IMPORTANT INFORMATION CONCERNING FORM NYC-200V AND PAYMENT OF TAX DUE

Payments may be made on the NYC Department of Finance website at nyc.gov/eservices, or via check or money order. If paying with check or money order, do not include these payments with your New York City return. Checks and money orders must be accompanied by payment voucher form NYC-200V and sent to the address on the voucher. Form NYC-200V must be postmarked by the return due date to avoid late payment penalties and interest. See form NYC-200V for more information.

For taxpayers who use Form NYC-4S or NYC-4S-EZ, and, accordingly, allocate 100 percent of their income to the City, the amount of receipts used for this purpose is the total amount of all receipts the taxpayer has received in the regular course of business.

FEDERAL OR NEW YORK STATE CHANGES

For taxable years beginning on or after January 1, 2015, changes in taxable income or other tax base made by the Internal Revenue Service ("IRS") and/or New York State Department of Taxation and Finance ("DTF") will no longer be reported on form NYC-3360. Instead, taxpayers must report these federal or state changes to taxable income or other tax base by filing an amended return. This amended return must include the DOF tax worksheet that identifies each change to the tax base ("Tax Base Change") and shows how each such Tax Base Change affects the taxpayer's calculation of its New York City tax. Templates for the tax worksheets are available on the DOF website at nyc.gov/finance. This amended return must also include a copy of the IRS and/or DTF final determination, waiver, or notice of carryback allowance. Taxpayers that have federal and state Tax Base Changes for the same tax period may report these changes on the same amended return that includes separate tax worksheets for the IRS Tax Base Changes and the DTF Tax Base Changes. Note that for taxable years beginning on or after January 1, 2015, DTF Tax Base Changes may include changes that affect income or capital allocation.

The Amended Return checkbox on the return is to be used for reporting an IRS or DTF Tax Base Changes, with the appropriate box for the agency making the Tax Base Changes also checked. Taxpayers must file an amended return for Tax Base Changes within 90 days (120 days for tax-

payers filing a combined report) after (i) a final determination on the part of the IRS or DTF, (ii) the signing of a waiver under IRC §6312(d) or NY Tax Law §1081(f), or (iii) the IRS' allowance of a tentative adjustment based on an NOL carryback or a net capital loss carryback.

If the taxpayer believes that any Tax Base Change is erroneous or should not apply to its City tax calculation, it should not incorporate that Tax Base Change into its City tax calculation on its amended return. However, the taxpayer must attach: (i) a statement to its report that explains why it believes the adjustment is erroneous or inapplicable; (ii) the tax worksheet that identifies each Tax Base Change and shows how each would affect its City tax calculation; and (iii) a copy of the IRS and/or DTF final determination, waiver, or notice of carryback allowance.

For more information on federal or state Tax Base Changes, including a more expansive explanation of how taxpayers must report these changes as well as sample tax worksheets to be included within the amended return, see *Finance Memorandum 17-5, revised and dated 10/10/2018*.

To report changes in taxable income or other tax base made by the Internal Revenue Service and/or New York State Department of Taxation and Finance for taxable years beginning prior to January 1, 2015, the Form NYC-3360 should still be used.

For cooperative housing corporations as defined in the Internal Revenue Code, the rate of tax on capital is 4/10 mill (.04%) instead of 1 1/2 mills (.15%). For all other corporations subject to tax, including housing companies organized and operating pursuant to Article Four of the Private Housing Finance Law (other than cooperative housing corporations), the rate of tax on capital is 1 1/2 mills (.15%).

LINE 3b - ALTERNATIVE TAX

Every taxpayer that is eligible to file this form must calculate its alternative tax and enter its computation on line 3b. To compute the alternative tax, measured by entire net income plus compensation, you may use the following worksheet and attach the worksheet to the return. Professional

Include in the alternative tax computation 100% of all salaries and compensation, including commissions, paid to stockholders holding more than 5% of the corporation's stock, whether or not they are also officers, as deducted on the federal return and reported in Schedule D, line 2. For taxable years beginning after 6/30/99, no portion of officers' compensation is added back unless the officer is also a more than 5% shareholder.

In determining whether a stockholder owns more than 5% of the issued capital stock, include all classes of voting and nonvoting stock, issued and outstanding.

LINE 4

Enter \$40,000. (If the return does not cover an entire year, the exclusion must be prorated based on the period covered by the return.)

LINE 6

Pursuant to NYC Administrative Code § 11-604(1)(H)(c) as added by Chapter 491 of the Laws of 2007, the amount on Line 5 is multiplied by 15% for tax years beginning on or after January 1, 2010.

LINE 4 - MINIMUM TAX

Enter the New York City Gross Receipts and Minimum Tax amount from the following table. The amount of New York City receipts for this purpose is the total amount of all receipts the taxpayer has received in the regular course of business from such sources as sales of personal property, services performed, rentals of property and royalties. This receipts amount would be the same as the amount that would have to be shown on Form NYC-3L, Schedule H, Column A, Line 6 if the taxpayer had filed Form NYC-3L.

For taxpayers who use Form NYC-4S, and, accordingly, allocate 100 percent of their income to the City, the amount of receipts used for this purpose is the total amount of all receipts the taxpayer has received in the regular course of business.

TABLE - FIXED DOLLAR MINIMUM TAX

For a corporation with New York City receipts of:

Not more than \$100,000:\$25
More than \$100,000 but not over \$250,000:\$75

More than \$5,000,000 but not over \$25,000,000:\$3,500
Over \$25,000,000:\$5,000

SHORT PERIODS - FIXED DOLLAR MINIMUM TAX

Compute the New York City receipts for short periods (tax periods of less than 12 months) by dividing the amount of New York receipts by the number of months in the short period and multiplying the result by 12. Once this annualized amount is calculated (do not replace your NYC receipts on Line 4 with this annualized amount) use the table above to determine the fixed dollar minimum tax based on the annualized amount. The resulting fixed dollar minimum tax may be reduced for short periods as indicated below. Enter the reduced amount on line 4 (If applicable).

LINE 8 - PREPAYMENTS

SCHEDULE B

Computation of New York City Taxable Income

LINE 1 - FEDERAL TAXABLE INCOME
S Corporations and qualified subchapter S subsidiaries (QSSS) must file as ordinary corporations. Federal S Corporation taxpayers must complete form NYC-ATT-S-CORP, Calculation of Federal Taxable Income for S Corporations and include it with their GCT Form 3L, 4S or 4S-EZ.

For tax years beginning on or after August 1, 2002, corporations that are partners in partnerships that receive at least eighty percent of their gross receipts from providing mobile telecommunications services must exclude their distributive share of income, gains, losses and deductions from any such partnership, including their share of separately reported items, from their federal taxable income reported on line 1.

NOTE:

The charitable contribution deduction from federal Form 1120S, Schedule K, line 12a may not exceed 10% of the sum of lines 1 through 12d (other than line 12a) of Schedule K, subject to any exception provided in the IRC with respect to C corporations.

LINES 3a AND 3b - STATE AND LOCAL TAXES

On line 3a, enter the amount deducted on your federal return for business taxes paid or accrued to any state, any political subdivision of a state or to the District of Columbia if they are on or measured by profits or income or include profits or income as a measure of tax, including taxes expressly in lieu of any of the foregoing taxes. Include the New York State Metropolitan Transportation business tax surcharge and the MTA Payroll Tax (New York State Tax Law, Art. 23). Do not include pass through entity taxes, including the NYS PTET and NYC PTET on this line. Taxpayers are required to file the NYC 3L instead of the NYC 4S if they are required to add back any pass through entity taxes when calculating entire net income.

On line 3b, enter the amount of New York City

General Corporation Tax and Banking Corporation Tax deducted on your federal return.

Attach a schedule listing each locality and the amount of all taxes deducted on your federal return.

LINES 4 AND 6b - DEPRECIATION

The federal depreciation deduction computed under the Accelerated Cost Recovery System or Modified Accelerated Cost Recovery System (IRC Section 168) is not allowed for the following types of property:

- property placed in service in New York State in taxable years beginning before January 1, 1985 (except recovery property subject to the provisions of the Internal Revenue Code Section 280-F).
- property of a taxpayer principally engaged in the conduct of an aviation, steamboat, ferry, or navigation business, or two or more such businesses which is placed in service in taxable years beginning after December 31, 1988, and before January 1, 1994.

ACRS and MACRS may not be allowed for property placed in service outside of New York State in taxable years beginning before January 1, 1994 (except property subject to the provisions of Internal Revenue Code Section 280-F). For information regarding depreciation deductions for property placed in service outside New York after 1984 and before 1994, see Finance Memorandum 99-4 "Depreciation for Property Placed in Service Outside New York After 1984 and Before 1994."

In place of the federal depreciation deduction, a depreciation deduction using pre-ACRS or MACRS rules (IRC Section 167) is allowed. Enter on line 4 the ACRS or MACRS adjustment from Form NYC-399, Schedule C, line 8, Column A. Enter on line 6b the ACRS or MACRS adjustment from Form NYC-399, Schedule C, line 8, Column B.

The federal bonus depreciation allowed for "qualified property," as defined in the Job Creation and Worker Assistance Act of 2002, is not allowed for General Corporation Tax purposes except for such deductions allowed with respect to "qualified New York liberty zone property," "qualified New York liberty zone leasehold improvements" and "qualified property" placed in service in the Resurgence Zone (generally the area in the borough of Manhattan south of Houston Street and north of Canal Street). For City tax purposes, depreciation deductions for all other "qualified property" must be calculated as if the property was placed in service prior to September 11, 2001. See, Finance Memorandum 02-3 (Revised) "New York City Tax Consequences of Certain Retroactive Federal and New York Tax Law Changes" for more information.

Section 13201(b) of the Tax Cuts and Jobs Act of 2017 ("TCJA") extended the bonus depreciation deduction to cover property placed in service before January 1, 2027 (except for aircraft and long-production period property have to be placed into service before January 1, 2028.) Previously, Section 143 of the Protecting Americans from Tax Hikes Act of 2015, Pub. L. No.114-113, Div Q (December 18, 2015) ("2015 PATH Act") had extended bonus depreciation so that it was available for property acquired and placed in service during 2015-2019; bonus depreciation was extended through 2020 for certain property with a longer production period. Under the 2015 PATH Act, the bonus depreciation is 50% for property placed in service during 2015-2017, 40% for property placed in service during 2018, and 30% for property placed in service during 2019.

Pursuant to section 13201(a) of the TCJA, for property placed in service after September 27, 2017, the bonus depreciation rate was raised to 100% with the phase-down to begin in 2023. See IRC §168(k)(6). The taxpayer can elect to apply a 50% depreciation rate for property placed in service in the taxpayer's first tax year ending after September 27, 2017. The phase-down of the bonus depreciation enacted under the 2015 PATH Act is still applicable to property acquired before September 28, 2017. Thus, for property acquired before September 28, 2017 and placed in service in 2018, the bonus depreciation is 40% and 30% for property placed in service in 2019 with no bonus depreciation for property placed in service after 2019. Under the TCJA the first year depreciation limit increase of \$8,000 for passenger automobiles under §280(F)(a)(1)(A) is extended to include automobiles placed in service on or before December 31, 2026. Prior to that, in order to qualify for the \$8,000 increase in bonus depreciation, the passenger automobile would had to have been placed into service on or before December 31, 2019. This extension of the placed in service deadline only applies to automobiles acquired on or after September 28, 2017. However, if the passenger automobile was acquired before September 28, 2018, the first year additional depreciation is phased down to \$6,400 in the case of an automobile placed in service during 2018 and to \$4,800 in the case of automobile placed in service during 2019.

The Administrative Code limits the depreciation for "qualified property" other than "Qualified Resurgence Zone property" and "New York Liberty Zone property" to the deduction that would have been allowed for such property had the property been acquired by the taxpayer on September 10, 2001, and therefore, except for Qualified Resurgence Zone property, as defined in the Administrative Code and "New York Liberty Zone property," the City has decoupled from the federal bonus depreciation provision. Qualified Resurgence Zone property is qualified property described in section 168(k)(2) of the internal revenue code substantially all of the use of which is in the Resurgence Zone (which is generally in the borough of Manhattan south of Houston Street and

north of Canal Street), is in the active conduct of a trade or business by the taxpayer in such zone, and the original use of which in the Resurgence Zone commences with the taxpayer after September 10, 2001. The Administrative Code also requires appropriate adjustments to the amount of any gain or loss included in entire net income or unincorporated business entire net income upon the disposition of any property for which the federal and New York City depreciation deductions differ. For further information, see the instructions to Form NYC-3L and use Form NYC-399Z for this calculation. For tax years beginning on or after January 1, 2004, other than for eligible farmers (for purposes of the New York State farmers' school tax credit), the amount allowed as a deduction with respect to a sport utility vehicle that is not a passenger automobile for purposes of section 280F(d)(5) of the Internal Revenue Code is limited to the amount allowed under section 280F of the Internal Revenue Code as if the vehicle were a passenger automobile as defined in that section. For SUVs that are qualified property other than qualified Resurgence Zone property and other than New York Liberty Zone property, the amount allowed as a deduction is calculated as of the date the SUV was actually placed in service and not as of September 10, 2001. Note that for General Corporation Tax purposes:

- An SUV cannot qualify as either Qualified Resurgence Zone Property or as New York Liberty Zone property. See Administrative Code section 11-602(8)(o).
- An SUV cannot qualify for the additional first year depreciation available under the recent federal legislation described above.

On the disposition of an SUV subject to the limitation, the amount of any gain or loss included in income must be adjusted to reflect the limited deductions allowed for City purposes under this provision. Enter on Schedule B, lines 4 and 6b the appropriate adjustments from form NYC-399Z. See *Finance Memorandum 24-1, "Application of IRC §280F Limits to Sports Utility Vehicles."*

LINE 6a - NET OPERATING LOSS

Enter New York City net operating loss carryforward from prior years. A deduction may *only* be claimed for net operating losses sustained in taxable years during all or part of which the corporation was subject to the General Corporation Tax. New York City allows net operating losses to be used in the same manner as provided by Section 172 of the Internal Revenue Code. **Note that according to the federal Tax Cuts and Jobs Act of 2017, net operating losses generated during or after 2018 generally may not be carried back. These losses may be carried forward indefinitely; however, each year's deduction will be limited to 80% of taxable income calculated as if the corporation had not made the election pursuant to subchapter S of the IRC (without regard to the deduction).** However, the amount of any federal loss

must be adjusted in accordance with Section 11-602.8(f) of the NYC Administrative Code. *Attach a copy of Form NYC-NOLD-GCT, Net Operating Loss Computation.*

NOTE:

The deduction of a net operating loss carryforward from prior years may not exceed and is limited to the amount of the current year's federal taxable income. A net operating loss may not be claimed as a deduction if Schedule B, line 1 reflects a loss.

In addition, the deduction shall not exceed the deduction allowed for federal purposes or the deduction which would have been allowed if the taxpayer had not made an election to be (a) an S Corporation under the rules of the Internal Revenue Code or (b) included in a group reporting on a consolidated basis for federal income tax purposes. *Attach a copy of Form NYC-NOLD-GCT, Net Operating Loss Computation.*

Losses incurred during taxable years beginning after December 31, 2017, generally may not be carried back. For losses from years beginning before January 1, 2018, the New York City net operating loss deduction was determined as if the taxpayer had elected to relinquish the carryback provision *except for the first \$10,000* of each of such losses. Losses which were not permitted to be carried back could generally be carried forward and used to offset income for the period permitted for federal tax purposes. In addition, any portion of the \$10,000 NOL permitted to be carried back but not used could be carried forward.

If the taxpayer elected to relinquish the entire carryback period for federal purposes, then the taxpayer could not carry back any amount for City purposes. Corporations that have elected to relinquish the carryback of a net operating loss must submit a copy of the federal election.

Because an S corporation does not carry over NOLs, it would not have made an election to relinquish any or all of its carryback period. Therefore, for City tax purposes for losses arising in taxable years ending in or after 2002 and prior to years beginning after 12/31/17, it was presumed that, unless the taxpayer S corporation attached a statement to this return indicating that the taxpayer intended to carry back a net operating loss reported on this return, the taxpayer was presumed to have elected to relinquish the entire carryback period.

LINE 6c - CITY / STATE REFUNDS

Enter refunds or credits of the New York City General Corporation Tax, New York State Franchise Tax or New York City or State Banking Corporation Tax for which no tax exclusion or deduction was allowed in determining the taxpayer's taxable (entire) net income in a prior year.

LINE 8 - TAXABLE NET INCOME

If the entry on this line is a loss, a request to carry it back as a net operating loss deduction in any prior year must be made separately on an amended return. Do not attach or mail an amended return with this tax return. This request must be submitted within three years of the due date of the return for the loss year or within the period prescribed in Section 11-678 of the NYC Administrative Code.

SCHEDULE C

Total Capital

LINES 1 THROUGH 4

AVERAGE VALUE OF TOTAL ASSETS

To determine the value of your assets for business *capital* purposes, you must include real property and marketable securities at fair market value. The fair market value of any asset is the price, without any encumbrance, at which a willing seller, not compelled to sell, will sell, and a willing buyer, not compelled to buy, will buy.

The value of all other property must be included at the value shown on the taxpayer's books and records in accordance with generally accepted accounting principles (GAAP).

On Schedule C, lines 1 through 5, enter the values at the beginning of the year in column A and at the end of the year in column B. Enter the average value in column C. *Attach a schedule showing the computation of the average value.*

On line 2 enter the value of real property and marketable securities included in line 1. Enter on line 4 the fair market value of real property and marketable securities.

Average value is generally computed on a quarterly basis where the taxpayer's usual accounting practice permits. A more frequent basis may be used. If the taxpayer's usual accounting practice does not permit computation of average value on a quarterly or more frequent basis, a semiannual or annual basis may be used if no distortion of average values results.

With respect to real property owned by the taxpayer and located within New York City, the fair market value is presumed to be not less than the estimated market value of the property on the Final Assessment Roll of the City for the period covered by the return or the most recent sales price, whichever is greater.

LINE 6 - TOTAL LIABILITIES

Title 11, Chapter 6 of the NYC Administrative Code permits the deduction of all liabilities (both long and short term) when computing business capital for purposes of the tax measured by capital. Use the same method of averaging as is used in determining average value of total assets.

LINE 7 - If the period covered by this report is other than a period of twelve calendar months, after completing lines 1 through 6 but before entering any amount on line 7, multiply the excess of the amount on line 5 over the amount on line 6 by a fraction, the numerator of which is the number of months or major parts thereof included in such period and the denominator of which is twelve. Enter the resulting amount on line 7 of Schedule C and on Schedule A, line 2a or 2b. Attach a separate schedule showing computation.

SCHEDULE E

Additional Required Information

LINES 2 & 3

- 50% or more of the total fair market value of all classes of stock of such corporation.

LINE 4

No portion of the income, gain, loss, deduction or capital of a QSSS is permitted to be included in a report filed by the S corporation parent except if both the parent corporation and the QSSS are included in a combined report Form NYC-3A. Otherwise, the parent should file Form NYC-3L (See "Corporations Required to File Form NYC-3L," item 2, supra.) The QSSS must file a separate general corporation tax report.
