

**West Nile Virus activity\* detected recently in the following  
Manhattan zip codes: 10000, 10002, 10011, 10025, 10026, 10029, 10031, 10032, 10033, 10034**

---

**Neighborhoods: Chinatown, East Village, Greenwich Village, Hamilton Heights, Inwood, Little Italy, Manhattan Valley, Manhattanville, Morningside Heights, Spanish Harlem, Upper West Side, Washington Heights**

Now is the time for New Yorkers – especially people over 50 or with weakened immune systems – to take **personal precautions to prevent mosquito bites:**

- **Use repellents that contain 2-undecanone, DEET, Oil of Lemon Eucalyptus, IR3535, or Picaridin and ALWAYS follow label instructions.**
  - **If outside from dusk to dawn, wear protective clothing** if possible, such as loose-fitting pants, long-sleeved shirts, and socks.
  - **Make sure that your doors and windows have tight-fitting screens.**  
Fix or replace screens that have tears or holes.
- 

**Reduce mosquito exposure around your home:**

- Eliminate any standing water that collects on your property.
- Remind or help neighbors to eliminate standing water on their properties.
- Call **311** to report standing water.

For more information about West Nile virus, call 311, or go to [www.nyc.gov/health](http://www.nyc.gov/health).
