NY MBE Spend	\$0	\$1,429	\$912	Spend for items from minority owned businesses
NY MBE Spend	0.00%	0.01%	0.01%	NY MBE Spend out of Food Spend Analyzed
NY WBE Spend	\$729	\$0	\$0	Spend for items from women owned businesses
NY WBE Spend	0.00%	0.00%	0.00%	NY WBE Spend out of Food Spend Analyzed
Environmental Sustainability				
Total GHG emissions (tons CO ₂ e)	15,873	13,537	11,714	Greenhouse gas emissions related to weight of food procured
GHG emissions per meal (kg CO ₂ e per 1,000 kcal)	2.48	2.35	2.25	Total GHG emissions per 1,000 kcal of food procured
Animal Welfare				
Total weight of animal products purchased				<i>To be included in future reporting</i>
Nutrition				
Compliance with Food Standards	95%	95%	92%	Compliance according to the NYC Food Standards

¹² Beginning in FY2021, food spend reporting and analysis excludes non-patient items. This change in methodology likely accounts for some of the decrease in Total Food Spend and Food Spend Analyzed when compared to previous years.

¹³ The NYS GFP metric includes all spend for items that were either grown, processed, manufactured, or distributed by business enterprises located within New York State. In comparison, the Good Food Purchasing Program local definition also takes ownership structure into account, only including spend for items where the grower, processor, or manufacturer is family or cooperatively owned, and the spend is weighted based on different points in the supply chain.

¹⁴ MWBE, MBE, and WBE spend includes spend on businesses that have M/WBE certifications as well as those that self-identify as minority or women owned
