

## CELEBRATIONS, SCHOOL STORES AND FUNDRAISING

Our school promotes smart snack and beverage choices so that our students thrive in a healthy learning environment. Eating healthy foods fuels our students' bodies and brains so they can remain focused in the classroom. It also helps them establish healthy eating habits.

### CELEBRATIONS

Our school regulates food that is served at class parties and other school celebrations.

"Competitive foods" refers to food and beverage items — sold to students at vending machines, school stores, school fundraisers and school-based kitchens — that do not contain any artificial sweeteners, caffeine or carbonation. Foods and beverages sold in these settings are governed by [Chancellor's Regulation A-812](#). As of February 2010, only foods and beverages that meet the New York City Department of Education's (NYC DOE) [SchoolFood guidelines](#) can be offered for sale during school hours. The [SchoolFood list](#) does not include items prohibited by federal or New York State law. More food resources for schools can be found on the NYC DOE's [web page](#).

We celebrate in the following ways:

- By limiting unhealthy celebration foods and encouraging healthy foods and activities
- Storytelling
- Indoor and outdoor games
