New York State Department of Environmental Conservation Notice of Complete Application

Date: 06/24/2022

Applicant: NYC DEPT OF DESIGN & CONSTRUCTION

30-30 THOMSON AVE FL 5

LONG ISLAND CITY, NY 11101-3045

Facility: NYCDDC - East Side Coastal Resiliency

E Side Waterfront btw Montgomery St & E 25th St

Manhattan, NY 10002

Application ID: 2-6206-01582/00005

Permits(s) Applied for: 1 - Article 15 Title 15 Water Withdrawal Non-public

1 - Article 17 Titles 7 & 8 Industrial SPDES - Surface Discharge

Project is located: in NEW YORK COUNTY

Project Description:

The Department has prepared a draft permit and has made a tentative determination, subject to public comment or other information, to approve a proposed withdrawal and discharge of up to 6,600,000 gallons per day of treated groundwater into the Lower East River (Class I) from a treatment system consisting of sedimentation, filtration and carbon adsorption at the applicant's project site located in the vicinity of East River Park from Montgomery St to E 15th St in the Lower East Side area of Manhattan. The applicant proposes to operate a temporary construction dewatering and groundwater treatment system to facilitate replacement and construction of sewers and appurtenances related to the East Side Coastal Resiliency project. Pumped and treated groundwater is to be discharged to the Lower East River via existing NYCDEP outfalls (NCM-060, NCM-059, NCM-042, NCM-028, NCM-058, NCM-057, NCM-020, NCM-056, NCM-055, NCM-054, NCM-053), or, directed to an existing combined sewer on Avenue D that discharges to NYCDEP's Newtown Creek WRRF. Requests for a legislative (public statement) hearing must be sent in writing to the DEC contact person below by the comment deadline. The Department assesses such requests pursuant to 6 NYCRR Section 621.8. The draft SPDES permit and fact sheet are available online through the DECInfo Locator at <https://giservices.dec.ny.gov/gis/dil/index.html?WW=NY0277151>.

Availability of Application Documents:

Filed application documents, and Department draft permits where applicable, are available for inspection during normal business hours at the address of the contact person. To ensure timely service at the time of inspection, it is recommended that an appointment be made with the contact person. This project is subject to the Department's Environmental Justice Policy and an enhanced public participation plan has been prepared and accepted as a component of application completeness. As part of the plan, a document repository has been established near the project area that contains application and project related materials. Information on the repository location and other outreach components of the plan is available from the identified DEC contact.

State Environmental Quality Review (SEQR) Determination

A final environmental impact statement has been prepared on this project and is on file.

SEQR Lead Agency

NYC Dept of Parks & Recreation

State Historic Preservation Act (SHPA) Determination

Based on the information provided in cultural resources survey reports for this project, the New York State Office of Parks, Recreation and Historic Preservation (OPRHP) has determined that the proposed activity will have an impact on registered or eligible archaeological sites or historic structures. Measures have been undertaken in consultation with OPRHP to avoid or mitigate impacts to registered or eligible resources. These agreed upon measures conclude the SHPA review.

Coastal Management

This project is located in a Coastal Management area and is subject to the Waterfront Revitalization and Coastal Resources Act.

DEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)

The proposed action is subject to CP-29. An enhanced public participation plan was submitted by the applicant and has become part of the complete application.

Availability For Public Comment

Comments on this project must be submitted in writing to the Contact Person no later than 08/05/2022 or 30 days after the publication date of this notice, whichever is late
