Re: East Side Coastal Resiliency Project  
County: New York    Town/City: City Of New York

Dear Ms. Einhorn:

In response to your recent request, we have reviewed the New York Natural Heritage Program database with respect to the above project.

Enclosed is a report of rare or state-listed animals and plants, and significant natural communities that our database indicates occur in the vicinity of the project site.

For most sites, comprehensive field surveys have not been conducted; the enclosed report only includes records from our database. We cannot provide a definitive statement as to the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

Our database is continually growing as records are added and updated. If this proposed project is still under development one year from now, we recommend that you contact us again so that we may update this response with the most current information.

The presence of the plants and animals identified in the enclosed report may result in this project requiring additional review or permit conditions. For further guidance, and for information regarding other permits that may be required under state law for regulated areas or activities (e.g., regulated wetlands), please contact the NYS DEC Region 2 Office, Division of Environmental Permits, at [dep.r2@dec.ny.gov](mailto:dep.r2@dec.ny.gov), (718) 482-4997.

Sincerely,

Nicholas Conrad  
Information Resources Coordinator  
New York Natural Heritage Program

**The following state-listed animals have been documented adjacent to the project site.**

The following list includes animals that are listed by NYS as Endangered, Threatened, or Special Concern; and/or that are federally listed or are candidates for federal listing.

**For information about any permit considerations for the project, contact the Permits staff at the NYSDEC Region 2 Office at [dep.r2@dec.ny.gov](mailto:dep.r2@dec.ny.gov), (718) 482-4997. For information about potential impacts of your project on this species, and how to avoid, minimize, or mitigate any impacts, contact the Region 2 Natural Resources staff at (718) 482-4020.**

**The following species has been documented adjacent to the project site, at the Williamsburg Bridge.**

<i>COMMON NAME</i>	<i>SCIENTIFIC NAME</i>	<i>NY STATE LISTING</i>	<i>FEDERAL LISTING</i>
<b>Peregrine Falcon</b> <i>Breeding</i>	<i>Falco peregrinus</i>	Endangered	

11374

This report only includes records from the NY Natural Heritage database.

If any rare plants or animals are documented during site visits, we request that information on the observations be provided to the New York Natural Heritage Program so that we may update our database.

Information about many of the listed animals in New York, including habitat, biology, identification, conservation, and management, are available online in Natural Heritage's Conservation Guides at [www.guides.nynhp.org](http://www.guides.nynhp.org), and from NYSDEC at [www.dec.ny.gov/animals/7494.html](http://www.dec.ny.gov/animals/7494.html).
