DISCLAIMER

- This presentation is for informational purposes only and does not constitute legal advice or a statement of the law. For more information about what is required, see the Multiple Dwelling Law, the Housing Maintenance Code, and the Rules of the City of New York.
- This presentation is not a complete statement of building owners' responsibilities relating to basic maintenance, tenant notices, HPD filings, or any other topic.
- Our target audience: Building Owners who want to know more about Local Law 55 of 2018 and related laws.
- Additional information can be found on the HPD website at www.nyc.gov/hpd

Agenda

1. Summary of Recent Laws for Pests and Mold
2. Basic Themes of Recent Laws for Pests and Mold
3. Pests:
 - a. Identify the Problem: Indoor Allergens
 - b. Identify the Problem: Bedbug Filing
 - c. Required Work Methods
 - d. Contractor Controls
 - e. Clearing HPD Violations
4. Mold:
 - a. Identify the Problem
 - b. Required Work Methods
 - c. Contractor Controls
 - d. Clearing HPD Violations
5. Additional Resources

Part 1: Summary of Recent Laws for Pests and Mold

These Laws Aim to Eliminate Indoor Allergen Hazards

- Allergens are substances in the environment that make indoor air quality worse. They can cause asthma attacks or make asthma symptoms worse.
- The laws we will discuss here define certain indoor allergen hazards that, when present, create conditions that pose a health danger.

Recent Laws

Pests	Mold
NYC Local Law 55 of 2018 (Mold and Pests)	
NYC Local Law 69 of 2017 (Bedbug Filing)	New York State Labor Law Article 32
	NYC Local Law 61 of 2018

Broadest New Law: Local Law 55 of 2018

The Asthma-Free Housing Act

Main features:

- **Purpose:** To remove indoor environmental triggers in the home
- **Buildings affected:** Only covers Multiple Dwellings (buildings with 3 or more dwelling units) or any type of housing where a tenant with asthma lives (enforced by NYC Health Dept).
- **Areas of Concern:** Identifies Mold/Mice/Rats/Roaches as 'Indoor Allergens'.
- **Required**
 - **Owner Inspections:** Owners must inspect occupied units and common areas for Mold/Mice/Rats/Roaches at least every year.
 - **HPD questions:** HPD Inspectors must ask tenants about Mold/Mice/Rats/Roaches at every unit inspected.
 - **Work methods:** Introduces required work methods to remediate pest and mold violations.
- **Additional clearance procedures:** Introduces stricter standards for reinspection and violation clearance in keeping with new required work methods.

Additional New Laws: NY State Labor Law Article 32 – Mold remediation

Main Features:

- Applies to any mold remediation being conducted by a third party.
- Contractor Standards: Requires Mold Assessors and Remediators to be properly trained, licensed, and adhere to minimum work standards.
- Independence: Requires separate Mold Assessment, Remediation, and Post-Remediation Assessment for each job, and requires the Assessor and Remediator to be independent of each other.
- Exception: Provides an exception where owners or their agents who perform the work themselves do not have to follow the above standards.

Additional New Laws:

Local Law 61 of 2018 – Mold Remediation

Main features:

- For buildings with 10 or more residential units:
 - *Requires* owners or their agents to hire outside Mold Assessor and Remediator contractors for all mold projects greater than 10 square feet (regardless of whether or not HPD issues a violation).
 - *Requires* Mold Assessors and Remediator contractors to file reports with NYC Dept. of Environmental Protection for each project.

Part 2: Basic Themes of Recent Laws for Pests and Mold

The New Laws Affect Rules for Pests and Mold in Four Main Ways:

Pests

Mold

- New requirements for Identifying the Problem

- Stricter Required Work Methods

- New Contractor Controls

- Additional steps for Violation Clearance

Identify the Problem

Various laws require Owners to notify tenants of their rights, inquire periodically about specific conditions, and make inspections based on tenant responses:

- Lead-based paint (child under 6);
- Window guards (child under 11);
- Stove knob covers;
- Mice, rats, roaches, mold and bedbugs.

Beyond the specific requirements above, the best way to keep apartments in good repair and avoid HPD violations is to *always* maintain good communications with tenants wherever possible and address conditions in a timely fashion.

Work Methods

There are two main themes to the required work methods for both Pests and Mold:

- (1) Do not create *another* hazard while removing the original one
 - Use dangerous chemicals safely and minimally.
 - Prevent the spread of contaminated debris while work is being done.
 - Thoroughly clean sites after work is done.

- (2) Address the problem at its source
 - Restrict pests' movement and access to food and water.
 - Remove sources of moisture that allow mold to grow.

Work Method Spotlight: HEPA vacuum

Pests Mold

- “High-Efficiency Particulate Air” vacuum
- Local Law 55 requires the use of HEPA vacuums for cleaning up pest and mold sites. HEPA vacuums have:
 - A HEPA filter, which captures an extremely high percentage of very small particles.
 - An airtight body, to prevent the small particles from immediately recirculating through openings in the vacuum body back into the air.
- A regular vacuum, even if using a HEPA filter, may not meet the stricter standards set by LL55.

Contractor Controls

Pests	Mold
-------	------

The new laws contain several provisions intended to help ensure that contractors are qualified and behave with integrity.

- (1) **Licensing:** Licenses are now generally required for contractors working with mold and pesticides.
- (2) **Checks and Balances (Mold Only):** The firm that *assesses* the mold condition must be independent from the firm that *remediates* the mold condition, and each firm must file written reports of their work with the Department of Environmental Protection.

Violation Clearance

*What's our best advice for clearing HPD violations?
Read and save your Notice of Violation package!*

- The procedure and paperwork required for clearing an HPD Mold or Pest violation will depend upon the type and class of violation and the number of units in a dwelling.
- The Notice of Violation (NOV) package you receive in the mail from HPD will contain *customized* instructions for clearing the referenced violations.

Do's & Don'ts of Local Law 55

DO

- Proactively speak with tenants and address issues immediately
- Use approved work methods if completing work on your own
- Check the NOV (Notice of Violation) for deadlines or there will be additional steps necessary to clear violations

DON'T

- Assume you can fix all Indoor Allergen work without a license
- Fill out your NOV (Notice of Violation) packet without carefully reading the instructions

Part 3: Pests

Identify the Problem

Indoor Allergens

Moths

Flies

Bed Bugs

*

Owner Inspection and Notification: Local Law 55 requires owners of Multiple Dwellings to proactively address Pest issues

- Inspect each occupied apartment and all common areas for Indoor Allergen Hazards *at least* once a year.
 - There is no specific training required in order to conduct this inspection.
- In addition, inspect whenever you receive indications that an Indoor Allergen Hazard may exist, such as:
 - Occupant request for maintenance.
 - Occupant complaint to a City agency.
 - Receiving an HPD violation for a condition, such as a leak, that is likely to cause an Indoor Allergen Hazard.

Owner Inspection and Notification (Continued)

- Use approved work methods to remediate Indoor Allergen Hazards:
 - (1) Upon apartment turnover.
 - (2) Anytime your inspection identifies an Indoor Allergen Hazard.
- Provide two notices to tenants with every lease signing: DOHMH Pamphlet and Indoor Allergens Notice (see next page).

Owner Inspection and Notification: Documents to Provide at Every Lease Signing

What Tenants Should Know About Indoor Allergens (Local Law 55 of 2018)

Allergens are things in the environment that make indoor air quality worse. They can cause asthma attacks or make asthma symptoms worse. Common indoor asthma triggers include cockroaches and mice; mold and mildew; and chemicals with strong smells, like some cleaning products. Environmental and structural conditions, like leaks and cracks in walls often found in poorly maintained housing, lead to higher levels of allergens.

New York City law requires that property owners take steps to keep their tenants' homes free of pests and mold. This includes safely fixing the conditions that cause these problems. Tenants also play a role in preventing indoor allergens.

TENANTS SHOULD:

Keep homes clean and dry.

Avoid using pesticides and chemicals with strong smells (for example, cleaning products, air fresheners).

Place food in sealed containers. Keep counters and sinks clean. Get rid of clutter such as newspapers and paper bags.

Tell property owners or building superintendents (also known as supers) right away if there are pests, water leaks, or holes or cracks in the walls and floors.

Use garbage cans with tight-fitting lids.

Let building staff into homes to make any needed repairs.

Take garbage and recycling out every day, and tie up garbage bags before putting them in compactor chutes.

Call **311** if property owners or supers do not fix the problem or if repair work is being done unsafely.

If you are a tenant and you or your child has moderate or severe persistent asthma, and there are pests or mold in your home, your doctor can request a free home environmental inspection for you through the New York City Health Department's Online Registry. Talk to your doctor or call **311** to learn more.

For more information about property owner responsibilities and safely fixing indoor allergen hazards, see the reverse side of this fact sheet.

For more information about safely controlling asthma, visit nyc.gov/health/asthma.

DOHMH Pamphlet

LEASE/COMMENCEMENT OF OCCUPANCY NOTICE FOR INDOOR ALLERGEN HAZARDS

1. The owner of this building is required, under New York City Administrative Code section 27-2017.1 et seq., to make an annual inspection for indoor allergen hazards (such as mold, mice, rats, and cockroaches) in your apartment and the common areas of the building. The owner must also inspect if you inform him or her that there is a condition in your apartment that is likely to cause an indoor allergen hazard, or you request an inspection, or the Department has issued a violation requiring correction of an indoor allergen hazard for your apartment. If there is an indoor allergen hazard in your apartment, the owner is required to fix it, using the safe work practices that are provided in the law. The owner must also provide new tenants with a pamphlet containing information about indoor allergen hazards.

2. The owner of this building is also required, prior to your occupancy as a new tenant, to fix all visible mold and pest infestations in the apartment, as well as any underlying defects, like leaks, using the safe work practices provided in the law. If the owner provides carpeting or furniture, he or she must thoroughly clean and vacuum it prior to occupancy. This notice must be signed by the owner or his or her representative, and state that he or she has complied with these requirements.

I, _____ (owner or representative name in print), certify that I have complied with the requirements of the New York City Administrative Code section 27-2017.5 by removing all visible mold and pest infestations and any underlying defects, and where applicable, cleaning and vacuuming any carpeting and furniture that I have provided to the tenant. I have performed the required work using the safe work practices provided in the law.

Indoor Allergens Notice

Pests: Identify the Problem

Bedbug Inquiry and Filing

Bedbug Filing: 3 questions for each unit

Local Law 69 of 2017 requires owners to report building infestation history to HPD. Owners must inquire with each unit and ask the three below questions and record the answers. This will be used to create a “summary” of the results.

During the latest reporting period

1. Did the unit have bedbugs?
2. Were extermination measures taken in the unit?
3. Did the bedbugs come back after the last extermination attempt?

How to find out?

- (1) Use your own records;
- (2) Use HPD records (were any violations issued?); and
- (3) Inquire with tenants each year and record their answers.

Bedbug Filing: More Details

- Only required for Multiple Dwellings (buildings with 3 or more dwelling units)
- Annual Filing Period: December 1 – 31st
(for the previous November 1st – October 31st)
- DOs:
 - Report a *summary* of the info to HPD using the electronic filing system.
 - Share the *summary* w/ tenants, either by including the receipt of HPD filing with each new lease or lease renewal, or posting a copy of the summary in a building public area.
 - Arrange for extermination for tenants who report current infestations, using Integrated Pest Management.
- DON'T:
 - Share identifying information of specific units with a bedbug problem in your *summary*.

Pests

Required Work Methods

Required Work Method: Integrated Pest Management

Integrated Pest Management (IPM) focuses on:

- Eliminating pests' access to food and water.
- Eliminating pests' ability to travel within a building.
- Using low toxicity pesticides* and apply them in a manner that minimizes secondary exposure

IPM is the safest *and* most effective way to fix an infestation problem.

*Pesticides can only be administered by a licensed professional.

Integrated Pest Management (Continued)

- HPD and DOHMH recommend IPM for all pest infestations.
- LL 55 now *requires*:
 - Owners to use IPM when addressing *all* pest infestations in Multiple Dwellings.
 - Owners to specifically swear to the use of IPM when clearing a violation for Mice/Rats/Roaches.

IPM Work Methods required by Local Law 55: Address the problem at its source

Examples of how to do this:

- Eliminate points of entry and passage
 - Repair and seal holes and cracks that allow pests to move;
 - Install door sweeps to reduce gaps to $\frac{1}{4}$ inch;
- Eliminate sources of water for pests by repairing drains, faucets, and other plumbing materials that accumulate water or leak.

IPM work methods required by Local Law 55: Do not create *another* hazard while remediating the pest condition

- Thoroughly remove pest remains (nests, waste, etc.) by washing and/or HEPA vacuum because:
 - Pest remains decompose into dust that can contribute to asthma.
 - Pest markings/nests/trails can also serve as pathways, making it easier for pests to re-infest an apartment.
- Use of pesticide cannot substitute for the methods described on the previous slide.

For more detailed info on IPM work methods or on finding a pest professional who practices IPM, consult the NYC Department of Health and Mental Hygiene.

Pests

Contractor Controls

Contractor Controls: License required by Local Law 55

Local Law 55 stipulates that ‘any pesticide applied shall be applied by a pest professional licensed by New York state department of environmental conservation (DEC).’

Note There is no license or certification required to practice IPM, but a license *is* required to use any pesticide.

Pests

Clearing HPD Pest Violations

QUICK REVIEW: Violations

- A citation issued to a building for not being in compliance with the law. Violations become the responsibility of whoever owns the building.

Violation Class	Type	Time owner has to correct from notice before civil penalties begin to accrue
Class A	Not Hazardous	90 days
Class B	Hazardous	30 days
Class C: Lead-Based Paint, Mold, Mice/Rats/Roaches or Window Guards	Immediately Hazardous	21 days
Class C: Self-Closing Doors	Immediately Hazardous	14 days
Class C: Heat or Hot Water	Immediately Hazardous	Immediately
Class C: (all others)	Immediately Hazardous	24 hours

QUICK REVIEW:

Certification of Correction

- Once an Inspector has written a violation, HPD sends the building owner a Notice of Violation (NOV).
 - The NOV includes a document called a Certification of Correction.
- The **Certification of Correction** is a **paper** or **electronic document** filed with HPD by property owners or managing agents to affirm that the violation conditions cited on a Notice of Violation have been corrected within the legally required timeframe.
- Certification is FREE and will result in the dismissal of the violation if the condition was properly corrected.

*In order to receive a Notice of Violation as soon as possible and to begin work and certify the violation in a timely manner, register your address and contact information with HPD.

Reference Chart: Which Pest Violations Are Treated Differently From 'Ordinary' HPD Violations?

Date Violation Was Issued	Violation and Building Unit Count	Additional Procedures?
Before 1/19/2019	All pest violation	No special procedures
on or after 1/19/2019	Mice, Rats, Roaches in PDs and <i>all other</i> pest violations	No special procedures
	Mice, Rats, Roaches in MDs	Additional sworn statement required

Summary: HPD Requirements for Clearing Pest Violations

		Violation Class	Integrated Pest Management?	Violation Clearance Docs	
				Certification	After Certification
Multiple Dwelling (3 or more units)	Rats	C	Required by law	"Pests" Notice of Violation	AF6 affidavit
	Mice	C	Required by law	"Pests" Notice of Violation	AF6 affidavit
	Roaches	C	Required by law	"Pests" Notice of Violation	AF6 affidavit
	All Other Pests	B	Required by law	Standard documents	
Private Dwelling (1-2 units)	Rats	C	Recommended	Standard documents	
	Mice	B	Recommended	Standard documents	
	Roaches	B	Recommended	Standard documents	
	All Other Pests	B	Recommended	Standard documents	

Reminder:

- Multiple Dwelling – Building with 3 or more residential units
- Private Dwelling – Building with 1-2 residential units

DEPARTMENT OF HOUSING PRESERVATION AND DEVELOPMENT
DIVISION OF CODE ENFORCEMENT

NOV ID: 9153949

DCE/ MANHATTAN BORO OFFICE
94 OLD BROADWAY
NEW YORK, NY 10027

LOCATION	BORO	AREA	BLDG TYPE	REG. NO.	DATE REPORTED	CYCLE #	PAGE
	MN	74	NL		05/08/2024	699375	1 of 1

NOTICE OF VIOLATION

All violations listed below are CLASS B
All violations listed below must be CORRECTED by 06/17/2024
and CERTIFIED as corrected by 07/01/2024

VIOLATION NO.	ORDER	VIOLATION DESCRIPTION
16968208	570	HMC ADM CODE: § 27-2017.4 ABATE THE INFESTATION CONSISTING OF BEDBUGS IN THE ENTIRE APARTMENT LOCATED AT APT 5C, 5th STORY, 4th APARTMENT FROM NORTH AT EAST
16968209	702	§ 27-2045 ADM CODE REPAIR OR REPLACE THE SMOKE DETECTOR MISSING IN THE ENTIRE APARTMENT LOCATED AT APT 5C, 5th STORY, 4th APARTMENT FROM NORTH AT EAST
16968210	1503	§ 27-2046.1 HMC: REPAIR OR REPLACE THE CARBON MONOXIDE DETECTING DEVICE(S). MISSING IN THE ENTIRE APARTMENT LOCATED AT APT 5C, 5th STORY, 4th APARTMENT FROM NORTH AT EAST

Pest violations other than Mice/Rats/Roaches in Multiple Dwellings are still included in the general 'non-heat' NOV, grouped with other violations of the same class.

In this example from 2018, a bedbug violation is included in a group of other 'B' class violations.

Integrated Pest Management and Reinspections

For reinspections of mice, rat and roach violations, the Inspector will attempt to verify that the IPM methods required by Local Law 55 were used to remediate the condition.

For instance, an Inspector will ‘**Not Comply**’ a violation if:

- Holes and cracks that allow pest entry have not been covered;
- Entrance doors that permitted pest entry have a gap of more than $\frac{1}{4}$ inch;
- Pest waste, droppings and debris have not been cleaned;
- Leaks and other water sources for pests have not been fixed.

Evidence of Roaches

Cockroach eggs

Cockroach dropping ("frass") under cabinets

Evidence of Mice/Rats

Mouse/Rat droppings

Chewed through household items

Urine stains

Post-Certification Document: AF6 – Mice, Rats and Roaches in Multiple Dwellings

Even if a Landlord has already submitted a valid Certificate of Correction, once the certification deadline has passed they must fill out this new Affidavit before HPD can clear the violations.

DEPARTMENT OF HOUSING PRESERVATION AND DEVELOPMENT
DIVISION OF CODE ENFORCEMENT

MICE, COCKROACHES, AND RATS DEFECT LETTER
VIOLATIONS ISSUED AFTER JANUARY 19TH, 2019

RE: [REDACTED] AVENUE, BX

Dear Property Owner:

An HPD inspection has confirmed that the open pests violation(s) listed in the back of this document have been corrected for [REDACTED] AVENUE, BX.

For the violations to be dismissed, you must submit the following:

- Affidavit of Compliance (No fee is required);

For more information on the paperwork to be submitted, see www.nyc.gov/hpd, search Indoor Allergen Hazards.

You may submit one affidavit for all violations corrected at the same time for each apartment.
The violation(s) will be dismissed if the paperwork provided is sufficient.

Submit documents to HPD as follows: DCE/BRONX BORO OFFICE
1932 ARTHUR AVENUE
BRONX, NY 10457

Need assistance? Contact your local Borough Code Enforcement Office at 212-863-7050

Thank you.
Division of Code Enforcement

HPD sends this 'Mice, Cockroaches and Rats Defect Letter' to an Owner when:

- An HPD Inspector has reinspected the condition and found that it has been corrected AND...
- HPD has still not received the AF6 Affidavit.

The AF6 Affidavit is required before an overdue violation can be closed. If you have already submitted a properly-completed AF6, then the violation will be closed as soon as HPD processes your submission.

KEY TAKEAWAYS

1. Ask tenants about presence of Mice/Rats/Roaches on a regular basis.
2. Submit report on bedbug infestation history annually.
3. Use Integrated Pests Management if there are any infestations of Mice/Rats/Roaches.
4. Only licensed professionals can apply pesticides.
5. Mice/Rat/Roach violations require both prompt attention and affirmation that safe work practices were used to fix the problem.

A blue starburst graphic with a white outline, containing the word "Poll" in white text.

Poll

Questions on Pests?

Part 4: Mold

Examples of Mold

Identify the Problem

What is Mold?

- A type of microorganism in the fungi kingdom
- Natural part of the environment and always in the air and on surfaces
- Cannot make its own food, so absorbs food from surroundings
- Reproduces and creates spores
 - Spores release toxins which are allergenic to humans.
- Needs the following to grow and reproduce:
 - Temperature
 - Organic material (Food Source)
 - Water/Moisture

What can be considered an organic material in apartments?

- Paper facing of drywall
- Lumber products
- Textiles of Natural fibers
- Latex backing/adhesive in carpets
- Binder in fiberglass insulation
- Moist, dirty surfaces on concrete/ceramic tiles

The type of nutrients available will influence the type of microbial growth

Have you considered these moisture sources?

- Poor bathroom/kitchen ventilation
- Uninsulated components of building which can support condensation
- Wet clothes drying inside home
- HVAC system issues
- High humidity months
- Roof leaks
- Plumbing leaks

Water leaks travel path of least resistance

A roof leak will not necessarily travel down an apartment line. It may move downward through different rooms and different apartments!

How long will it take for mold to grow on a wet surface?

*24 – 48
hours!*

If you can dry the surface within this time frame or replace drywall, you may be able to prevent mold growth.

Owner Inspection and Notification: Local Law 55 requires owners of Multiple Dwellings to proactively address Mold issues

- Similar to the requirements for pests, Building Owners must inspect each occupied apartment and all common areas for Indoor Allergen Hazards *at least* once a year.
 - There is no specific training required in order to conduct this inspection.
- In addition, inspect whenever you receive indications that an Indoor Allergen Hazard may exist, such as:
 - Occupant request for maintenance.
 - Occupant complaint to a City agency.
 - Receiving an HPD violation for a condition, such as a leak, that is likely to cause an Indoor Allergen Hazard.

Owner Inspection and Notification (Continued)

- Use approved work methods to remediate Indoor Allergen Hazards:
 - (1) Upon apartment turnover.
 - (2) Anytime your inspection identifies an Indoor Allergen Hazard.
- Provide two notices to tenants with every lease-signing: DOHMH Pamphlet and Indoor Allergens Notice (shown previously in Pests section).

LEASE/COMMENCEMENT OF OCCUPANCY NOTICE FOR INDOOR ALLERGEN HAZARDS

1. The owner of this building is required, under New York City Administrative Code section 27-2017.1 et seq., to make an annual inspection for indoor allergen hazards (such as mold, mice, rats, and cockroaches) in your apartment and the common areas of the building. The owner must also inspect if you inform him or her that there is a condition in your apartment that is likely to cause an indoor allergen hazard, or you request an inspection, or the Department has issued a violation requiring correction of an indoor allergen hazard for your apartment. If there is an indoor allergen hazard in your apartment, the owner is required to fix it, using the safe work practices that are provided in the law. The owner must also provide new tenants with a pamphlet containing information about indoor allergen hazards.

2. The owner of this building is also required, prior to your occupancy as a new tenant, to fix all visible mold and pest infestations in the apartment, as well as any underlying defects, like leaks, using the safe work practices provided in the law. If the owner provides carpeting or furniture, he or she must thoroughly clean and vacuum it prior to occupancy. This notice must be signed by the owner or his or her representative, and state that he or she has complied with these requirements.

I, _____ (owner or representative name in print), certify that I have complied with the requirements of the New York City Administrative Code section 27-2017.5 by removing all visible mold and pest infestations and any underlying defects, and where applicable, cleaning and vacuuming any carpeting and furniture that I have provided to the tenant. I have performed the required work using the safe work practices provided in the law.

Signed: _____
Print Name: _____
Date: _____

Mold

Required Work Methods

Work Practices Required by Local Law 55

- Investigate and correct any underlying defect, including moisture or leak conditions, that are causing or may cause mold violations.
- Remove or securely cover with plastic sheeting any furniture or other items in the work area that cannot be removed.
- Minimize the dispersion of dust and debris from the work area to other parts of the dwelling unit through methods such as:
 - Sealing ventilation ducts/grills and other openings in the work area with plastic sheeting;
 - Isolating the work area with plastic sheeting and covering egress pathways;
 - Cleaning or gently misting surfaces with a dilute soap or detergent solution prior to removal;
 - The use of approved HEPA vacuum-shrouded tools at the point of dust generation.

Misting Surfaces

Mold

HEPA Vacuum

Source: <https://manualzz.com/doc/11862859/v8000wd-wet-dry-hepa-vacuum>

Work Practices Required by Local Law 55 (Continued)

- Clean mold with soap or detergent and water.
- Remove and discard materials that cannot be cleaned properly.
- Properly remove and discard plastic sheeting, cleaning implements, and contaminated materials in sealed, heavy-weight plastic bags.
- Clean any remaining visible dust from the work area using wet cleaning methods or HEPA vacuuming.
- Leave the work area dry and visibly free from mold, dust, and debris.

Mold

Contractor Controls

Poll

Who is a Mold Assessor?

- Contractor who identifies mold
- According to law: “ ‘Mold Assessment’ means an inspection or assessment of real property that is designed to discover mold, conditions that facilitate mold, indicia of conditions that are likely to facilitate mold or any combination thereof.”
- Key Terms:
 - Visual Inspection
 - Mold Remediation Plan
 - Post-Remediation Assessment

Mold Assessor Equipment

Moisture Meters

Infrared Camera

Who is a Mold Remediator?

- Contractor who removes mold
- According to law: “ ‘Mold Remediation’ means conducting the business of removal, cleaning, sanitizing, or surface disinfection of mold, mold containment, and waste handling of mold and materials used to remove mold from surfaces...”
- Key terms
 - Team of Mold Abatement workers
 - Personal Protective Equipment (PPE)
 - Mold Remediation Workplan

Remediator Worker Protections PPE (Personal Protective Equipment)

Mold

PPE recommendations
per job will vary
depending on extent of
mold growth

Owner can wear PPE if
completing work
themselves

Contractor Control: Assessment and Remediation

Article 32 requires Mold Contractors to follow a set of procedures when remediating a Mold condition.

- (1) **MOLD ASSESSOR**: A Mold Assessment Contractor must observe the Mold Condition, and create a Mold Remediation Plan, which specifies the scope of work and work methods that are necessary to remediate the Mold Condition. At the completion of the work, a Mold Assessment Contractor must then review the work that was done and complete a Mold Post-Remediation Assessment, confirming that the Mold Remediation Plan was followed.
- (2) **MOLD REMEDIATOR**: A Mold Remediation Contractor (who must be independent from the Mold Assessment Contractor) must create and carry out a Mold Remediation Workplan. In this Workplan, the Remediation contractors specifies *how* they will follow the instructions of the Mold Remediation Plan.

Your Role as Owners

Contractor Control: Licensing

NY State Labor Law Article 32 requires Mold Contractors and Firms to be licensed with the New York State Department of Labor. License-seekers must:

- Complete NYS Dept. of Labor-approved Training
- Firm must have Insurance: Liability and Workers' Compensation
- Workers and firm owner must be 18 years old
- Display their license at work site

Finding a licensed Mold Contractor

New York State Department of Labor website:
<https://dol.ny.gov/mold-program>

Licensed Mold Assessor and Mold Remediator Contractors

You can search for licensed mold assessor and mold remediator contractors by using the Department's Licensed Mold Contractors Search Tool.

LICENSED MOLD CONTRACTORS SEARCH TOOL

Contractor Control: 10 or more units

Local Law 61 of 2018 requires the use of a licensed mold assessor and remediator:

- For buildings with 10 or more units, and
- Whenever there is more than 10 square feet of mold.

Contractor Control: DEP Filing

Local Law 61 of 2018 requires Mold contractors to file documents with the NYC Department of Environmental Protection (DEP) when doing work on buildings with 10 or more units.

- This ensures transparency and accountability. DEP is required to make each filing available to the public on its website.
- The Mold Remediator must file the Mold Remediation Workplan with DEP at least two days before the start of work.*Exceptions include: Certain court-ordered work and certain emergency repairs.
- The Mold Assessor must file the Mold Post-Remediation Assessment with DEP no later than seven days after the Post-Remediation Assessment is completed.

Contractor Filing Process

DEP's website contains a portal for Mold contractors to file plans as required.
<https://www1.nyc.gov/site/dep/environment/mold-abatement.page>

Mold Abatement

Local Law 61 of 2018 established minimum standards for carrying out mold assessment, mold abatement and mold remediation for buildings that contain 10 or more dwelling units or are located on a zoning lot that contains 25,000 or more square feet of non-residential floor area. The law also requires the person holding a mold remediation license to file a Mold Remediation Work Plan Notification Form and the Mold Remediation Work Plan. The person holding a mold assessment license is required to file a Post-Remediation Assessment Form and Mold Post-Remediation Certification. **These forms are available below and you must be file them online.** If you have any problems submitting these forms, please contact moldhelp@dep.nyc.gov.

- File a [Mold Remediation Work Plan and Notification Form](#)
- File a [Mold Post Remediation Assessment Form and Certification](#)

The contractor receives these hard copies after filing these forms online. These copies with a DEP logo should be provided by the contractor to DEP.

with all the requirements contained in Local Law 55 of 2019, Local Law 61 of 2019 and Article 32 of New York State Labor Law
related to this project. I further affirm that I have submitted an attached copy of the Mold Post-Remediation Assessment.

_____, **SIGNATURE** _____, **DATE**

KEY TAKEAWAYS

1. Ask tenants about presence of Mold on a regular basis.
2. Look for water source (underlying condition) and fix this as mold needs water to grow.
3. For certain buildings where Owners can do work themselves, use plastic sheeting minimize spread of dust, discard all materials affected by mold and thoroughly clean with a HEPA filtered vacuum.
4. For certain buildings where Owners need contractors, use NYS licensed companies to find Mold Assessors and Mold Remediators.
5. The Mold Assessor will come before work begins to identify mold and after work ends to confirm the job was done correctly. The Mold Remediator will actually perform the mold removal.

Clearing Mold Violations

HPD Mold Violation Criteria

Dwelling Unit:

- **A class:**
 - Less than 10 square feet in a room
- **B class:**
 - Between 10 square feet and 29 square feet in a room
- **C class:**
 - 30 square feet or more in a room

Public Areas:

- **A class:**
 - Less than 30 square feet in a room or hallway level OR
 - Less than 50 square feet in the aggregate
- **B class:**
 - 30 square feet or more in a room or hallway level OR
 - 50 square feet or more in the aggregate

Reference Chart: Which Mold Violations Are Treated Differently From 'Ordinary' HPD Violations?

Date Violation Was Issued	Violation and Building Unit Count	Additional Procedures?
before 3/31/2018	ANY violation and building unit count	No special procedures
on or between 3/31/2018 and 1/18/2019	Any violations issued to a PD	No special procedures
	Any violations issued to an MD	Additional affidavits and docs required
on or after 1/19/2019	Buildings under 10 Units (Class A, B, C violations) or 10 or More Units (Class A/Class A→Class B upgraded only)	Additional affidavits and docs required
	10 or More Units (Original Class B and C violations)	Additional affidavits and docs required

Summary of Documents Required by HPD to Clear Mold Violations

	Contractor Documents	Owner's Sworn Statement	
		During Certification Period	Post-Certification Period
Buildings under 10 Units - Class A, B, C violations and Buildings 10 or more Units - Class A and Class A->B upgraded violations (issued on or after January 19, 2019)	If owner or agents choose to do work themselves: None If owner chooses to hire outside contractors: 2 licenses	Customized paperwork in Notice of Violation package	AF7 affidavit
Buildings with 3 or more Units - Class A, B, C violations (issued on or between March 31, 2018 and January 18, 2019)	[Same as above]	N/A	AF9 Affidavit
Buildings 10 or more Units - Class B and C violations (issued on or after January 19, 2019)	(No choice: owner MUST hire outside contractors) 2 licenses 2 affidavits 2 DEP filing receipts	Customized paperwork in Notice of Violation package	AF8 affidavit

Poll

Mold Upgrades

Feature of LL55

Local Law 55 introduced a unique feature for Mold Violations in Multiple Dwellings: violation upgrades for violations that are not corrected.

- Each time a Mold violation is upgraded from $A \rightarrow B$ or $B \rightarrow C$, the violation number will change. The old violation will be closed and a 'new' violation will be issued.
- Tip: Keep careful track of mailings from HPD and/or visit HPDOnline to ensure that any paperwork you submit to HPD references the current violation number for the condition.

Mold upgrades, A→B

Mold

Class A Mold violations will upgrade to Class B Mold violations if:

- Owner fails to correct and certify on time

or

- Owner submits a false certification

The Owner will receive a new Notice of Violation for a Class B Mold Violation, with a new correction deadline. The Class A Violation Number will be referenced in the violation description. The Class A violation will be 'closed' and replaced with the Class B violation that will have a new violation number.

VIOLATION NO.	ORDER	VIOLATION DESCRIPTION
	550	§ 27-2017.3 HMC: TRACE AND REPAIR THE SOURCE AND ABATE THE VISIBLE MOLD CONDITION... APPROXIMATELY 7 SQUARE FEET ON SOUTH WALL IN THE BATHROOM LOCATED AT APT B6, 2nd STORY, 1st APARTMENT FROM EAST AT SOUTH , SECTION AT SOUTH ORIGINAL VIOLATION 12914659 ISSUED 15-FEB-19 HAS BEEN UPGRADED TO CLASS B PER ADMINISTRATIVE CODE §27-2017.3a(3)(a) or (b).

Note For dwellings with 10 units or more, this upgrade to Class B will now *require* the use of licensed contractors, where for Class A violations in dwellings with 10 units or more the Owner would retain the option to have his or her own employees do the work.

Mold upgrades, B→C

Class B Mold violations will upgrade to Class C Mold violations if:

- HPD reinspects after the certification period is over and finds the violation is not complied
- or*
- Owner submits a false certification

The Owner will receive a new Notice of Violation for a Class C Mold Violation, with a new certification deadline. The Class B Class Violation Number will be referenced in the violation description.

VIOLATION NO.	ORDER	VIOLATION DESCRIPTION
13026956	550	§ 27-2017.3 HMC: TRACE AND REPAIR THE SOURCE AND ABATE THE VISIBLE MOLD CONDITION... APPROXIMATELY 15 SQUARE FEET ON WEST WALL IN THE BATHROOM LOCATED AT APT 3L, 3rd STORY, 1st APARTMENT FROM EAST AT SOUTH ORIGINAL VIOLATION 12892269 ISSUED 04-FEB-19 HAS BEEN UPGRADED TO CLASS C PER ADMINISTRATIVE CODE §27-2017.3a(5)(a) or (b).

Note The new Class C violation will be referred to Emergency Repair if not certified.

Overdue Mold Violations

Post-certification, HPD requires two additional steps before a Mold violation can be removed.

- (1) As with *all* overdue HPD violations, HPD must reinspect the violation and find the condition corrected (“Complied”) before the violation can be removed.
- (2) The Owner must submit a new affidavit, named the AF7 or AF8, in which the Owner swears that proper work methods were used to correct the condition.

Post-Certification Documents: AF-7 and AF-8

AFFIDAVIT OF COMPLIANCE (AF-7)

MOLD VIOLATIONS ISSUED ON OR AFTER JANUARY 19TH, 2019 – Fewer than 10 units (any class of violation) OR Class A violation for 10 or more units OR Upgraded Class B violation (any number of units)

Violation Number(s): _____ Apt # _____
I, _____, swear or affirm under penalty of perjury as follows:

Even if a Landlord has already submitted a valid Certificate of Correction, once the certification deadline has passed they must fill out this new Affidavit before HPD can clear the violations.

Post-Certification Document: AF-9

AFFIDAVIT OF COMPLIANCE (AF-9)

(Mold violations issued to any residential building with three or more units between March 31, 2018 and January 18, 2019)

I, _____ (PRINT NAME), swear or affirm under penalty of perjury as follows:

1. _____ That the building is a multiple dwelling or is a one- or two-family house and neither I nor any family member occupies it, and, I am currently registered with the Division of Code Enforcement for the subject property in the capacity of:

- ☐ Owner of the property
☐ Officer or Director of the Corporation that owns the property
☐ Managing Agent of the property, or
☐ Otherwise registered as responsible for the property

Or

_____ That I am the owner of a one or two family house and I or my immediate family member occupies the dwelling.

2. That I have examined the area(s) containing the violation(s) listed on the reverse side of this form and, to my knowledge such violation(s) whose number(s) I have listed below was (were) corrected, including the source of the mold condition, in accordance with applicable law on the date(s) I have indicated by:

- _____ Myself or another registered owner or agent
 _____ An employee of the owner or the managing agent
 _____ Firms licensed to perform mold assessment and mold remediation or abatement in accordance with New York State Labor Law Article 32. If such firms were used, I have attached:
 • the mold assessment contractor license (firm), and
 • the mold remediation license (firm) or the mold abatement worker supervisor license

3. That the following are the names and addresses of my agents /employees/independent contractors who performed the work to correct the violation(s) that I have certified as corrected (additional sheets may be attached if more space is needed):

Violation Number	Date Corrected	Name of Agent, Employee or Contractor who Performed the Work	Address of Agent, Employee or Contractor who Performed the Work

Rev June 2019

Any mold violations issued to an MD between March 31, 2018 and January 18, 2019

Even if a Landlord has already submitted a valid Certificate of Correction, once the certification deadline has passed they must fill out this new Affidavit before HPD can clear the violations.

The same supporting documents are required for the AF-9 as for the violation categories covered under the AF-7

LL 55 Work Methods and Reinspections

For reinspections of mold violations, the Inspector will attempt to verify that proper work practices were used to remediate the condition.

For instance, an Inspector will ‘**Not Comply**’ a violation if:

- Leaks or other sources of moisture have not been fixed.
- Debris, dust and work materials relating to the Mold Remediation work have not been removed.

DIVISION OF CODE ENFORCEMENT

MOLD DEFECT LETTER

VIOLATIONS ISSUED AFTER JANUARY 19TH, 2019

RE: [REDACTED] BK

Dear Property Owner:

An HPD inspection has confirmed that the open mold violation(s) listed in the back of this document have been corrected for [REDACTED] BK. If the multiple dwelling is under 10 units, for the violation(s) to be dismissed, you must submit the following:

- Affidavit of Compliance (No fee is required);

If your multiple dwelling has 10 or more units AND a "Class B" or "Class C" violation you must also submit:

- Affidavit of Mold Assessment (to be completed by mold assessor);
- Affidavit of Mold Remediation (to be completed by mold remediator);
- Department of Environmental Protection's (DEP) mold assessor's filing receipt; AND
- DEP's mold remediator's filing receipt.

For more information on the paperwork to be submitted, see www.nyc.gov/hpd, search Indoor Allergen Hazards.

You may submit one affidavit for all violations corrected at the same time for each apartment.
The violations will be dismissed if the paperwork provided is sufficient.

Submit documents to HPD as follows: DCE/ BROOKLYN BORO OFFICE
701 EUCLID AVENUE
BROOKLYN, NY 11208

Need assistance? Contact your local Borough Code Enforcement Office at 212-863-6620

Thank you.

Division of Code Enforcement

HPD sends 'Mold Defect Letters' to an Owner when:

- An HPD Inspector has reinspected the condition and found that it has been corrected AND...
- HPD has still not received the required paperwork:
 - AF7 or AF8
 - All of the same Contractor documents required by the NOV
- The proper paperwork is required before an overdue violation can be closed. If you have already submitted proper paperwork, then the violation will be closed as soon as HPD processes your submission.

KEY TAKEAWAYS

1. Certain buildings require the use of contractors to remove mold.
2. Whenever a Mold Contractor is used, specific documents must be submitted (regardless of whether use of the contractor was required by law).
3. Use your Notice of Violation (NOV) to determine the required paperwork when certifying a violation.
4. Reference this presentation for example documents.
5. Mold Violations that are not certified on time will be upgraded to the next violation class, which will require extra steps for the Owner.
