

Project # SANDRESM1 | Borough: Manhattan | Date: 04/17/2025

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

Preparation for E. 13th Street Floodwall Construction in East River Park & FDR Drive Beginning in Spring 2025

To facilitate the construction of the E. 13th Street Floodwall, preparatory operations will be taking place in East River Park and on the FDR Drive. Access to portions of the Greenway may be temporarily limited to ensure safety. Partial FDR Drive lane closures will be in effect during this time. Please follow detours and all on-site signage to ensure safety. **Please note that some of these activities will take place at night**, and they may be loud and disruptive. Noise & air quality monitors are in place.
