I. INTRODUCTION

The Department of Housing Preservation and Development (“HPD”) is pleased to release this Request for Proposals (“RFP”) to develop a high quality, resilient, and sustainable 100% affordable housing development (“Project”) on the North Shore of Staten Island. The development site (the “Site”) is owned by the City and located at 539 Jersey Street (Block 34, Lot 1), Staten Island, New York, in Community District 1.

The Site currently operates as the Staten Island District 1 Department of Sanitation (“DSNY”) Garage. The NYC Department of Design and Construction (“DDC”) is currently constructing a new Staten Island 1 Garage, which is scheduled to be completed by the end of 2024. DSNY expects to relocate operations from Jersey Street to that facility once it is completed.

The Site fronts Brook Street, Castleton Avenue, Jersey Street, Victory Boulevard and Pike Street, and sits between the neighborhoods of St. George, New Brighton, and Tompkinsville.

HPD is inviting all qualified developers (“Respondents”) to submit complete responses (“Submissions”) to this RFP for the development of the Project. The City will convey the Site subject to an extended affordability reverter, such that title to the Site will revert to the City upon expiration of the regulatory period unless the parties mutually agree to an additional term of affordability.

Development Teams

Qualified Respondents may be for-profit, non-profit, or joint venture entities that demonstrate the experience and capacity to implement the Project in accordance with community development objectives and long-term equitable investments in neighborhoods. In furtherance of HPD’s commitment to community development, HPD encourages responses from Minority and/or Women Owned Business Enterprises (“M/WBEs”), as well as Community Housing Development Organizations (“CHDOs”) and Community Development Corporations (“CDCs”) that bring enhanced and tangible community development benefits to the proposed Project. Respondents may include Community Land Trusts (“CLTs”).

The development team (“Development Team”) must meet HPD’s Equitable Ownership Requirement and include an M/WBE or Eligible Non-Profit that in either case will hold at least 25% of the managing ownership interest in the Project. HPD encourages potential Respondents to assemble an experienced, complete, and competitive Development Team.

IV. PROJECT OVERVIEW

The Site presents an opportunity to achieve the City's broader development goals and provide much-needed affordable housing and other amenities for the local community through high-quality development.

A. PROJECT SNAPSHOT

Site Location	The Site is located at 539 Jersey Street, at the intersection of Jersey Street and Victory Boulevard in Staten Island, Community District 1. It is located on Block 34, Lot 1.
Site Description	The Site currently operates as the Staten Island District 1 DSNY Garage. Garage operations will be relocated as early as the end of 2024. The existing structure will be demolished by the designated Development Team.
Lot Size	Block 34, Lot 1 is approximately 107,336 square feet. For zoning calculations, the 3,648 square feet of the lot that overlaps with the mapped street of Castleton Avenue should not be included in the calculation to determine allowable floor area. The resulting lot size for zoning calculations is 103,688 square feet.
Land Use / Zoning	The Site is located in an R5 residence district with a C2-2 commercial overlay, in the Special Hillside Preservation District ("SHPD") and within a Lower Density Growth Management Area ("LDGMA"). No rezoning is anticipated. Development Teams must adhere to the requirements of the SHPD and LDGMA. Additionally, the Site is within a Food Retail Expansion to Support Health ("FRESH") Zoning and Discretionary Tax Incentives area.
Site Climate Hazards	The Site is at medium risk from heat and high risk from precipitation per CRDG Climate Exposure Screening.
Type of Development	High quality development of approximately three buildings with 100% affordable housing (approximately 223 dwelling units), a combination of ground floor commercial and/or community facility uses, and accessory parking to support the residential and non-residential uses.
Residential Program	<p>One building shall utilize HPD's Senior Affordable Rental Apartments ("SARA") Program to facilitate the development of approximately 90 units of affordable independent residences for seniors ("AIRS") housing in order to utilize the AIRS floor area ratio ("FAR") and maximum lot coverage.</p> <p>The other building(s) shall utilize a different program(s) and may include:</p> <ul style="list-style-type: none"> Rental housing affordable to families with incomes between up to 30% and up to 120% of Area Median Income ("AMI"), and/or Homeownership housing affordable to families with incomes between up to 80% of AMI and up to 120% of AMI. <p>These buildings shall not include units reserved exclusively for households with seniors (ages 62 and older).</p>
Non-Residential Program	<p>As required in a LDGMA, all buildings in the proposed Project should be "mixed buildings" as defined by the NYC Zoning Resolution.</p> <ul style="list-style-type: none"> In total, the Project should include approximately 16,500 square feet of commercial/community facility space.
Public Space	Submissions must propose a public open space located adjacent to the southbound bus stop on the intersection of Jersey Street and Victory Boulevard of at least 4,200 square feet, per the Zoning, Site Plan, and Building Design Guidelines (Appendix A).
Parking	The Project should meet the accessory parking requirements pursuant to the NYC Zoning Resolution for all residential and non-residential uses. However, even if the proposed Project uses would require more than 126 accessory

	parking spaces, the Project should assume a maximum of 126 accessory parking spaces.
Disposition	The City will convey the Site subject to an extended affordability reverter, so that title to the Site will revert to the City upon the expiration of the regulatory period unless the parties mutually agree to an additional term of affordability. These terms will be set forth in an LDA, deed, and regulatory agreement.
Acquisition Price	Nominal
Project Funding	Financial Proposals can assume subsidy dollars available through HPD-HDC (NYC "Housing Development Corporation") Term Sheets.
Governmental Approvals: ULURP and UDAAP	The City Council approved this Site for designation as an Urban Development Action Area ("UDAA"), approved an Urban Development Action Area Project ("UDAAP"), and approved disposition of the Site pursuant to Article XVI of the General Municipal Law, as part of the Bay Street Rezoning in 2019. Proposals should adhere to the City Council Resolution (Resolution 0989-2019). The proposed Project is subject to the land use actions and environmental review necessitated by the SHPD and LDGMA.
Bay Street Points of Agreement (POA)	The additional guidelines listed below were included in the Bay Street Points of Agreement ("POA"). The POA are tracked in the NYC Rezoning Commitments Tracker : <ul style="list-style-type: none"> • A minimum of 25% of the affordable housing on the Site will serve Extremely Low and Very Low-Income Households (those earning up to 30% and up to 50% of AMI, respectively).

C. NEIGHBORHOOD CONTEXT

Neighborhood Land Uses

The Site is an irregularly shaped lot adjacent to one- and two-family homes, a local business, and the Mount Sinai United Christian Church. It is surrounded by a mix of uses ranging from one-family homes to small apartment buildings, religious institutions, and businesses. Jersey Street and Victory Boulevard are commercial corridors with neighborhood-serving retail and community facility uses.

Neighborhood Climate Risk

A preliminary CRDG Exposure Screening indicated that the Site has a medium or high exposure to heat and precipitation climate hazards.

The Site is located in the St. George-New Brighton Neighborhood Tabulation Area (“NTA”) which has a Heat Vulnerability Index (“HVI”) score of 3 and will experience an increased number of annual heat waves over time.

This Site is located immediately adjacent to or along a primary access road or primary road frontage at risk of flooding during an extreme stormwater flood with 2080s Sea Level Rise.

This site is not exposed to risk of coastal or tidal flooding as a result of sea level rise.

The Heat map above uses NYC Department of Health and Mental Hygiene (“DOHMH”) Heat Vulnerability by NTA dataset accessed using [Interactive Heat Vulnerability Index](#). The Precipitation map uses Extreme Stormwater Flood with 2080 Sea Level Rise scenario accessed using [NYC Stormwater Flood Map](#). The Sea Level Rise map uses Future Floodplain 2080s map and High Tide 2080s map accessed using [NYC Flood Hazard Mapper](#). Legend and key map data are available on these online mapping tools.

Neighborhood Plans

The following recent planning initiatives featured specific recommendations and objectives for the Site:

- 2011 - [North Shore 2030](#)
- 2016 - [West Brighton Brownfield Opportunity Area \(BOA\)](#)

HPD may amend or withdraw this Request at any time. In order to be considered, Submissions must conform to any amendments that may be issued to this Request. Amendments may include, without limitation, any requirements and terms or conditions contained in this Request. HPD will advise each Respondent of any clarifications or revisions.

If, in HPD's judgment, additional time is required for Respondents to prepare their Submissions, HPD may grant an extension of the deadline for submission, and such extension will then be granted to all Respondents.

Submission Modifications

Modifications received after the submission deadline will not be considered. If HPD determines, upon review of a Submission, that any items are missing and/or incomplete, HPD, by written notification given to the Respondent, may permit the Respondent to provide or clarify such items. Failure to provide complete information in a timely fashion could result in rejection of the Submission.

References and Requests for Further Clarification

A Submission constitutes permission from the Respondent for HPD to make such inquiries concerning the Respondent as HPD deems necessary. HPD may communicate with any of the Respondents but is not obligated to do so. HPD may discuss the Submissions of any Respondent concurrently or sequentially, as HPD may determine. No Respondent has any rights against HPD arising from any such invitation to a discussion, or from any negotiations that may arise pursuant to the discussions.

Respondents must comply with all requests for further clarification and, if requested by HPD, appear for presentations or discussions. If any Respondent fails to do so within the time period given (or within any time extension that HPD may grant), HPD may deem this as a failure and act of non-compliance with the Request, which will permit HPD to select another Respondent or to solicit new Submissions. In furtherance and not in limitation of the foregoing, before a final selection is made, a Respondent may be required to produce more detailed information concerning the professional background of those persons who own and manage such Respondent, a report on the financial background of such Respondent, and information concerning the nature and status of any past or pending threatened charges or actions (including lawsuits, criminal or disciplinary actions, administrative proceedings by any governmental or regulatory agency or bankruptcy action) against such Respondent or any of its partners, directors, officers, employees, shareholders, subsidiaries, or affiliates, as the case may be.

B. REVIEW CRITERIA

The Development Team(s) will be selected through an open, competitive, and transparent juried selection process consisting of two stages: 1) Threshold Review and 2) Competitive Review.

Threshold Review

HPD will review each Submission according to the threshold requirements ("Threshold Requirements"), listed in Section VI: SUBMISSION REQUIREMENTS AND COMPETITIVE PREFERENCES. **The Submission must contain each Tab with all requested Forms and supporting documents.** Submissions that are not complete or do not conform to the requirements of this Request will be eliminated

from further consideration, unless HPD permits the Respondent to correct the omission or provide further information through a request for clarification.

Competitive Review

Submissions that meet all Threshold Requirements will be comprehensively evaluated and rated according to the competitive selection criteria (“Competitive Criteria”) provided in Section VI: SUBMISSION REQUIREMENTS AND COMPETITIVE PREFERENCES. In addition to these Competitive Criteria there are preferences. A Proposal will be scored on how strongly it meets the Competitive Criteria but will also receive extra points for meeting preferences.

Competitive Criteria	Weight
Development Team Experience and Capacity	20%
Financing Proposal	20%
Development Program and Community Development	30%
Design and Performance	30%

HPD may request additional information, interviews, presentations, or site visits. The selected Respondent(s) will be chosen from among the highest rated Submissions. HPD may disapprove the inclusion of any member of a Respondent’s Development Team and/or require the selected Respondent to substitute other individuals or firms.

C. SELECTION

Selection of one or more Developers under this Request means only that HPD will commence negotiations with such Respondent(s) regarding the Submission for the Site.

Negotiation Letter

Upon such selection, HPD will send written notification (“Negotiation Letter” or “Letter”) to the Developer regarding the commencement of negotiations. This Negotiation Letter will set forth certain information regarding the Project and procedures that will form the basis for such negotiation. Form A-2 is a Respondent’s Letter that describes this process. Each Submission must include this letter signed on behalf of the Respondent by a Principal. HPD may terminate negotiations with or without cause after the issuance of such Negotiation Letter.

Disclosure

Each Developer who receives a Negotiation Letter from HPD must thereafter disclose all previous participation with City-assisted projects. Such Developer(s) and each of its Principals, and officers and related entities will be required to submit completed Disclosure Statements. HPD will provide copies of these forms upon request to any Respondent.

No Obligation

This Request does not represent any obligation or agreement whatsoever on the part of HPD. Any obligation or agreement on the part of HPD may only be incurred after HPD and the Developer enter into a written agreement approved as to form by the Corporation Counsel. HPD may use the Submissions pursuant to this Request as a basis for negotiation with Respondents as it deems appropriate. HPD may reject at any time any or all Submissions, amend or withdraw this Request in whole or in part, negotiate with one or more Respondents, and/or negotiate and dispose of the Site(s) on terms other than those set forth herein (including to parties other than those responding to this Request). HPD may also, at any time, waive compliance with, or change any of the terms and conditions of this Request, entertain modifications or additions to selected Submissions, or withdraw or add property from or to this Request.

VI. SUBMISSION REQUIREMENTS AND COMPETITIVE PREFERENCES

Submissions will be evaluated and scored based on a) responsiveness to all Threshold Requirements, b) the competitive quality, soundness, and strength of project characteristics that address all the requirements, and c) whether the Submission exceeds requirements by demonstrating a capacity to deliver on stated preferences that achieve broader public policy and community development objectives.

The Development Team is responsible for activities typically associated with development, including, but not limited to, the design, finance, construction, marketing and leasing (and/or selling), and management of the completed residential units and commercial spaces, if applicable.

B. Community Outreach

The Developer will lead all community outreach activities in partnership with HPD and participate in required public forums, hearings, and briefings with the Community Board, elected officials, City agencies, and other organizations, as determined necessary by HPD, and will provide the necessary documentation and presentations for said meetings and forums.

C. Design and Construction

The Developer is responsible for obtaining all necessary governmental permits for the construction of the Project. The Developer must submit to HPD a full set of Schematic Design documents that include any modifications to the original concept/preliminary drawings and plans included in this Submission, as agreed upon by HPD and the selected Respondent, for HPD review and approval, within six (6) months of selection. Prior to disposition, the Developer must submit a complete set of Design Development documents and specifications to HPD for review and approval. The Developer is responsible for submitting final Construction Documents to HPD, which must conform to previous

review comments and approvals made by HPD. In light of the volume of HPD projects awaiting construction closing, as well as the financial impacts of COVID-19, the Developer should expect that construction will likely start after the date specified in its Development schedule, which must be at least 24-48 months from HPD's issuance of a Negotiation Letter to the Developer.

At a minimum, the Developer is responsible for consulting the most current applicable design and construction regulations and guidelines listed below:

- Zoning, Site Plan, and Building Design Guidelines (Appendix A)
- [HPD Design Guidelines for Multifamily New Construction](#)
- [CRDG](#)
- [Passive House Design](#)
- [LEED](#)
- [NYC DDC Resources](#)
- [Designing New York: Quality Affordable Housing](#)
- [Universal Design](#)
- [Active Design](#)
- [Designing for Health](#)
- [AIANY Aging in Place Guide for Building Owners](#)

Submissions must comply with all current regulations, codes, and ordinances, including, but not limited to:

- [Zoning Resolution](#), including requirements for AIRS, the SHPD, and LDGMA.
- [New York City Construction Codes](#)
- [Multiple Dwelling Law](#)
- [Fair Housing Act](#)
- [Section 504 of the Rehabilitation Act of 1973 and Accessibility Requirements](#) (applies even if Project does not receive federal funds, and includes architectural, as well as marketing standards)
- [Americans with Disabilities Act](#) (as applicable)

D. Environmental Review

The Developer will be responsible for preparing and submitting any required environmental assessment documents in accordance with the guidelines contained in the latest edition of City Environmental Quality Review ("CEQR") Technical Manual, including an Environmental Assessment Statement ("EAS") form, graphics and technical assessments and appendices, as necessary. It is anticipated that HPD will serve as the lead agency for the CEQR review and will oversee the preparation of all CEQR documentation; however, the Developer will be responsible for retaining a reputable environmental consultant, preparing and submitting all CEQR documents, and funding the cost of the studies and analysis required for completion of CEQR. The CEQR assessment will consider the discretionary approvals described below. The Developer will be solely responsible for any mitigation measures identified as a result of the CEQR review.

In addition, the Developer will be responsible for preparing an Environmental Impact Statement ("EIS"), if necessary, and associated environmental studies which could include, but are not limited to Phase I and Phase II Environmental Site Assessment ("ESA"), Phase IA archaeological assessments and noise/acoustical studies. The Developer will be responsible for implementing any remedial measures identified in connection with the redevelopment of the Site as determined by HPD. HPD does not make any representation or warranty whatsoever regarding the condition of the property or the suitability of the property for the uses contemplated by this Request. The Developer will be solely responsible for providing engineering and institutional controls to allow for the reuse of the Site.

The Developer will be responsible for procuring a Phase I ESA for the property to be reviewed by HPD's Environmental Planning Unit. If applicable, the Developer will be responsible for preparing and implementing a Phase II Subsurface Investigation work plan and, in the event contamination is present, a remediation plan. The Phase II work plan, Phase II results, and any required remediation plan would be subject to review and approval by HPD's Environmental Planning Unit as well as either the Department of Environmental Protection ("DEP") or the Mayor's Office of Environmental Remediation ("OER"). No such investigation or remediation plan development may proceed without the oversight of these City agencies.

E. Public Land Use, Zoning and Approvals

HPD will be the applicant for the land use application for the Site, if necessary, with assistance from the Developer in preparing the supporting documentation for the application, if needed. The Project may also require City Council and Mayoral approvals. The Developer may be required to alter the designs or program before and during the approvals process to comply with any request for modifications.

F. Financing and Tax Exemptions

The Developer is responsible for applying to, and meeting the requirements of, any applicable tax benefit program. HPD makes no representations or warranties as to the continued availability of these benefits or as to the Project's eligibility to receive these benefits. The Site will be subject to New York City real property taxes and charges. However, the tax exemptions described below may be available for eligible projects. Specific benefits may vary depending on characteristics of the Project. For details of each program, the Developer is responsible for researching the relevant statute and rules.

- The [Article XI tax exemption](#) provides a complete or partial tax exemption from New York City real property taxes on non-commercial space for up to 40 years for the new construction or rehabilitation of affordable housing carried out by a Housing Development Fund Company (HDFC). An HDFC is a corporation formed under Article XI of the Private Housing Finance Law to develop and operate low-income housing. The formation of each HDFC which is a sponsor of an HPD project is individually approved by HPD and this tax exemption is subject to City Council approval.
- The [420-c tax exemption](#) provides an exemption from New York City real property taxes on non-commercial space for up to sixty (60) years for housing financed or previously financed in part with Federal Low Income Housing Tax Credits. In order to be eligible for this tax exemption, at least 70% of the units must be subject to the income and occupancy requirements of Internal Revenue Code Section 42. Projects must be owned or leased for at least thirty (30) years by a corporation, partnership, or limited liability company, of which at least fifty percent (50%) of the controlling interest is held by a charitable organization with 501(c)(3) or (4) tax exempt status whose purposes include the provision of low-income housing, or a wholly-owned and wholly-controlled subsidiary of such a charitable organization. HPD must approve the regulatory agreement that imposes tax credit restrictions on the Project's dwelling units and may also require a payment in lieu of taxes (PILOT).
- The [Urban Development Action Area Project \("UDAAP"\)](#) tax exemption is subject to approval by the City Council. The City Council may grant an exemption from the New York City real property taxes on the buildings/improvements for up to twenty (20) years. If the Council grants the full 20-year exemption, the improvements on the Site(s) would be fully exempt from the New York City real property taxes on the buildings/improvements for the first ten (10) years with a gradual phase-in of full taxes over the remaining ten (10) years (10% per year). The full amount of the New York City real property taxes on the land must be paid each year. Other governmental approvals are required before the City is able to use the UDAAP.

Transfer Taxes and Disposition Price

The Developer is responsible for paying all transfer taxes associated with the conveyance of the Site(s) to the Developer, including any transfer taxes associated with the conveyance of the condominium units and all transfer and recording taxes associated with financing of the construction and the Project, generally.

The Developer will pay, upon conveyance, a nominal disposition price, anticipated to be \$1.00 per lot at HPD's sole discretion, and will deliver an enforcement note and mortgage for the difference between the purchase price and the appraised value of the Site, which may accrue interest at the AFR and may be payable at maturity.

HPD – HDC Term Sheets

Submissions must comply with all terms of the selected HPD term sheets.

Submissions that assume HDC bond financing (and subsidy financing, if applicable) must comply with all terms of the selected HDC Term Sheet.

Project-Based Rental Assistance

Development Teams that propose the use of project-based rental assistance in accordance with HPD-HDC term sheets will be expected to apply to [HPD's Project-Based Voucher \(PBV\) Request for Proposals](#), the [NYC 15/15 Rental Assistance Program](#), or other project-based rental assistance competitions. HPD will accept applications to its PBV RFP on a rolling basis and awards will be made four times per year at intervals that will be announced at a later date.

Subordinated Debt

Submissions should calculate subordinated debt at the amount equal to the sum of:

1. The difference between the cash portion of the purchase price paid at closing and the appraised value of the Site, based on an independent appraisal acceptable to HPD; plus
2. The aggregate amount of any City, State, or Federal construction subsidies for the construction of the units less the amount required to be repaid from proceeds from the sale of the units, if applicable; plus
3. Any additional value as reflected by the difference between the homeownership sales prices and the as-built market value of the Site and improvements, if applicable.

Resale, Refinancing, and Recapture Restrictions

- The HPD enforcement mortgage is subject to repayment from refinancing and resale profits and may be non-evaporating.

Incentive Programs

The Developer is responsible for pursuing and securing other subsidies related to the Development Program that may be available:

Sustainability

- [NYSERDA programs](#) where available
- [NYSERDA's NY-Sun program](#)
- [Solar tax credits](#)
- Clean energy and Energy Efficiency Tax Credits, including but not limited to 45-L, 179-D, etc.
- Con Ed's Clean Heat program where applicable

G. Disposition and Disposition Price

The Developer will be responsible for executing and complying with all Site Disposition requirements. Disposition of the Site to the Developer will be subject to the following:

- Receipt of all public approvals required for disposition of the Site and development of the proposed Project on such Site, including without limitation, approval by the Mayor.
- Execution and delivery of the documents necessary to complete the disposition process within a time period specified by HPD. These documents include, but are not limited to, an LDA and regulatory agreement, as required.
- The Site will be conveyed in accordance with the terms of the LDA to be entered into between the Developer and HPD and will be conveyed in "as-is" condition, including without limitation, all environmental conditions and hazards. The LDA will contain covenants running with the land that require the Developer to develop the Site in accordance with plans and specifications determined and approved by HPD.
- The City will convey the Site subject to an extended affordability reverter. Upon expiration of the regulatory period, if the parties have not agreed to an additional term of affordability, then the City may re-enter and take possession of the Site and terminate and re-vest in the City the estate conveyed to the Project sponsor, in which event, all right, title and interest of Project sponsor in and to the Site shall revert to the City.
- The simultaneous closing of a bona fide construction loan required to finance the full development of the Site(s).

H. Construction

Bidding and Contracting. The Developer is responsible for managing all phases of the design process to ensure the implementation of integrated design strategies to achieve high performing buildings and sites. I. Marketing and Leasing

The Developer is solely responsible for marketing and leasing of the residential units. In carrying out these functions, the Developer must comply with HPD and HDC's marketing requirements, which are designed to ensure that the availability of the units is disseminated as widely and fairly as possible. The Developer must ensure compliance with tenant/household preferences included in HPD and HDC's marketing requirements. The rents of the units projected in the Submissions are to be determined by the Developer in accordance with HPD, as stated in applicable term sheets or otherwise. The marketing of the units will be monitored by HPD staff to ensure compliance with these requirements. The [HPD-HDC Marketing Handbook](#) will be incorporated by reference into the regulatory agreement that the Developer will execute.

The Developer is responsible for ensuring that all respondents, regardless of preference, must meet the income, employment, and other eligibility criteria set for each property for which it is applying.

A minimum of 25% will be required for each project subject to the program. Developers may adopt a goal higher than the minimum.

O. Job Outreach Plan

The Developer will be required to submit a Job Outreach Plan. Prior to HPD's construction loan closing, the Developer and or borrower requesting city subsidies must use HPD's approved form to submit information on their job outreach plans related to employment opportunities generated on the proposed project. A quarterly report must be submitted identifying the number and types of positions filled, and outreach strategies employed.

P. Fair Housing Requirements

The Developer must comply with all applicable Federal, State, and local laws, orders, and regulations prohibiting housing discrimination.

Q. Warranty Coverage
