## Healthy NYC Women's Reproductive Health Survey

### **What is the Healthy NYC Women's Reproductive Health Survey?**

The Healthy NYC Women's Reproductive Health Survey is conducted by the NYC Department of Health and Mental Hygiene (Health Department) to learn about New Yorkers' reproductive health practices, and to understand what the impact of public policy and access to services has on those practices.

The survey asks about your general health, your pregnancy and birth history, family planning and contraceptive use, abortion access, and awareness of services available citywide. We want to hear from you—even if you haven't used family planning or been pregnant—and get your feedback on resources available in the city. We are trying to understand how the Health Department can promote reproductive health through its messaging, programs, and policy.

**You can choose not to answer any question — participation is completely voluntary.**

### **How is the Health Department going to use the survey information?**

The Health Department will combine your answers with the answers from other participants to better understand the reproductive health of New Yorkers.

### **How do I know this study is legitimate or what if I need more information?**

For more information and to verify the legitimacy of the survey, visit [nyc.gov/health/nycsurveys](http://nyc.gov/health/nycsurveys) or contact 888-692-0023 or [HealthyNYC@health.nyc.gov](mailto:HealthyNYC@health.nyc.gov).

### **Is participant information confidential? Will participant privacy be protected?**

The Health Department will share the anonymous survey results with the public. We make every effort to protect your privacy and keep your personal information confidential. Research documents are kept on password-protected computers, and only a limited number of authorized people have access. **If a person chooses not to participate, it will not affect any benefits that they or their family receive from any government agency.**

### **How do I take the survey over the phone?**

This survey is not available to take over the phone because some questions require you to view images. The survey can only be accessed online using a web link.

### **How long will my gift card take to arrive?**

Both emailed (electronic) and mailed (physical) gift cards take two to three weeks to arrive. Electronic gift cards (those received by email) can only be used for online purchases.

### **Where does the gift card come from so I can look out for it?**

Electronic gift cards are emailed from "Healthy NYC" ([HealthyNYC@comms.health.nyc.gov](mailto:HealthyNYC@comms.health.nyc.gov)). Be sure to check your email inbox's Promotions and Spam folders. If you unsubscribed from receiving emails from Healthy NYC you may not receive your electronic card and should select a physical card instead. Email [HealthyNYC@health.nyc.gov](mailto:HealthyNYC@health.nyc.gov) or call 888-692-0032 to update your email preferences.

## **Reproductive Health Information and Resources**

The NYC Health Department operates **Sexual Health Clinics** where you can go to get low or no cost sexual health care services, such as screening for STIs, HIV testing, and birth control. Clinics are located in Manhattan, the Bronx, Brooklyn, and Queens. For more information on times and locations, please visit the Sexual Health Clinics page at [nyc.gov/health/sexualhealthclinics](http://nyc.gov/health/sexualhealthclinics).

The New York City Abortion Access Hub provides confidential support for anyone seeking **abortion services**, regardless of immigration status or residency. Hours are Mon-Sat from 8am to 8pm. For more information please visit [nyc.gov/abortion](http://nyc.gov/abortion) or call the hotline directly at 1-877-NYC-AHUB (1-877-692-2482).

Several non-profit organizations also provide comprehensive and confidential reproductive health services. **Planned Parenthood** of New York City has a location in each borough. Information about services and hours can be found at [www.plannedparenthood.org/get-care](http://www.plannedparenthood.org/get-care) or by calling 1-800-230-PLAN (1-800-230-7526).

**All-Options** is a confidential talkline for discussing pregnancy experiences and decisions, including pregnancy, parenting, abortion, and adoption. The All-Options toll-free talkline can be reached by calling 1-888-493-0092 Monday-Friday between 10 am-1 am, and Saturday-Sunday 10 am – 6pm EST. More information about the talkline can be found at [www.all-options.org/find-support/talkline](http://www.all-options.org/find-support/talkline).

## **Other Resources**

We understand home is not always safe. Visit [nyc.gov/nychope](http://nyc.gov/nychope) to find **services for domestic and gender-based violence survivors**. You are not alone. Call NYC's 24-hour hotline at 800-621-4673 or **911** for emergencies.

### **How can I get help with a health issue or support from the City?**

For information on **where to get help for a health issue**, call the NYC Health Department at **311** or visit [nyc.gov/311](http://nyc.gov/311). For support for **employment, health insurance, housing and more**, call 311 or visit [nyc.gov/coronavirus](http://nyc.gov/coronavirus) to get information about resources.

### **What if I have other questions?**

Participants can email [HealthyNYC@health.nyc.gov](mailto:HealthyNYC@health.nyc.gov) or call 888-692-0023.
