<sup>1</sup>Excludes people known to have been diagnosed outside NYC. <sup>2</sup>HIV diagnosed concurrently with AIDS (within 31 days of HIV diagnosis). <sup>3</sup>Includes concurrent HIV/AIDS diagnoses. <sup>4</sup>Includes deaths from any cause in people with HIV. <sup>5</sup>Additional gender identities include nonbinary, genderqueer, gender non-conforming, and any gender identity not previously listed. Gender identities are based on limited reported HIV surveillance data and are listed without any intended hierarchy or prioritization. <sup>6</sup>Black, white, Asian or Pacific Islander, Native American, and multiracial race categories exclude Latino ethnicity. People with the ethnicity Latino are grouped in the Latino category regardless of their race classification. <sup>7</sup>For HIV and AIDS diagnoses, age at diagnosis; for people with HIV, age at the end of the calendar year; for deaths, age at death. <sup>8</sup>For HIV and AIDS diagnoses, borough of residence at diagnosis; for people with HIV and deaths, borough of residence on most recent record available. <sup>9</sup>Neighborhood poverty level determined by proportion of residents living below federal poverty level (FPL) in NYC ZIP code of residence. For HIV and AIDS diagnoses, ZIP code of residence at diagnosis; for people with HIV and deaths, ZIP code of residence on most recent record available. Low poverty = less than 10% below FPL; medium poverty = 10% to less than 20% below FPL; high poverty = 20% to less than 30% below FPL; very high poverty = greater than or equal to 30% below FPL. As reported to the NYC Health Department by March 31, 2025.

<sup>1</sup>Men includes transgender men and people assigned male sex at birth whose gender is categorized under additional gender identities. Black, white, Asian or Pacific Islander, Native American, and multiracial race categories exclude Latino ethnicity. People with the ethnicity Latino are grouped in the Latino category regardless of their race classification. <sup>2</sup>Excludes people known to have been diagnosed outside NYC. <sup>3</sup>HIV diagnosed concurrently with AIDS (within 31 days of HIV diagnosis). <sup>4</sup>Includes concurrent HIV/AIDS diagnoses. <sup>5</sup>Includes deaths from any cause in people with HIV. <sup>6</sup>In order to protect privacy and confidentiality, borough categories have been combined due to the presence of a table cell representing 1 to 5 people with an underlying denominator of ≤500 people or a cell with a denominator of ≤100 people, as per corresponding year intercensal population estimates. The 'Other or unknown' borough category includes Staten Island, Outside NYC, and unknown groups.

The following ZIP codes are included in Crotona - Tremont: 10453, 10457, 10460.

<sup>1</sup>Excludes people known to have been diagnosed outside NYC. <sup>2</sup>HIV diagnosed concurrently with AIDS (within 31 days of HIV diagnosis). <sup>3</sup>Includes concurrent HIV/AIDS diagnoses. <sup>4</sup>Includes deaths from any cause in people with HIV. <sup>5</sup>Men includes transgender men and people assigned male sex at birth whose gender is categorized under additional gender identities, and women includes transgender women and people assigned female sex at birth whose gender is categorized under additional gender identities. <sup>6</sup>In order to protect privacy and confidentiality, race or ethnicity categories have been combined due to the presence of a table cell representing 1 to 5 people with an underlying denominator of ≤500 people or a cell with a denominator of ≤100 people, as per corresponding year intercensal population estimates. The 'Other or unknown' race or ethnicity category includes Native American, Multiracial, and unknown groups.

As reported to the NYC Health Department by March 31, 2025.
