

Project # SANDRESM1 | Borough: Manhattan | Date: 12/20/2024

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan

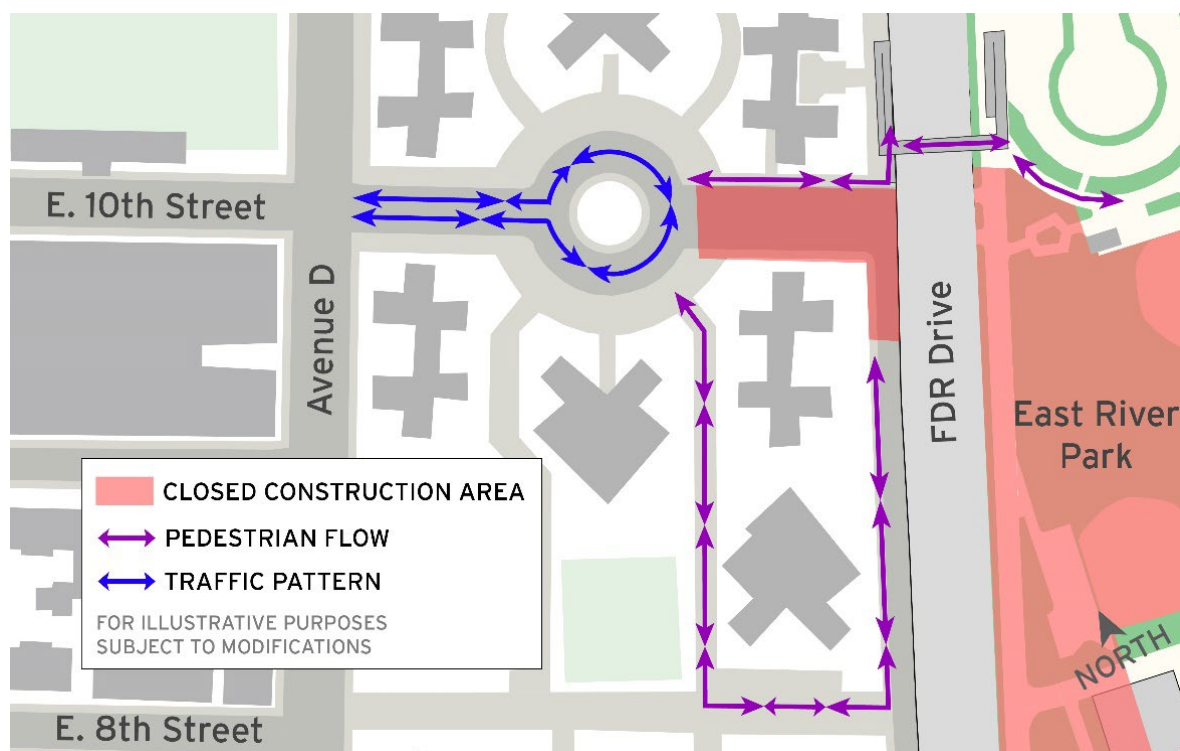

Daytime Road & Sidewalk Closure: E. 10th St. at FDR Drive Service Rd.

Restarting in December 2024

Ongoing for about four months

Monday - Friday, 7:00 AM - 4:00 PM

Sewer construction will require the full closure of East 10th Street at the FDR Drive Service Road. During work hours, the road and south sidewalk will be closed. Access will be restored at the end of each work day. This operation will also limit street parking on East 10th Street between FDR Drive and Avenue D. Please follow all signage and flaggers on-site to ensure safety.
