

**Project # SANDTWOBRR | Borough: Manhattan | Date Issued: 01/09/2025**

The Brooklyn Bridge – Montgomery Coastal Resilience (BMCR) Project is an initiative to provide long-term flood protection on the south side of Manhattan.

## Daytime Clinton St. Closure from South St. to Cherry St.

**Starting January 9, 2025**

**Ongoing for about two (2) weeks**

**Monday – Friday, 7:00 am to 4:00 pm**

To prepare for the trunk water installation, the entire subsurface must be exposed, and any abandoned systems must be removed. This requires daytime closures of Clinton St. For your safety, please follow on-site signage and flaggers. Cars parked on Clinton St may leave but expect delays.
