Statement by Commissioner Brann

NYC Department of Correction Commissioner **Cynthia Brann** said:

“I would like to personally thank all of our officers for displaying such courage and bravery in the early days of this historic transition. They have repeatedly put themselves in harm’s way to break up a number of fights and I want to commend them on their professionalism and commitment to this important reform. Our officers’ health and safety remain our top priority, and we always encourage them to have any and all possible injuries checked out by medical professionals to ensure their wellbeing. We thank them again for their commitment to their law enforcement duties and their presence in this facility, which will help make this transition a success.”
