Overall Coverage (all infants)		98963	2934	96029	75516	78.6	n/a

Average Coverage (facility-level)	83.6%
Median Coverage (facility-level)	91.0%

* Includes hepatitis B vaccination given on day 0 (birth), day 1, day 2 and day 3 to infants regardless of birth weight. Source: NYC Department of Health and Mental Hygiene Citywide Immunization Registry

† This measure is for infants born in 2020 in an NYC delivery facility. The numerator includes infants who received hepatitis B vaccine regardless of birth weight; the denominator includes infants with birth weight > 2000 grams. The percent vaccinated may be greater than 100% because some infants with birth weights < 2000 grams may have received the hepatitis B vaccine at birth. Source: NYC Department of Health and Mental Hygiene Office of Vital Statistics
