

Project # SANDRESM1 | Borough: Manhattan | Update: 05/27/2022

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

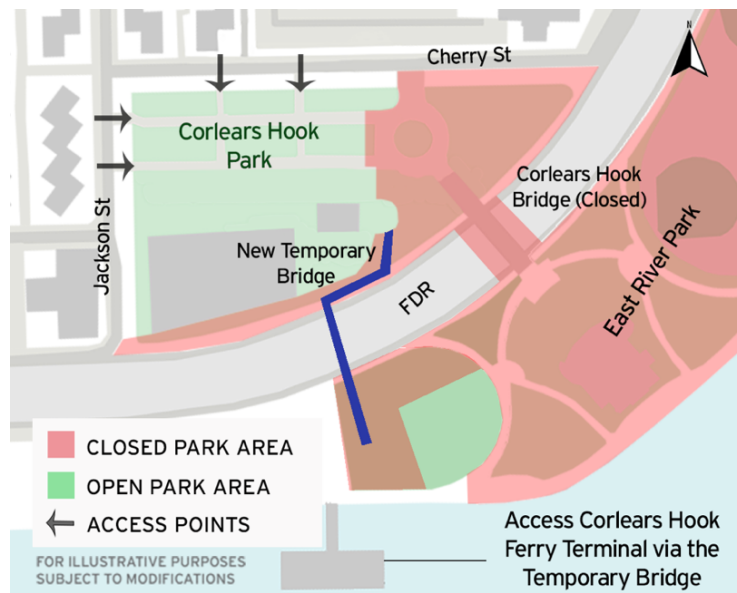

Corlears Hook Temporary Bridge and New Access Pattern

Starting week of June 6th, 2022

Corlears Hook temporary pedestrian bridge to open the week of June 6th, 2022, providing access to Corlears Hook Ferry landing and passive lawn.

Construction activities will necessitate the closure of the Corlears Hook Park flagpole area and Corlears Hook Bridge.

To access open park areas use entrances at Jackson Street and west entrances on Cherry Street. Please follow all on-site signage while closures are in effect to ensure safety. Noise and air monitors are in place.
