

Confidential rapid testing for chlamydia, gonorrhea, syphilis and HIV is available at the NYC Sexual Health **Express Clinics**. Most test results are available in 24 hours or less.

Make an Express Clinic appointment by scanning the QR code or visiting **[bit.ly/sti-scheduling](https://bit.ly/sti-scheduling)**.

Anyone age 12 or older **without** symptoms of a sexually transmitted infection (STI) can visit an Express Clinic for testing. Services are available at no cost and regardless of immigration or insurance status.

People **with** symptoms can get STI testing and care at NYC Sexual Health Clinics (non-express).

To speak to a health care provider about sexual health testing and care, call the Clinics' hotline at 347-396-7959, Monday to Friday, 9 a.m. to 3:30 p.m.

For more information about available NYC services for sexual health testing and care, call **311** or visit **[nyc.gov/health/sexualhealthclinics](https://nyc.gov/health/sexualhealthclinics)**.
