

Project # SANDRESM1 | Borough: Manhattan | Issue Date: 09/17/2025

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

Nightwork: Northern Section of East River Park between E. Houston St. and E. 14th St. Ongoing for approximately 2-3 weeks.

Overnight work hours are required for multiple activities occurring within the northern section of East River Park between E. Houston Street and E. 14th Street, including utility work, median demolition, and floodwall construction. **Some of these activities can be disruptive and loud.** Partial FDR Drive and FDR Drive Service Road closures will be in effect during this time. Please follow detours and all on-site signage to ensure safety. Noise, vibration, and air quality monitors are in place.
