March 2022

As a member of Healthy NYC, you are invited to take the Household Energy Needs Survey. The survey tells us if New Yorkers have access to the energy and other utilities they need at home, and how this may impact health and well-being. Your experiences are important and help the City develop programs that can benefit you and your family.

There are two ways to participate in March.

1. Online

- Go to HealthyNYCsurvey.com/energy, or
- Text ENERGY to 844-464-0032 to receive a link to the survey on a smartphone,* or
- Scan the QR code at the bottom of the page with a smartphone

2. Phone

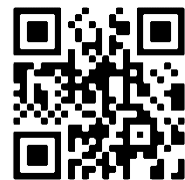

- Online is the easiest way to participate. If you cannot take the survey online, call 888-692-0023 weekdays from 1 p.m. to 5 p.m. to take the survey over the phone or to make an appointment.

To start the survey, **enter the unique participant ID provided**. If you do not know your participant ID, contact us at HealthyNYC@health.nyc.gov or 888-692-0023.

Don't miss out on the **\$10 gift card**[†] that is sent to everyone who completes the survey!

Thank you.
