. Each section will begin with a common request for support made or needed by LGBTQ+ identified people. A list of service provided and contact information will follow.

This is not an exhaustive list of safe and affirming services for LGBTQ+ people. If you know of any services that are not listed, please bring them to the attention of the Director of LGBTQ+ Initiatives

For any questions, concerns or needs that are not addressed in this resource guide please ask your Social Service Counselor to connect you with the LGBTQ+ Services Coordinator or Director of LGBTQ+ Initiatives.

57 WILLOUGHBY ST, BROOKLYN, NY

Concern: HOUSING

I do not have a safe home to go back to

I am worried about entering the shelter system because of my identity.

I am worried I will not be accepted into a shelter than aligns with my gender identity.

NYC Human Rights Law states, “ people be permitted to use single-gender facilities... that most closely align with their gender, regardless of their gender expression, sex assigned at birth, anatomy, medical history, or the sex or gender indicated on their identification. Covered entities that have single-occupancy restrooms should make clear that they can be used by people of all genders.”

This law is inclusive of NYC based:

- Shelters
- Public Accommodations
- In-patient & Out-patient Rehab Centers
- In-patient & Out-patient Treatment Programs

*“Some people, including customers, other program participants, tenants, or employees, may object to sharing a facility or participating in a program with a transgender, non-binary, or gender non-conforming person. **Such objections are not a lawful reason to deny access** to that transgender, non-binary, or gender non-conforming person. In those circumstances, a covered entity may offer alternatives for the individual expressing discomfort, by, for example, providing a single-occupancy restroom to change in.”****

Homeless LGBTQ identified people are at greater risk for physical, sexual and emotion assaults while living in general shelter.

It is imperative that we work towards minimizing risks and maximizing safety when providing housing options for homeless LGBTQ identified people.

Concern: LEGAL ASSISTANCE

I want to know my rights as an LGBTQ identified person as it pertains to employment, housing, immigration, public services, and/or school.

I am concerned my rights are being violated, in the community or while in custody.

I need legal assistance or information in regards to employment, family law, housing, immigration, public services, school, etc.

NYC COMMISSION ON HUMAN RIGHTS:

The NYC Commission on Human Rights is the City agency that enforces and educates on the City Human Rights Law, one of the most robust civil rights laws in the nation. Under the NYC Human Rights Law, it is illegal to discriminate based on actual or perceived sexual orientation or gender. Discrimination because of gender includes discrimination based on gender identity or expression, or being intersex. These protections cover discrimination in many places, including at work, at school, in housing, and in public spaces, such as restaurants, movie theaters, or parks. The law also protects NYC's Lesbian, Gay, Bisexual, Transgender, Queer, and Intersex (LGBTQI) communities against retaliation, discriminatory harassment, and bias-based profiling by law enforcement. **SERVICES AVAILBLE AT NO COST**

MAIN LOCATION:

22 Reade Street, New York, NY
