14:07:12 From Robert Robinson : Good Afternoon! Robert Robinson, Senior Director of Intergovernmental Affairs, CHCR, Inc. Happy to be here!

14:08:54 From Lori Conkling : Lori A. Conkling, Director, Labor Market Research & Workforce Development, Queensborough Community College, Good afternoon!

14:09:06 From Robert Robinson : Reacted to "Lori A. Conkling, Di..." with 👍

14:27:55 From Marcia Decaille : Good Afternoon, will DYCD make referrals for participants for this program?

14:27:58 From Robert Robinson : Hi, Rob Robinson here, CHCR. Will a copy of this recording be made available, for further review?

14:28:26 From Natasha Russell : NYC Health and Hospitals is considered a City Agency in the Passport system, and was informed we aren't able to submit proposals through the system. This is a MOCS configuration. Are you accepting proposals for off-line proposal submission.

14:28:38 From Annette Velez : It is clear that at least 3 years of relevant experience is required. Is that specific only to work with fathers, or is work with families in general including mothers and fathers (parenting classes and supports) considered relevant?

14:28:46 From Robert Robinson : Additionally, is there an email address connected to your Team, where we can ask any additional questions we may have?

14:28:50 From Nirvana Singh : Is the \$200 incentive included in the price per participant? Or will this incentive be provided in addition to the PPP?

14:29:01 From Bibi Karim : Do we need to project \$200 incentive for all 175 clients?

14:29:01 From Trudy Brown Ripin : For the character counts listed in the Questionnaire, are these maximum characters including spaces or not including spaces? Thank you!

14:30:05 From Nora Oz : Good afternoon. Nora Oz, CPO at Dorill Initiative. I have a couple of questions: 1) How do you select which contracts meet which output/outcome expectations? 2) When you say we are required to have 6 partnerships but 3 need to be external does that mean that those 6 elements need to be available to participants or we need 6 separate partnerships with other orga to provide those elements? 3) We share space with our partners to provide services, how do you define site control? 4) Are we allowed to decrease the amount of allocated incentive payments?

14:31:31 From Messiah Ramkissoo : Will there be any changes on the procurement front to expedite funding to awardees closer to start date of workscope implementation, if and once approved?

14:32:17 From Nirvana Singh : Thanks!

14:32:42 From Christopher Wilson : How will funding be allocated? Will we have funding allotted to us before program starts or it's a reimbursement process?

14:34:51 From Christopher Wilson : How will the program be Evaluated? Is there going to be a rubric?

14:35:35 From Rebekkah Boxton : Can you elaborate on the 6 community partnerships? How do you have an "internal" community partnership?

14:43:08 From Robert Robinson : And is there data to show past success?

14:43:20 From Esther Kuykendoll : Example Cornerstone and this initiative

14:43:44 From Nora Oz : If we have fathers coming to the program who live in a different borough from where the program is being held does that matter?

14:44:35 From Christopher Wilson : What if an organization used to have a fathers program in the past but currently they do not does that experience count?

14:45:57 From Nora Oz : Thank you

14:45:58 From Patricia Wilkins : Does prior experience with the fatherhood program advance your chances of obtaining the contract

14:46:21 From Nirvana Singh : Follow-up to Esther's question: Does the restriction on staff splitting apply to all the roles outlined in the RFP?

14:49:40 From Allyson Walker : Awesome, great job guys.....

14:50:11 From Sean Williams : If awarded are we expected to have the site leased already or upon receiving the award
