Report Released Today

Today, Special Commissioner of Investigation Richard J. Condon released a report detailing an investigation which found that Wei Liu, a Confidential Investigator assigned to the Department of Education (DOE) Office of Special Investigations (OSI), made inaccurate statements and drew inaccurate conclusions in an OSI report substantiating misconduct on the part of Occupational Therapist Debra Fisher, assigned to PS 333 in Manhattan. The statements and conclusions were at least partially responsible for Liu's substantiated findings in the OSI case, which resulted in the DOE taking disciplinary action against Fisher. The SCI investigation also substantiated, more generally, that OSI investigators and their investigations do not receive adequate supervision.

Special Commissioner Condon has referred his findings to Chancellor Fariña.

The Office of the Special Commissioner of Investigation is part of the New York City Department of Investigation and Special Commissioner Condon reports to Commissioner Mark G. Peters.
