

Project # SANDRESM1 | Borough: Manhattan | Date: 05/07/2025

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

Preparation for Closure of the E. 10th Street Bridge Beginning the week of May 19, 2025

Preparation for the closure of the E. 10th Street Bridge will include activities such as installation of construction fencing and mobilization of equipment. This requires modified pedestrian access to and from 1017 FDR Drive via a temporary sidewalk, along with partial FDR Drive SB lane and service road closures. Noise, vibration, and air monitors are in place.

Advisory to follow on full E. 10th Street Bridge closure, which is scheduled for May 27, 2025.
