

# HEALTHY AND SAFE DIAPER CHANGING FOR CHILD CARE PROVIDERS

**1.** Wash hands and wear gloves. Have all your supplies organized and within reach.

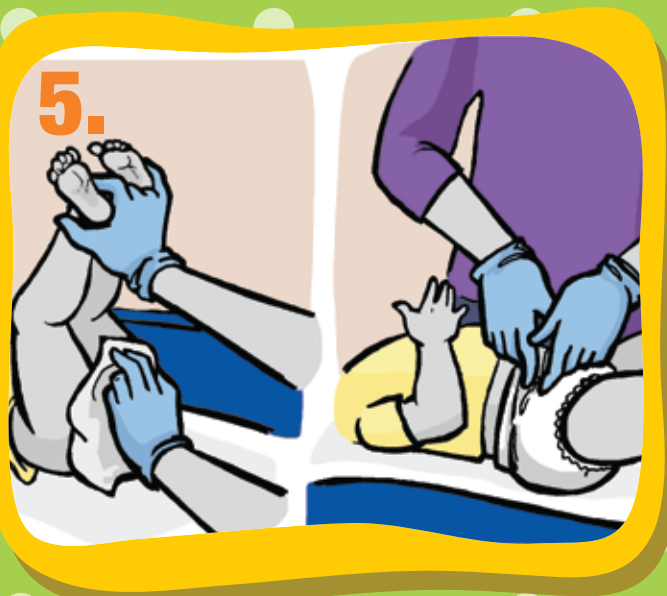

**2.** Cover the diapering area with new paper.

**3.** Remove the soiled diaper.

**4.** Throw the soiled diaper into a pail with a lid.

**5.** Clean the child's bottom thoroughly. Then place a clean diaper and clothing on the child.

**6.** Dispose of gloves and wash your hands thoroughly.

**7.** Clean the child's hands. Soap and water is best.

**8.** Clean and sanitize the changing station. Wash hands again when finished.

**KEEP CHILDREN SAFE AND HEALTHY. NEVER LEAVE CHILDREN UNATTENDED.**
