

**West Nile Virus activity\* detected recently in the following**  
Queens zip codes: 11354, 11356, 11357, 11360, 11361, 11362, 11365, 11422, 11426, 11434, 11691, 11692, 11693, 11694

---

**Neighborhoods: Bayside, Bay Terrace, Beechhurst, College Point, Douglaston, Edgemere, Far Rockaway, Glen Oaks, Laurelton, Linden Hill, Pomonok, Rochdale, Rockaway Park, Seaside, Somerville, Whitestone**

Now is the time for New Yorkers – especially people over 50 or with weakened immune systems – to take **personal precautions to prevent mosquito bites:**

- **Use repellents that contain 2-undecanone, DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
- **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
- **Make sure that your doors and windows have tight-fitting screens.**  
Fix or replace screens that have tears or holes.

---

**Reduce mosquito exposure around your home:**

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to [www.nyc.gov/health](http://www.nyc.gov/health).
