

**ONE OVERDOSE
CAN TAKE A LIFE.**

**ONE FRIEND
WITH NALOXONE
CAN SAVE IT.**

**NO ONE SHOULD DIE
OF AN OVERDOSE.**

Fentanyl is making the drug supply more dangerous and more New Yorkers are dying of overdose than ever before. What you know can help save a life. Help keep our communities safe by learning about overdose risk and supporting access to lifesaving services.

For emotional support or substance use services, call **988** or visit nyc.gov/nycwell.

To learn more, visit nyc.gov/alcoholanddrugs.
