

Project # SANDRESPC | Borough: Manhattan | Issue Date: 2/05/2026

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

Test Jet Grouting on E. 20th St.

Between Avenue C & 20 Street Loop

Starting Wednesday, February 18th, 2026

7:00am to 4:00pm

Ongoing for approximately two weeks

The contractor will perform jet grouting to prevent groundwater from seeping through the underground support of excavation wall. Test jet grouting will be conducted to confirm the method for the full jet grouting operations to be performed in the future. Noise, vibration, and air quality monitors are in place. Please follow all detours and on-site signage to ensure safety.
