REPORT OF EXECUTIVE DIRECTOR

Ms. Alexander reported that there are 332 buildings currently in the Loft Board's jurisdiction. She informed the Members that she will present a more in-depth statistical report at the May board meeting, and will provide the Board members with a copy of the report prior to the meeting.

Ms. Alexander confirmed that the planned move of the staff from the Borough Manager's offices to the 4th floor of 280 Broadway will occur in June. The preparations for the move, which include archiving many of the Loft Board files, have taken up a lot of the staff's time, which has resulted in a reduction of cases.

Mr. Delaney asked if the Loft Board files could be scanned. **Ms. Alexander** responded that scanning the files had been discussed but that the Loft Board had not been able to obtain funding for the project.

Ms. Alexander reported that the staff has accepted amendments to coverage applications to clarify information regarding units already mentioned in a pending application. The staff has also docketed amended applications that are attempting to add additional units not previously mentioned in the application. These cases will be transferred to OATH and will eventually be decided by the Board. The staff will reject any new application for coverage.

Ms. Alexander reported that the Law Department agrees with the Loft Board staff's position on the statute of limitations effect on the above amended applications. Other scenarios regarding coverage applications will await policy determinations by DOB's newly appointed Commissioner.

Regarding TR-0829, **Mr. Delaney** pointed out that the Stipulation of Settlement provides the tenants with Loft Law-type rights, without agreeing to register the building with the Loft Board.
