

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

Summary:

The New York City Emergency Management Department (NYCEM) has plans and protocols in place to guide New York City’s response to weather emergencies, including plans for winter weather, coastal storms, extreme heat, flash floods, and events causing power outages, damage to structures, and/or significant amounts of debris. The four key weather emergency plans include the *Winter Weather Emergency Plan*, *Coastal Storm Plan*, *Heat Emergency Plan*, and *Flash Flood Emergency Plan*. Each plan:

- Describes a coordinated, flexible response to the hazardous weather event.
- Defines agency roles and responsibilities.
- Guides agencies through key decisions and actions to mitigate effects on people, critical infrastructure, and City operations

<i>Plan Activation Process</i>	<ul style="list-style-type: none"> • NYCEM Watch Command tracks New York City weather conditions in real-time in conjunction with the National Weather Service, 24 hours a day, seven days a week, and disseminates related hazard information to agencies. • When a weather emergency meets one or more of the forecast triggers, NYCEM convenes interagency steering committee conference calls to coordinate preparation for the event and activates relevant plans and operations. • NYCEM activates the Emergency Operations Center (EOC), when necessary, to prepare for and respond to weather emergencies. • NYCEM provides public messaging through Notify NYC, NYCEM’s website, and the NYC Severe Weather website, as well as social media, emails and calls to elected officials, private and non-profit partners, and other means. • When a weather emergency exhausts New York City’s response resources, NYCEM will work with agencies to identify vendors that can provide appropriate resources or will request support from the state through the established mission request process. • If conditions warrant, NYCEM may concurrently activate additional all-hazards and recovery plans and protocols. 		
<i>Activation Levels</i>	Based on forecast triggers and interagency steering committee discussion, NYCEM may convene citywide coordination at one of the following levels:		
	Level	Coordination Center	Agencies
	1	EOC (full)	NYCEM personnel, all interagency steering committee agencies, and additional subject matter experts and partners as needed
	2	EOC (partial)	NYCEM personnel and a subset of interagency steering committee agencies
	3	Situation Room	NYCEM personnel and key interagency steering committee agencies
4	Watch Command	The City’s EOC is always, at a minimum, at Level 4 activation. In modified Level 4 activations, EOC Team staff and agency representatives serve as an extension of Watch Command, as needed.	

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

<i>Mutual Aid Assistance</i>	If resources are required beyond City assets and procurement, NYCEM will request assistance from NYS Department of Homeland Security and Emergency Services (DHSES) through the following options (in order):	
	Mutual Aid Options	Description
	State-level or federal-level assets	NYS DHSES coordinates requested resource through appropriate NYS or federal agencies
	Intra-State Mutual Aid Program (IMAP)	Once an emergency is declared, NYCEM requests assistance from participating local governments within New York state
Emergency Management Assistance Compact (EMAC)	After gubernatorial declaration of state of emergency, NYS DHSES requests assistance from member states	

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

This document summarizes the weather emergency protocols that are contained within the NYC *Winter Weather Emergency Plan* (WWEP).

<i>Triggers</i>	<ul style="list-style-type: none"> • Snowfall exceeding three inches. • Temperature or wind chill below -5 °F at any time. • Sustained winds exceeding 40 miles per hour. • Forecasted ice storms or freezing rain. • At the request of City Hall 		
<i>Operational Strategies</i>	The following are WWEP strategies implemented by agencies and coordinated by NYCEM:		
	Objective	Operational Strategy	Agencies
	Provide Hazard Awareness and Disseminate Public Messaging	Issue Alerts and Declarations	DCAS, , DOHMH, DSNY, DOT, FDNY, LAW, Mayor's Office, NYCEM, NYCPS, NYPD, OLR
		Disseminate Public Information	311, OTI, DSNY, Mayor's Office, NYCEM, Steering Committee agencies
	Reduce Hazards on Roadways and Transportation Systems	Transportation Network Condition Assessment	311, DOT, DSNY, FDNY, NYCEM, TRANSCOM
		Street and Facility Clearing	311, DCAS, DEP, DOT, DPR, DSNY, MTA, NYCEM, PANYNJ
		Winter Weather Towing	DCAS, DOT, DSNY, FDNY, MTA, NYCEM, NYPD
		Transportation Network Operations and Suspensions	DOT, FAA, MTA, NYPD, NYS DOT, PANYNJ
	Reduce Building Infrastructure and Utility Hazards	No Heat/No Hot Water	311, CON ED, DOHMH, HPD, NATIONAL GRID, NYCHA, NYCEM
		Respond to Electric Utility Issues	CON ED, PSEG-LI
	Monitor and Support Vulnerable Populations	Situational Awareness and Resource Escalation	ARC, , HPD, MTA, NYCEM, NYCPS, Advance Warning System Agencies
		Homeless Outreach	311, DPR, DSNY, DSS, FDNY, MTA, NYPD, PANYNJ

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

Key Actions	The following represents the range of decisions and actions city agencies may initiate:	
	Action	Description
	Issue Travel Advisory and Hazardous Travel Advisory	Increase hazard awareness for the public and diminish numbers of vehicles on roadways.
	Close schools or reduced hours	Reduces number of children and parents using roadways.
	Suspend alternate side parking and/or meter rules	Reduces number of people moving vehicles due to parking rules.
	Begin towing operations	NYPD, DSNY, or entity designated by DOT may remove vehicles obstructing traffic or illegally parked.
	Activate Tow Truck Task Force	Coordinated towing of stuck ambulances, buses, and other vehicles.
	Issue Cold Weather Alert	Triggers increased outreach to vulnerable populations; issued automatically when overnight temperatures are forecast to fall below 32°F.
Plan Activations	Issue DSNY Snow Alert	Triggers mobilization of DSNY resources and activation of PlowNYC link on the NYC Severe Weather Website; issued when snow is predicted within 24-48 hours. Open Street partners will be notified if road treatment is needed, and Open Restaurants partners will be asked to demobilize if weather conditions is extreme.
	Issue weather emergency declaration	A mayoral weather emergency declaration may include any of the actions listed above necessary to protect public safety.
	<ul style="list-style-type: none"> NYCEM activated the <i>Winter Weather Emergency Plan</i> five (5) times during the reporting period of November 15, 2023 to November 14, 2024 <ul style="list-style-type: none"> January 5, 2024 January 15, 2024 January 18, 2024 February 12, 2024 February 16, 2024 	

NYC Emergency Management

	<ul style="list-style-type: none"> • Mayor’s Office of Housing Recovery Operations • Metropolitan Transportation Authority • Metropolitan Transportation Authority Police Department 	<ul style="list-style-type: none"> • U.S. Department of Health and Human Services/ Administration for Strategic Preparedness and Response. • Verizon • Voluntary Organizations Active in Disaster (VOAD)
<i>Operational Strategies</i>	<p>New York City’s coastal storm response is guided by the following strategic, operational, and tactical documents. These planning documents are stand-alone documents implemented by agencies and coordinated by NYCEM:</p>	
	Coastal Storm Functional Plan	Description
	Coastal Storm Plan (CSP)	The Coastal Storm Plan is a companion document to the Coastal Storm Activation Playbook (CSAP). The CSP provides a high-level, citywide overview of response, relief, and recovery operations during a coastal storm. Specifically, it defines authorities, timelines, and procedures for communication, coordination, decision-making, and operations.
	Coastal Storm Activation Playbook (CSAP)	Provides structure to a citywide response. The CSAP consists of quick sheets, which are outlines of operational strategies used for reference. Quick sheets include task lists, organization charts, conference call forms, critical information dashboards, incident data reports, incident timelines, and ESF roles and responsibilities.
	Advance Warning System Protocol*	Pushes targeted emergency information to organizations that serve people with disabilities and others with access and functional needs during emergencies.
	Evacuation	Describes the systems, processes, and procedures to evacuate at-risk population from areas of the city that may be inundated with storm surge to safer areas prior to the predicted Zero Hour.
	Healthcare Facility Evacuation Center Manual	Describes a coordinated operation to evacuate at-risk healthcare facilities in evacuation zones to like facilities on higher ground.
	Sheltering	Explains the procedures to activate and manage a disaster sheltering system for New Yorkers and visitors unable to find alternative shelter outside of storm surge areas.
	Transportation Branch Manual	Describes coordinated allocation of transportation resources for discrete transport missions.
Logistics*	Outlines the basic activities and timelines needed to effectively implement shelter system support and post-storm commodities distribution operations.	
	Public Information*	Outlines steps for City public information efforts before, during, and after a coastal storm.
	Recovery Playbook	Outlines the phases of recovery and how the City supports them through various task forces and plans.
	Debris Management*	Provides organizational structure, guidance and standardized procedures for debris clearance, removal, storage, and disposal.

 November 15, 2023, through November 14, 2024

* All-Hazards plans not limited to coastal storm activations.

<i>Key Actions</i>	The following represents the range of decisions and actions City agencies may initiate:	
	Action	Description
	Issue recommended evacuation	Issued when risks do not warrant an evacuation order; may target specific areas, facilities, or populations.
	Close schools	Reduces number of children and parents using roadways. Schools must close before buildings can open to the public for sheltering operations.
	Issue ordered evacuation	Issued under authority of executive law; empowers the mayor to make emergency orders to protect life and property, inclusive of general population, healthcare facilities, and homebound evacuations.
	Issue recommended/ordered cessation of non-essential services	Allows citywide resources to be directed toward response operations, especially in specific areas or facilities.
	Open shelters	Allows voluntary evacuation as a response to a localized threat or supports a mandatory evacuation.
	Issue weather emergency declaration	A mayoral weather emergency declaration may include any of the actions listed above necessary to protect public safety.
<i>Plan Activations</i>	<ul style="list-style-type: none"> NYCEM activated the <i>Coastal Storm Plan</i> zero (0) times during the reporting period of November 15, 2023 to November 14, 2024.

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

The following are HEP strategies implemented by agencies and coordinated by NYCEM:			
<i>Operational Strategies</i>	Objectives	Operational Strategy	Agencies
	Provide Hazard Awareness and Disseminate Public Messaging	Disseminate Public Information	311, DOHMH, FDNY, NYCEM
	Minimize Impacts to Public Health	Activate the Advance Warning System	ACS, ARC, Brooklyn Public Library, CCBQ, CCNY, Con Ed, DFTA, DOC, , DOHMH, DSS, DPR, DYCD, ESRD, God’s Love We Deliver, HBCA, H+H, Mayor’s Office, MOPD, MTA, NYCEM, NYCHA, NY Public Library, NYCPS, NYS DOH, NYS DHSES, NYS OMH, NYS OPWDD, PSEG – LI, Queens Public Library, SA, VA, Visiting Nurse Service of NY
		Activate Cooling Centers	311, Brooklyn Public Library, DFTA, OTI, DPR, DYCD, NYCEM, NYCHA, NYPD, NY Public Library, Queens Public Library, SA
		Conduct Homeless Outreach	311, DSS, DPR, DSNY, MTA, NYC DOT, NYCEM
	Minimize Impacts to Infrastructure	Relieve Stress on Electric System	Con Ed, DCAS, NYCEM, PSEG-LI
		Issue Excavation Safety Alert	Con Ed, DDC, DEP, DOT, DPR, MTA, NYCEM, NY 811, PSEG–LI, Verizon
		Distribute Spray Caps	DEP, FDNY, NYCEM, NYPD
	The following represents the range of decisions and actions city agencies may initiate:		
<i>Key Actions</i>	Action	Description	
	Disseminate public information	Communicate information about heat safety and power conservation tips to the public.	
	Activate the Advance Warning System	Disseminate information about forecast, potential hazards and available resources such as cooling centers to service providers who work with individuals with access and functional needs.	
	Activate cooling centers	Open free air-conditioned facilities (e.g., senior centers, libraries, community centers) to the public to assist individuals without access to air-conditioning.	
	Conduct homeless outreach	Increase monitoring and outreach to the homeless population to determine need for further protection from heat exposure.	

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

	Relieve stress on electric system	Identify strategies for reducing load on the electric system during heat emergencies, especially during peak load periods.
	Issue excavation safety alert	Provide guidance to contractors on enhanced protective measures to excavate safely to protect underground critical facilities.
	Distribute spray caps program	Distribute fire hydrant spray caps to the public to provide relief from the heat and minimize impact to fire hydrant water pressure.
<i>Plan Activations</i>	<ul style="list-style-type: none"> NYCEM activated the <i>Heat Emergency Plan</i> five(5) times during the reporting period of November 15, 2023 to November 14, 2024: June 17, 2024 July 6, 2024 July 14, 2024 July 31, 2024 August 27, 2024

	Operational Strategy	Agencies
	Provide Hazard Awareness and Disseminate Public Information	DEP, DSNY, DOT, MTA
	Mitigate Impacts to Transportation and Infrastructure Capacity	DEP, FDNY, NYPD, DOT, NYCEM, NYS DOT
Assist Residents Impacted by Flood Conditions	ARC, CAU, DEP, DOHMH, DSS, OTI, NYCEM	
	p	

NYC Emergency Management
 Local Law 24/2011 Weather Emergency Protocols Report
 November 15, 2023, through November 14, 2024

<i>Key Actions</i>	The following represents the range of decisions and actions City agencies may initiate:			
	Action	Description		
	Commence targeted cleaning and maintenance operations	City agencies deploy personnel to designated chronic flooding locations to clear streets and catch basins of debris.		
	Monitor chronic flood locations	City agencies and volunteers provide targeted monitoring of chronic flood locations to improve response during a flood event and to help direct recovery efforts.		
	Begin dewatering operations	FDNY provides dewatering equipment and personnel to support flood response at critical streets and intersections.		
	Provide recovery assistance	City agencies provide services and distribute appropriate recovery resources to affected residents through service centers or shelters.		
	Disseminate public information, including travel advisories	Increase hazard awareness to the public by communicating information about forecast, potential hazards, and flood recovery including mold remediation and services.		
Issue weather emergency declaration	A mayoral weather emergency declaration may include any of the actions listed above necessary to protect public safety.			
<i>Plan Activations</i>	<ul style="list-style-type: none"> NYCEM activated the Flash Flood Emergency Plan thirteen (13) times during the reporting period of November 15, 2023 to November 14, 2024 (this plan is specific-agency actions and not EOC activation):
