

REPORT HEALTH CARE FRAUD & PATIENT PRIVACY VIOLATIONS

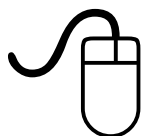

The **FDNY** fosters an organizational culture of compliance and ethics centered on preventing and resolving unprofessional and criminal conduct. We must all understand our responsibility to conduct health care operations ethically and within the bounds of the law. FDNY strictly prohibits any form of retaliation against an employee who in good faith reports potential health care compliance or patient privacy (HIPAA) violations.

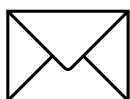

The **FDNY Office of Health Care Compliance** provides employees and members of the public with several ways to anonymously and confidentially report allegations of fraud, waste, or abuse, or patient privacy (HIPAA) violations. Requests for confidentiality will be honored to the fullest extent possible consistent with the obligation to investigate violations and take corrective actions.
